Ticket Named.

The Associated Barbs met at 7:30 p. m. Saturday in the Chemistry Lecture Room and nominated candidates for the Athletic Board after transacting some other business. The first business that came up before the meeting was the report of the committee on membership in the organization. After considerable discussion and attempts to amend the report it was voted to exclude from membership only those who belonged to fraternities that had at any time belonged to or applied for admission to the Pan Hellenic congress.

Those present seemed to assume that any ticket that they might put up was sure of election and proceeding upon this assumption they entered into the discussion of the merits of the proposition of nominating a "fusion" ticket. The fact that the "frat" men as a whole are more liberal in their support of athletics than are the barbs was mentioned and it was voted that it was only justice to the fraternity men and to the University as a whole to allow the "frats" to have two representatives on the board, the barbs, however, reserving the right to pick the fraternity men, as well as picking their own representatives.

Five "barbs" were nominated and the balloting on them resulted as follows: R. J. Anderson, 97 votes; Art Fenlon, 95 votes; S. E. Black, 64 votes; A. H. Wellensick, 54 votes; and E. H. Willisford, 45 votes.

It was the sense of the meeting that the fraternity men nominated by the barbs should be chosen on their reputation rather than because they were seeking the nomination and the men nominated were placed in nomination with this in view and without definite knowledge as to whether or not they desired to be a candidate. Four men were placed before the meeting and the vote on the names resulted as follows: Fred Lundin, 74 votes; L. P. Hewitt, 67 votes; Fred Hunter, 48 votes; and W. C. Ramsey, 45 votes.

The following men, then, compose the barb ticket: Anderson, Fenlon, Black, Lundin and Hewitt.

All juniors who have ordered caps must get them at once as they will be held but a few days longer.

Protected by Block Signals

The first railway in America to adopt the absolute Block System in the operation of all trains was the

Chicago, Milwaukee & St. Paul Railway

It to-day has more miles of road operated under block signal rule than any other railway company. The St. Paul Road was the first railway to light its trains by electricity, and it now has more than 400 electric-lighted passenger cars in daily service. Three trains from Union Station, Omaha, to Union Station, Chicago, every day.

The Good Health Cafe is not selling meals for nothing, nor is it offering cut rate meal tickets. It is, however, making special rates to students who will board there regularly and join their eating club. If the proper number of boarders can be procured a real low rate for weekly board will be made. Every student should get busy and get in on this bargain. For particulars consult the manager of the Nebraskan, or call at the Good Health Cafe, Thirteenth and N streets.
