GAME UNDECIDED

Fifteen Innings Not Sufficient to Decide Winners.

Morse Pitched the Whole Game Without Relief.

The rule of the Regents giving to the Military the use of the Nebraska Field after 5 p. m. put a stop to one of the closest contests ever played on the University diamond. At the end of the ninth inning the score stood Omaha 3, Varsity 3.

The tenth was no more decisive than the ninth, each team adding 2 to its total. The eleventh, twelfth, thirteenth and fourteenth were not enough the leaguers scoring and blanking the Varsity and the Varsity in turn repeating the trick. During the fifteenth inning with the score 8-7 in favor of Omaha the fatal 5 o'clock rolled round and the game had to be stopped.

For fifteen innings "Silent" Morse again demonstrated his ability to more than hold his own. Without a rest save between innings, he pitched as fine a game of ball as has been seen here, fielded his own position admirably and did his share with the bat. Three of the leaguers were tried in the box and the manner in which the Varsity landed on the last one meant the substitution of another had the game continued. With the exception of one inning the whole team played steady consistent ball and more than satisfied the local fans.

Besides the closeness of the game Cook's batting and fielding and a long home run drive over left field fence by Shipke were the features.

Twice, during the thirteenth and fourteenth innings, the leaguers had the bases filled and only one man out, but each time the Varsity rallied and kept them from scoring.

The game was called in the middle of the fifteenth inning, with Omaha at the bat, to make room for the Military.

The same teams play again this afternoon. The attendance, owing to the chilly weather, was very light.

The score:
Omaha, 8.
Varsity, 7.

SENIOR BOOK TUESDAY.

Is to Be Placed on Sale April 11th.

The Senior Annual will be out of press the latter part of this week and will be placed on sale next Tuesday, April 11th. All Seniors will be expected to redeem their pledges by depositing cash with the manager and receiving in return certificates exchangeable for books. The manager of the publication, Mr. Brown, is to be found in the editorial rooms of the Daily Nebraskan every day including Saturday from 11 to 11:30 a. m.

The managers have decided to take the books off sale before the end of the present school year. This is a new departure in class book management, as heretofore the books have been left on sale to be sold at whatever price could be had for them. This year, however, as soon as accounts have been settled and the immediate demand for the '05 books has been satisfied the supply will be withdrawn and there will be no usual class-book bargain sale. This means that Seniors as well as under-classmen will have to make immediate purchases at the regular price, seventy-five cents, instead of waiting a year and making their own price.

The books will be placed on sale April 11th at 11 a. m.

Governor Mickey signed House Roll 250, the salaries bill, Monday. The Governor's signature constitutes the last stage in the action necessary to have the bill become a fact and therefore insures three hundred and fifty thousand dollars for University salaries. This amount is about fifty thousand dollars more than has ever been appropriated for this purpose before. The last appropriation was about three hundred thousand. The lack of funds with which to pay reasonable salaries has caused the University to lose several of its most able professors and the increase in the amount of the appropriation, while too late to prevent past losses, will tend at least to ward off any future ruptures in the faculty on the score of small salaries.

The meeting of the Western Philosophical Society, to be held April 21 and 22, is looked forward to with much interest by the department of philosophy as well as by the friends of the association, who anticipate the visit of President A. Ross Hill of the University of Missouri and of Secretary A. O. Lovejoy of Washington University at St. Louis, with pleasure. E. I. Hinman of Nebraska University is vice president of the Association.

BIG EVENT FRIDAY.

The Gymnastic Event to Be Very Elaborate.

Great preparations are being made by those in charge of the gymnasium exhibition on Friday evening. Dr. Clapp has appointed a committee which will have charge of the exhibition. This committee is composed of C. T. Borg, W. C. Ramsey, R. H. White and Dr. Clapp. The preparations are for 125 men in the exercises besides the men in advanced classes who will do special work on the different pieces of apparatus.

The patrons of the exhibition are some of those most prominent in University affairs. Every indication points to a very successful evening.

The patrons and patronesses are as follows:

Chancellor and Mrs. Andrews.
Regent and Mrs. Teeters.
Mr. and Mrs. W. J. Bryan.
Prof. and Mrs. Davis.
Mr. and Mrs. F. H. Hall.
Prof. and Mrs. Fling.
Mr. and Mrs. W. E. Hardy.

The tickets have been placed on sale at the Co-op. and Harry Porter's, the admission being 25c and 35c.

Saturday morning witnessed some very interesting trials in the courts of the Law School. The case of the State of Nebraska vs. Harry Keyser, a case of perjury, was heard, in the District Court. The prosecution, for which F. W. Gibbs acted as counsel, omitted to prove what the issue was in the former case in which the perjury was charged and therefore the Judge directed a verdict of acquittal.

A demurrer of the defendant, the Lincoln Tank Line Co., to the petition of Arthur J. Nelson, was also heard in the District Court. Ringer and Day, the counsels for the plaintiff, argued against the demurrer and Lee and Smith, counsel for the defendant, argued for the demurrer. No decision was handed down.

A new consignment of cuts and half tones were received by the Sombbrero Board from the engravers, Barnes Crosby Co., of Chicago, yesterday. The cuts include fraternity pictures and pictures of the military companies. They are exceptionally good, showing clearly and distinctly each individual. About \$300 worth of plates have already been received and \$100 worth are in preparation. The special feature of the 1905 Sombbrero will be its wealth of small plates, embracing kodak views and snap shots of football games, track events, etc., which have never before appeared in previous Junior Annuals.
