The Ornithology class of the university was out on a field expedition Saturday. About twenty-five students in the class accompanied by Professor Bruner, made the trip. The day was spent in the vicinity of Roca studying "bugs" and "birds" and the company returned to Lincoln in time for supper. Several very good specimens were secured and an excellent time was enjoyed by all.

Dr. Earnest A. Bessey, '96, plant pathologist in the United States department of agriculture, has been assigned to the work of investigating certain diseases of the southern pine, and is now in Eastern Arkansas, where there are extensive lumbering establishments. He expects to remain in the South for some time, and on his return to the North hopes to visit Lincoln for a few days.

The address to university men last Sunday by Dr. D. L. Thomas, of Grace M. E. church, was, as had been promised, one of more than ordinary strength. Dr. Thomas is one of the city's practical pulpits men, and the thoughts developing his subject, "Be, Get, Do, Something," were very interesting, and made for a more virile christian character among those who heard him.

Next Sunday afternoon, May 7, Rev. L. M. Denton, of the East Lincoln Baptist church, will give an address to men on the subject "The New Heroism." Mr. Will J. Elliott, of the University Glee club, will sing. The meeting lasts one hour, beginning promptly at 3 and closing at 4 o'clock and will be held in Art hall.
