

The Daily Nebraskan

Vol. IV, No. 138

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, MAY 11, 1905.

Price 5 Cents

IN RE 'SOMBRERO'

JUNIOR BOOK PROMISES TO BE WORTH THE MONEY.

Engravings, Sketches, Binding, Greatly Excel Any Previous Effort Along This Line.

The Sombrero for 1905 is nearly completed and will be placed on sale Thursday, May 18, at chapel time. There will be tables in the halls of every building where the book can be secured any time Thursday and Friday. The management did not deem it best to have more than seven hundred copies printed, so it will be a case of first come, first served. The price of the book is placed at a very moderate figure, \$1.50.

The first Sombrero was published in 1890 by E. C. Hardy and C. C. Marly. This book was a little larger than the Senior Annual, containing one hundred and ninety-one pages and being six and one-half by eight and one-half inches in size. But few original sketches were in this book, and the cost of half tones did not exceed ninety dollars.

There will be no comparison between this book and the one issued by the class of 1906 on May 18. The latter annual will contain three hundred and thirty pages, be seven and one-half by ten inches in size, and have over five hundred dollars worth of engravings. The cover selected for the 1906 book is of beautiful brown oozed calf leather with the name of the book on the outside and the class publishing it.

The sketches are the work of men with more than ordinary talent. Among them are Miles Greenleaf, of the Omaha Bee, P. J. Zimmer, of the Chicago Art School, Ned Hadley, and Phil Harrison. Most every student is acquainted with the work of Greenleaf and Harrison and work the high value that is placed upon it.

The binding of this book will exceed the cost of binding of any of the other books by one hundred and fifty dollars. The actual cost of the Sombrero will more than double the cost of the Senior book of this year, for the cost estimated very closely will be two hundred and twenty-seven cents.

The book put out by the class of 1906 will be worth more than a passing notice, for it will contain features and bits of history that will make it a thing to keep and treasure. The Junior publications of every University have become very prominent features of the schools, and the Sombrero this year will surely be a book of which we can justly be proud. It represents the work of sixteen people, and these people have labored for a year to put out a good book and have succeeded. The students will testify to this fact when the book is put on sale by their liberal patronage.

Loses Two More.

The Varsity again began a losing streak Tuesday when we lost to the University of Illinois by a score of three to nothing. Morse was touched up by the Illini men for eight hits while the Varsity was able to secure only one safely off Opfergelt.

At Decatur, yesterday, the losing

FIVE FRAT MEN ARE ELECTED

ONLY ONE CANDIDATE, AND THAT A GREEK, ELECTED ON THE BARB TICKET—AN EXCITING CONTEST.

The results of yesterday's election of the student members of the Athletic Board are as follows:

- F. M. Hunter 646.
- M. A. Benedict 620.
- C. L. Morse 551.
- E. V. Graves 519.
- L. P. Hewitt 500.
- C. E. Cotton 491.
- A. H. Lundin 466.
- J. A. Fenlon 463.
- R. J. Anderson 401.
- S. E. Black 352.

After the strongest fight which the annual election of the student members of the Athletic Board has yet brought forth the frat ticket scored a victory over the ticket put up by the associated barbs. Four out of five of the fraternity candidates were elected, the one representative of the barb ticket winning out over the other frat candidate by a margin of nine votes.

For the past week both sides have been hard at work and no stone was left unturned by either side. The barbs were the first to get their ticket in the field which, differing from last year, included two fraternity men. Not satisfied with this representation the fraternity men proceeded to put up a straight frat ticket and organized as carefully as the barbs had done. Both parties had a considerable amount of money pledged as campaign expenses beforehand and the affair was conducted with all the carefulness and with all the finely adjusted machinery of a municipal election. Literature stating their position and the grounds upon which they sought to secure votes for their candidates was circulated by the barbs, and the frat men retaliated by scattering broadcast among the voting populace of the University sample ballots, with the names of their candidates crossed for the guidance of the ignorant. These sample ballots were immediately copied by the barbs and every entrance to the campus was guarded yesterday by a barb and a frat enthusiast who dealt out the guiding samples, and incidentally, helpful remarks, to every one who entered.

streak was still in evidence, the score being four to three against Nebraska. Again inability to connect with the ball safely tells the tale. We secured three hits as against six hits by Decatur off Dort's delivery. Three strikeouts are to Dort's credit, while

As anybody who ever attended the University is, by the constitution of the Board, eligible to vote, a thorough roundup of the various University men in the city was made and the election transportation system was utilized to its fullest extent, the only feature marking the election of yesterday from a municipal affair being the absence of the yellow placards usually seen on the conveyances. Undoubtedly this was a matter of oversight and will be remedied next year.

