Publishers, Springfield, Mass.

**Campus Gleanings**

Zora Fitzgerald is visiting with her sister, Pearl Fitzgerald, at the dormitory.

Dr. Clapp will meet the track men this afternoon on the campus. All candidates are urged to report for work from four to five.

Otto H. Egge, '99, at present superintendent of the sugar factory at Loveland, Colo., was a visitor at the Chemistry Department recently.

Henry B. Ward, dean of the College of Medicine, was elected a member of the judicial council of the Association of American Medical Colleges in the annual session of that association held in Chicago recently.

The annual high school fete day, given each spring under the auspices of the University, will probably be held this year on Friday, May 19th. In connection with the fete day features it is planned to hold the annual state interscholastic field meet and the School Master's Club meeting on the same day and evening.

The regular meeting of the Medical Society will not be held this week. The meeting was postponed because it conflicts with Iowa-Nebraska debate which will be held Friday evening in Memorial Hall. The members of the society desire to add their mite to their effort to defeat Iowa by encouraging our representatives by their presence at the debate.

The name of Professor Fling appears on the board of directors announced by Chancellor Henry M. McCracken, of the University of New York, to vote during the coming summer upon additional names of famous Americans for places in the hall of Fame. The board of electors is divided up into groups and the name of Professor Fling appears on the list of professors of History and Science.

Two more packets of specimens were received for the University Herbarium by Professor Clements, of the Department of Botany, Monday from the botanical gardens of Tiflis in Transcaucasia. This completes the exchange which was arranged by Professor Bessey when he visited Tiflis two years ago. These plants constitute a very important addition to the Herbarium, since few of them are to be found in American collections.

**Academy Notes.**

Inspector Hodgman left yesterday for St. Paul and Genoa to inspect the schools at those places.

The Academy baseball team played the Cotner University nine last Friday at University Place and were defeated by the score of 23 to 4. The preps were apparently not in the same class with Cotnerites and suffered a severe drubbing at their hands. The Academy boys were also defeated by the nine from the Lincoln Business College by a large score a short time ago. They are, however, not ready to give up and will try their metal again Friday afternoon when they cross bats with the team from the University Law College.

LOST—Lady's gold watch, with leather fob. Return to Nebraskan office and receive reward.

Fresh home-made candies at Maxwell's, 1426 O St. and 13th and N Sts.
