After filling out a lot of "vouchers" for University students, who are to take the United States Civil Service examination, Professor Bessey remarks upon the fact that in every case he is asked as to whether the applicant uses tobacco. He concludes that if a young fellow, who wishes to enter the Civil Service wants to smoke or chew tobacco it will be better for him to defer doing so until after he gets into service. The inquiry is always coupled with one in regard to intoxicating liquors. Evidently Uncle Sam prefers to have his employees free from the habit of drinking and smoking. "Put that in your pipe and smoke it."

Ready for Business.

The cafe and lunch counter recently opened by the New Windsor Hotel is one of the finest in the city. The entire hotel has been refitted and remodelled and the cafe has not been forgotten. Entire new furnishings have been installed and no pains have been spared to have everything the very best. The decorations are in red and black and are very pretty. The service is prompt and the quality and price of food served leaves nothing to be desired. The location of the New Windsor Cafe makes it especially attractive to University students and many may be found there nearly any time of day. The new pool rooms which were fitted with new Brunswick-Collendar tables and opera chairs is also attracting not a little attention.

TOURIST CARS POPULAR.

The idea that an inferior class of people patronize the tourist sleepers is an error. On many trips only the best class of travelers are found. They are merely men and women of good sense who would rather travel to California in this manner and save a snug sum of money to be used elsewhere. It is beginning to be understood that it is by no means necessary for the traveler to spend a large sum of money in order to enjoy a trip to the Pacific Coast.

If you cross the continent in one of the tourist sleepers of the Union Pacific you will enjoy your trip and save considerable money. Inquire of E. B. Slossop, Gen'l Agent.
