## '05 GIRLS' SOCIETY

"Black Masque" Name of New Organization.

Thirteen Senior Co-eds Are Wearing the Black Ribbon.

A very mysterious order under the name of the "Black Masque" has recently made its appearance in University circles. The organization is composed of a limited number of Senior girls and is to be made a permanent institution, thirteen Juniors to be chosen each year. The purpose of the new organization is to provide a means by which class and University spirit can be called forth and used to accomplish desired ends, more easily and systematically than heretofore. An initiation and banquet will take place the latter part of May at which time the names of the Juniors elected for the coming year will be made known.

Personnel '05:—

- Susan Barnhardt.
- Grace Coppock.
- Margaret Grimmison.
- Mary Harris.
- Edna Holland.
- Katherine Lumry.
- Allene McEachron.
- Mabel Muir.
- Minnie Petrashek.
- Edna Spears.
- May Thomas.
- Alice Towne.
- Ruth Wilson.
- Ruth Woodsmall.

### Well Attended.

Memorial Hall was comfortably filled last Sunday afternoon when Dr. Stein spoke on the theme "Where to Put the Emphasis on Life." The central thought of the address was that we are primarily spiritual beings and that the materialistic views of the past few years are gradually yielding to the deeper spiritual truths. The immaterial is the abiding quality while the material is temporary and passes away. The immaterial and the spiritual are the most important considerations of life.

Dr. Stein maintained his high reputation as a scholarly and entertaining speaker and was given the closest attention during his entire address.

The music by Miss McFall's Girls' Choral Choir was of a most pleasing and inspiring nature, and was thoroughly enjoyed by all. These young ladies have been training for some time under the able leadership of Miss Nellie McFall, who has been successful in balancing all the parts and producing a sweet harmony of young voices. The many who had expressed the desire of hearing Miss McFall sing, appreciated very highly the beautiful solo to which she treated them, and were more pleased than ever before with her sweet voice.

The girls were accompanied by Miss Florence Wescott to whose ability much of the success of their work is due.

Next Sunday in Art Hall the men will be treated to a musical program, including stringed instruments, male quartet, etc.

Chavis Bros., Florists, 127 So. 13th.

## Junior-Senior Reception.

TICKETS \$1.00.

EVERYBODY INVITED. DANCING.

APRIL 8, 1905.

### Student Debaters Chosen.

W. H. Whelon, '06, Waco.  
R. C. Hunter, '08, Lincoln.  
B. E. Yoder, '08, Topeka, Indiana.  
Together with H. A. Brubaker, Law '07, and J. M. Paul '05, are the speakers chosen at the "Students'" Debating Club last Saturday night, to convince Doane that the second sentence of the second section of the 14th amendment should be repealed.

Maguire, Law '99, G. A. Lee and F. M. Hunter were the judges. At the close of the meeting Mr. Maguire was called on and gave the boys a heart to heart talk. He complimented the Club on its apparent activity, mentioned a few of his many pleasant recollections which transpired as a result of the debating spirit within the walls of old Union Hall and closed by emphasizing the value of knowing how to argue systematically, logically and correctly. Mr. Terry of Crete was also present and extended to the Club greetings from the Alpha Omegas of Doane.

According to present arrangements the debate between Doane and the Students' Club will be held in Lincoln April 15.

### Betas Win.

|                     | Won. | Lost. | P. C. |
|---------------------|------|-------|-------|
| Sigma Alpha Epsilon | 1    | 0     | 1000  |
| Sigma Chi           | 1    | 0     | 1000  |
| Beta Theta Pi       | 1    | 0     | 1000  |
| Delta Upsilon       | 0    | 1     | 0000  |
| Kappa Sigma         | 0    | 1     | 0000  |
| Alpha Tau Omega     | 0    | 1     | 0000  |

The third game of the inter-fraternity schedule was played Friday morning between the Beta Theta Pi and Alpha Tau Omega fraternities. The score after eight innings of the most scientific ball ever played on the campus, was 8-9 in favor of the Betas.

The score was a tie in the seventh inning so it was necessary to play another. The Betas after much imploring to their ethereal dieties were rewarded by the appearance of the white dove in the form of one of their number crossing the plate. Thus the game ended and the Alpha Taus departed with the solemn oath never again to appear on the campus without their prayer books.

### Second Number.

The second number of the University Journal is being sent out to the various public schools over the state. In this issue are articles by Professors Davisson, Dales, Hodgman and Fossler, Mr. Howard Kirkpatrick, Supt. Fulk, of Randolph, Supt. Thomas, of Kearney, and some comments by Professor Caldwell.

