**Editorial Remarks**

Some arrangements other than those  
made in previous years ought to be  
resorted to in making up the inter-  
fraternity baseball schedule for this  
year. For each team to play ten games  
means more time devoted to baseball  
than most of the men feel that they  
can afford. This arrangement in the  
past has usually resulted in a very un-  
satisfactory conclusion for such a large  
number of games can hardly be play-  
ed off.

The article in Friday's issue of the  
"Nebraskan" regarding the board's  
position with respect to the prospec-  
tive Law Annual expressed the senti-  
ment of the board as it was spoken in  
meeting. The stand taken is undoubt-  
edly fully warranted. Although a col-  
lege in itself yet the Law School is  
part and parcel of the University and  
the regular University publications  
ought as such to be representative of  
the Law Department. By necessary ar-  
rangements the Junior and Senior  
Law classes can be represented in the  
University Junior and Senior publica-  
tions to the mutual advantage of both,  
whereas if the Laws publish their own  
book the other publications lose the  
Law patronage and the Laws gain  
practically nothing. The strongest ar-  
gument which can be brought to bear  
against a Law Annual is the signal

failure on the part of the Laws to sup-  
port the excellent book published by  
their representatives last year. There  
is no reason to suppose that another  
attempt, which could hardly surpass  
in merit the first, would be received  
in any better manner.

**A STUDENT TO HIS ALLOWANCE.**

Ah Check, unkind reminder  
Of the sums I know I owe  
The times I might be having  
If you didn't have to go,  
To satisfy the clamor,  
Of a most unruly band!  
Each creditor, life saver,  
Holds out a greedy hand.  
I wonder as I feel you  
How much money I will get  
When I've met that hungry rabble,  
When I've settled every debt,  
I fear 't will be but little,  
Then let me write home for more.  
It's no wonder, is it, paper,  
That my governor gets sore?

The Zoological club of the University  
will meet at 4 p. m. today in the Zoo-  
logical lecture room. R. A. Lyman  
will discuss "The Movements and Re-  
actions of Amoeba by Jennings." Ira  
Clark will give a talk on "Trypanos-  
amo of Splenic Fever by Rogers." H.  
B. Duncanson will talk on "The Bio-  
logical Relations of Fish Parasites by  
Wolffhugel." Visitors are always wel-  
come to the meeting of the club.

The Sombrero Board has received  
a quantity of sample cuts and plates  
for the Sombrero which will appear  
about May 4th. The cuts are unusu-  
ally clear and the work is considered  
very excellent. A number of proofs  
of fancy headings and pen and ink  
sketches have been also received.

Its not just "luck" that causes our  
success in pleasing young men in the  
matter of clothes. It's due to our  
knowledge of what a young man wants  
and our ability to provide it for him.  
We are sure of this. Paine's Clothing  
Store—"a good place to buy good  
clothes."

About fifteen baseball enthusiasts as-  
sembled on the Academy baseball field  
yesterday morning at chapel time for

the first practice. A second meeting  
was held on the field in the afternoon.  
The committee which is circulating the  
subscription paper is meeting with fair  
success and it is probable that the  
money to purchase the equipment to  
begin active practice will be all sub-  
scribed by the latter part of next week.  
The committee is trying to get enough  
money to purchase suits. No games  
have been scheduled yet and it is quite  
probable that no games with organiza-  
tions outside of the city of Lincoln  
will be played.