The vote cast at the election one year ago was eight hundred and thirty two, while the total vote cast yesterday was one thousand and six, the difference between the two marking not so much the increased interest as the increased thoroughness of organization. The election went off more quietly this year than last, but the increased number of ballots cast is indicative of the thoroughness with which every available vote was gathered in.

Of the men elected all, with the exception of one, are men prominent in University athletics and have at one time or another been athletic idols of the University public.

Hunter, Benedict and Graves have all made themselves athletically prominent in football and Morse has made his hit on the diamond. Hewitt, the only one represented on the barb ticket to be elected, has not been prominent in athletics as an athlete but "Red" has always been there with the goods when it came to pushing a good thing along, and this fact makes his choice a popular one.

The polls were open four hours, the ballots, at twenty-five cents per, netting the Athletic Board some two hundred and fifty dollars.

The judges in charge of the counting of ballots were Messrs. Dales, Westerman, Lees, Clark, Hoar, Beers, Standeven and Chatburn.

There were one thousand and six votes cast, out of which number seven were void, leaving a total of nine hundred and ninety-nine.

his opponent fanned six of the Cornhuskers. Nebraska made two errors and Decatur six.

Prof. Frye, who has not met his classes this week, is suffering from another attack of rheumatism.

GLEE CLUB MEETS

REPORTS OF MANAGERS AND DIRECTOR COMMITTEE HEARD.

Extensive Western Trip Discussed—Mr. B. B. Gillespie Chosen Director for the Coming Year.

The Glee Club met for a business session Tuesday evening in U 106 to wind up the business of the present club.

Manager Dirks spoke of plans for an extended tour for next year. Plans are now being made for a trip of three weeks' duration to be taken at the time of the Spring recess. If everything goes as present indications seem to point the club will tour Colorado, Utah, Oregon and the coast cities of California, with its own private car and equipment. The amount left in the treasury was voted to Manager Dirks to be used by him in defraying the expenses of a preparatory trip which he will take immediately upon the closing of school this Summer.

This proposed trip is much more elaborate than anything Nebraska Glee Clubs have ever taken. The Cancellor is very actively interested in the idea and the executive office will do all in its power to bring present plans to a successful issue.

Two names were brought up for director for the coming year, Mr. George Mosshart, who acted as accompanist for the club on its recent trip, and Mr. B. B. Gillespie. After considerable discussion Mr. Gillespie was chosen and the committee on new director given power to engage him if satisfactory terms could be arranged. The committee reported yesterday morning that Mr. Gillespie had consented to assume the leadership of the club, and that terms satisfactory to the club and himself had been agreed upon. "Bud's" well known musical ability will doubtless prove the choice of the club a wise one. He intends to devote all his musical time next year to the directorship of the club.

Retiring Manager Williams' report for the season was read. The report showed a balance of some \$70.00 left in the treasury. His report included the home concert, the Auburn and Spring recess trips.

At the request of the chairman of the Ivy Day committee the club agreed to sing on that day.

Mr. Mosshart was tendered a vote of thanks for his excellent work in accompanying the club on its last trip.

The Ivy Day appearance will be the last which the Glee Club will make and any work done from now on will be toward making the proposed coast trip a surety.

Band Informal Friday.

The last band informal of the year will be given Friday evening in the Armory. Owing to numerous other social functions these once so popular informals have been discontinued and the one Friday evening will probably be the last for this year. A program of sixteen regular and four extra numbers will be danced, and the music will start promptly at 8:30 in order that the last numbers will not have to be hurried. Tickets are 50c.

For Furs see Steele, 143 S 12th St.

BAND INFORMAL

FRIDAY EVENING, MAY 12