Erle B. Woodward, M. D., diseases of eye, ear and throat. 207-8 Richards block. Phone 666.

### Missouri, Too.

The Missouri "Independent" reports the Missouri-Nebraska girls' basketball game in part as follows:

"An audience of over 400 people was present at the Nebraska-Missouri basketball game last Friday night. A storm of applause greeted the two teams as they marched into the gymnasium; Nebraska confident from being accustomed to victory; Missouri a trifle nervous from being unaccustomed to playing before large audiences.

"In only one position on the field was a Missouri girl taller than a Nebraska girl and that was in the case of Isabel Johnson and her guard. In the other positions Nebraska had the advantage in height. But Missouri played well and the contest was exciting from start to finish. The Nebraska girls have excellent team work and know how to handle the ball. Miss Jansa did fine work as forward. Every time she got her hands on the ball she seemed to have a favorable position to throw and seldom missed the basket. At the end of the first half Nebraska realized that Missouri was more than she had bargained for and came back for the second half determined to win. Both teams played in the spirit of friendly rivalry and the score was 19-14 for Nebraska. The sympathy of the audience was with the good playing rather than with either team.

"Missouri never entertained a fairer team or fairer officials. Not once during the game was a decision questioned. The opinion of the Missouri girls about Nebraska girls cannot be improved. They are girls who are representative of their University and know how to do other things besides play basketball. At Nebraska they have about 800 girls to choose a team from, and Missouri is wondering if all the Nebraska girls are as healthy, hearty, and robust as the representatives they sent down here."

The Literary Department of the 1905 Senior Annual has been somewhat curtailed, in accordance with the generally expressed opinion that this department has been too long and tedious in former books. The few stories, however, are the product of the very best short story writers in the University, and a special effort has been made to make them more closely connected with real University life than has hitherto been the case. The most promising story is a romance of France of the fifteenth century. One of the popular instructors of the Rhetoric department has been transposed to that thrilling and romantic time and country, and proves himself wonderfully imbued with the proper spirit.

Librarian J. I. Wyer left for Louisville, Ky., Saturday, April 1st to begin his duties as city librarian at that place yesterday, April 3. His present plans contemplate a return to his University duties August 1st.

## OMAHA TEAM HERE

'Varsity Meets Western League Champions at 3 P. M.

First Game of Three—Teams Are About Evenly Matched.

This afternoon at 3 o'clock the 'Varsity meets the Omaha Western League team in the first of a series of three games of baseball. With one or two exceptions the aggregation Pa Rourke brings with him from the metropolis is the same fast company which won the Western League Championship pennant last year. The Omaha men lack practice, having lined up only in their games with the Chicago Americans. In the first of these games the Western League was defeated 14 to 2 and in the second Chicago was again the victor 9 to 3. From comparative scores the game this afternoon should be a contest between two pretty evenly matched teams. Last year the 'Varsity succeeded in winning one of the two games played with Rourke's bunch and we ought to do as well, or better, in this series of three, the first of which is this afternoon at 3 o'clock on Nebraska field.

The lineup:

| Omaha.           | Nebraska. |
|------------------|-----------|
| Carter..... rf   | Schmidt   |
| Thiel..... lf    | Fenlon    |
| Welch..... cf    | Cook      |
| Howard..... lb   | Barta     |
| Beaver..... 3b   | Gaddis    |
| Slipke..... ss   | Reddick   |
| Gonding..... c   | Bender    |
| Dolan..... 2b    | Rine      |
| Quick.....       |           |
| Pfeister.....    |           |
| Freese.....      |           |
| Leibhardt..... p | Morse     |
| Bemis.....       | Dort      |
| Sanders.....     |           |
| Companion.....   |           |
| McCloskey.....   |           |

### Ballington Booth Speaks.

General Ballington Booth, commander of the Volunteers of America, addressed a very large audience at convocation yesterday. The renowned religious leader was introduced by William J. Bryan who in a few preliminary remarks said that General Booth is giving his life and services to a great cause.

General Booth spoke of the beneficial work of the great organization which he commanded, how it had recovered tens of thousands from degradation and how it had restored them to virtue, happiness and usefulness. He said that much of the unjust criticism of the organization and its work had come from those who had viewed it from a biased and prejudiced standpoint.

General Booth said that philanthropy did not end with the giving of physical bread to the hungry; spiritual bread must be given to the spiritual needy. Philanthropy is a good thing but Christianity is better. You can have philanthropy without Christianity, but you cannot have Christianity without philanthropy.

Each one of us has a special duty in this world. Our mission may not be in the Volunteers of America, on the pulpit or on the burning sands of the interior of India, but nevertheless we have some spiritual duty and if we discharge it with love we will be useful.
