Editorial Remarks

It is just at this time of the year that seniors in high school are arriving at a decision as to which college or university is to be honored next year by their presence. In each of the hundred and fifty high schools of Nebraska there is at least one boy or girl who is going to college next year. Why should not each and every one of them come to their own state university? Other colleges are carrying on active campaigns for new students, and Nebraska cannot sit idly by and let students go out of the state. We ourselves must enter into a student campaign.

The Easter vacation begins in two weeks. Then is the time to button-hole your high school friends and expatiate on the virtues of our own state institution. If you live in Nebraska, don't let a friend go out of the state, if you live in another state, don't attempt to rob the university of that state of students, for reciprocity is a popular principle now, but if a friend intends to go outside that state, make him come here.

Charles B. Newcomer, '8, writes to Prof. Fossler from the American School at Athens as follows:

"I enjoy being in these classic haunts more than you may imagine. After traveling about here some more I shall spend the summer in Italy and Rome and return for a second year. There is plenty to do here. Prof. and Mrs. Monatt, of Brown, are here. We all dined together with the director of our school last Sunday. He told me that Prof. Howard is back at Lincoln, as well as Prof. Ross. You must be growing. I'm glad to know it.

"With best wishes, I am,
"CHAS. B. NEWCOMER.
"March 18th, 1905."
Prof. Monatt, mentioned in this letter, was one time Chancellor of the University of Nebraska.

Track News.

Arrangements have been completed whereby the Colorado track team will be brought to Lincoln for a track meet this year. The 'Varsity track team met Colorado last year at Boulder and were defeated by 2 to 1. But the meet this year promises to be much closer with the advantages slightly in favor of the 'Varsity.

The date set has been May 20th and if nothing intervenes to blight the bright hopes of a successful team the people from the mountain tops will taste the bitter cup of defeat. A great many men are out each day for practice and the new men are improving very fast. The long runs are being well taken care of by an exceptionally large squad of men. The sprints and other events are also being looked after by both veterans and new men. Captain Hagensick conducts the work each day and in so doing has greatly aided Dr. Clapp who has been very busy with other athletic work.

"Pass Question.

Resolved, That railroads should be prohibited, by law, from granting passes to others but their employees, in the question that will be debated tonight at the Students' Debating Club.

Campbell and Bednar speak on the offensive. Zavodsky and Berky on the defensive.

The use and abuse of the free pass has now become almost universal among public men, and the question of its abolishment is one of local as well as national concern. Congress recently refused to even consider a resolution introduced by Congressman Baker from New York demanding that the legality of its issue be settled by the Interstate Commerce Commission. It was made an issue in the candidacy of Geo. W. Berge for governor at the last election, and the state legislature defeated an "Anti-Pass Bill" by a narrow margin of three votes.

Its uses and abuses will be disclosed in the debate tonight.

Progress On Sombrero.

All of the material for the Sombrero is now in with the exception of contributions to the joke department. This department is left open in order to record all current events of note up to the time of publication. The cartoons and pen and ink work, one of the unique features of the book, is completed. The staff of Sombrero artists not only embrace the highest talent in the University, but several of the well known artists throughout the state.

The artists and their most important contributions include the following:

Mary Bedwell, Holdrege—Cartoon on the Sophomore scrap over the appointment of Sombrero editors.

A. A. Severa, artist on the Lincoln Star—Pen and ink sketches in joke department.

Eleanor Barbour—Illustrated jokes. Mabelle Sears—Sketches in society department.

Phil Harrison—Society designs. Phil Harrisona8klwingo, as ETAN Ray Finly—Frontespiece to fraternity department.

Miles Greenleaf, dramatic critic of World Herald—Five drawings for the joke department and cartoon on Pan Hellenic Barbecue.

Ned Hadley and F. F. Fairman—Sketches in joke department.

J. C. Stevens is making a survey or the boundary between Nebraska and Missouri. He represents the surveyor for the state of Nebraska and will be at work there for two or three weeks.

Elliott's Sutorium, cleaning, dyeing and repairing. Prices reasonable. 1136 O street. Both phones.

The Good Health Cafe is not selling meals for nothing, nor is it offering cut rate meal tickets. It is, however, making special rates to students who will board there regularly and join their eating club. If the proper number of boarders can be procured a real low rate for weekly board will be made. Every student should get busy and get in on this bargain. For particulars consult the manager of the Nebraskan, or call at the Good Health Cafe, Thirteenth and N streets.

Easter Cards and Novelties

With the publication of so many artistic cards and booklets there are few who do not take advantage of this opportunity to exchange friendly greeting.

We never had so fine a collection of novelties at this season and we believe there is not such another beautiful display in the city.

Now is the best time to make selections. Some of the choicest things will be gone later.

There are cards, folders, crosses, book marks, sachets, post cards, imported paper novelties, framed pictures, etc., at prices ranging from 1c to 75c.
