D COMPANY WINS

A SECOND, C THIRD AND B IS FOURTH IN COMPETITIVE DRILL.

Marks Were Very Close—Inspectors Pleased With the Work of the Battalion.

As a result of the annual competitive drill yesterday, Company D was awarded first place and will consequently hold the Omaha cup for the coming year. Company A won second place, Company C third and Company B fourth place. The competition was the closest ever held, the difference between the first and second places being only a fraction of a point and between the first and last place ten points. The following are the markings of each company, the percentage being computed on the basis of a possible 300:

D company, 282.5.

A company, 281.65.

C company, 277.85.

B company, 272.38.

This victory makes the sixth time that D company has come off the field with first honors and gives her a start of two victories ahead of her nearest competitor, B company. The company this year is commanded by Captain Hyde, with James McGeachin as first lieutenant and L. P. Stone second lieutenant.

As a result of the individual drill Sergeant Leslie M. Higgins of A company was awarded the gold medal and Sergeant E. D. Skeen of B company won the silver medal. Private King of D company won the admiration of the spectators by remaining in the drill to the last and being taken out merely because of delay in properly adjusting his cartridge box. Private Newell Barnes was awarded a medal for the best artillery drill. The prizes were presented by Governor Mickey.

A great deal of interest and enthusiasm was manifest in the drill. The grandstand was completely filled with spectators, who were generous in their applause for each company.

A storm of applause greeted the decision of the judges, and rush was made for Captain Hyde, who was soundly tossed and triumphantly borne off the field on the shoulders of his rejoicing men. As soon as the Armory was reached, according to the time honored custom, the white ducks of the victorious captain were torn into shreds, each man of the company receiving a piece as a souvenir of the memorial occasion.

The judges, who were Captain C. W. Castle, Thirtieth Infantry, U. S. A., and Second Lieutenant H. E. Lewis, Thirtieth Infantry, U. S. A., were surprised and pleased at the excellent drill put up by the companies. The marks, they said, were extremely close, the superiority of one company over another being only in the matter of details. Captain Chase was especially proud of the work of his cadets and had no criticism whatever to make of the drill.

The following are the winning companies in former competitive drills since 1893:

1893—Co. B.....Capt. F. D. Eager

1894—Co. B.....Capt. J. D. Dixon

Barbs Monday.

The meeting of the Associated Barbs called for 1 p. m. yesterday had to be postponed on account of a lack of a quorum. Since their defeat at the hands of the frats in the Athletic Board election the interest in the organization seems to have fallen to low tide and now enthusiasm enough to get a quorum out at the time of election of officers can not be aroused. However, the officers do not seem to lack aspirants and it is probable that the final attempt, which will be made Monday, will prove successful.

Vacation Tuesday.

A full day's vacation has been granted by the University authorities for Tuesday, May 30. The object of the vacation is to allow the students and professors to observe Memorial Day.

A Success

The Y. W. C. A. girls who served at Riggs' yesterday realized a neat sum from it for the association. The day's work netted about \$20. The money will be applied on the temple fund pledge made by the Y. W. C. A.

A great many complaints have come from over the state to Professor Bessey in regard to a yellow hop clover which is very common as a weed in alfalfa fields. Apparently the alfalfa seed sold in Nebraska has been adulterated with seeds of this little clover. Although harmless, it is practically worthless.

Medics Graduate.

The annual commencement exercises of the College of Medicine were held in Omaha Thursday evening. Twenty-seven young men and one young woman received the doctor's degree. Chancellor Andrews presided over the exercises and conferred the degrees. Dean Ward administered the Hippocratic oath.

The graduation address was delivered by Dr. Victor C. Vaughn, dean of the College of Medicine of the University of Michigan. The subject of his address was "Some Medical Problems."

A silver mounted medical case was presented by Dr. Ward to Clinton J. Miller, who won the cross honors. The Gifford prize of ophthalmology was awarded to Franz Swoboda, Jr., Clinton J. Miller, and Burton A. Adams, it being impossible to distinguish between the work of the three. Honorable mention for scholarship was given to William H. Heine, Grundy E. McDonald, Burton A. Adams and Charles R. Kennedy.

The following received degrees:

Burton A. Adams,
William H. Anderson,
Hoye J. Arbogast,

It is customary to elect about one-fifth of the students in the Industrial College. The standards used for making the elections vary with different groups. The election of Seniors is based upon promise of ability as shown by work already done. The election of the others is based upon the merit of the work they have done in the past.

TRACK TEAM LEAVES.

Little Can Be Learned of the Relative Strength of the Teams.

The Varsity track team left last evening for Sioux City to enter the tri-meet field with the University of South Dakota and Morningside College. Little can be learned of the relative strength of the teams. The following are the men who made the trip:

Burruss,
Manning,
Wallace,
Hagensick,
Hauser,
Martin,
Weller,
Morse,
Havens,
States,
Penrod,
Meyer,
Knode,
Morgan,
Peck.

Professor Bessey spent Thursday at Weeping Water, where he went to deliver the graduating address in connection with the high school commencement exercises. In the forenoon he took a long botanizing tramp over the hills with R. J. Pool of the University. He brought back a number of interesting specimens.

Miss Alma Hosic, and Mr. W. E. Allen were recently elected by the Nebraska State Board of Education to positions on the teaching staff of the Kearney State Normal.
