

PLANS COMPLETED FOR HIGH SCHOOL TOURNEY

SCHEDULE OF BASKETBALL GAMES ARRANGED.

FRATERNITIES TO ENTERTAIN TEAMS

Method of Choosing Guests Remains Unsettled Until Meeting This Afternoon.

The state high school basketball tournament will be held here Thursday, Friday and Saturday of this week. Twenty-five teams have entered the contest, a number having a reputation for playing corking good basketball. Lincoln, Wahoo, Omaha, South Omaha, Central City and Nebraska City, all crack teams in their districts, are scheduled to play, insuring a fast gunch of games.

In the first round Lincoln High drew the odd number, giving it the first game without playing. The schedule for the first series will be as follows:

Thirteen Games Thursday.

The first seven games will be played Thursday afternoon, starting at 2:00 p. m. The other six will be played Thursday at 7:30. The order of the teams follow:

1. Tecumseh-Ord.
2. South Omaha-Trenton.
3. Central City-Nebraska City.
4. Wahoo-Blair.
5. Sidney-Elgin.
6. Beatrice-Norfolk.
7. Geneva-Auburn.
8. Omaha-State Farm.
9. Aurora-Gothenburg.
10. York-Humboldt.
11. Schuyler-Stromsburg.
12. University Place-Stanton.
13. Lincoln.

On Friday afternoon at 2 p. m., the winners of games one and two will play; 3 and 4; 5 and 6; 7 and 8; 13

and 10; 11 and 12. No. 13 takes the place of 9. In the evening the winners of 1 and 2 will play, the winners of 3 and 4, the winners of 5 and 6, will play No. 9 the winners of 13 and 10 will play the winners of 11 and 12. The winners of 7 and 8 do not play in the evening. The finals will be played Saturday evening. Drawings for them will be made Saturday morning.

Fraternities Cannot Agree.

Last year when the first tournament was held the teams were entertained by the fraternities at their houses, but much dissatisfaction was expressed at the method of choice by drawing. At a meeting of their representatives Sunday at the Sigma Alpha Epsilon house no decision was reached as to which teams would be entertained, as several wanted to select individual men from various teams. This brought on a discussion which was postponed to another meeting to be held Tuesday afternoon.

CLASS VISITS DENTAL COLLEGE.

Students Observe Application of Anesthetics to Unfortunates.

Last Saturday, Dr. Stevens' class in materia medica journeyed over to the Lincoln Dental College, which is affiliated with the University, to observe the application of anesthetics for the extraction of teeth, or what is known as painless dentistry.

Each year Dean Davis of the Dental College sends the class an invitation, and last Saturday the class had a delightful time in observing how the dentist operates upon persons who are unfortunate enough to possess bad molars. In order to observe more closely the effects of the drug, a number of students volunteered to take the gas, and one availed himself of the opportunity to have a tooth extracted free of charge.

TEMPLE CAFETERIA IS NEARING COMPLETION

INSTITUTION WILL BE OPERATED ON THE PROFIT-SHARING SYSTEM.

The Temple cafeteria is at last nearing completion, and is beginning to assume a business-like appearance. The room to be occupied is the book store room on the ground floor. The counter is so arranged that the line will extend from the lobby of the Temple around the counter where first come the trays, napkins, etc., then pastry, salads, next the steam table and hot bread pan. At the end where the painful operation of paying is undergone the cold water tank is set conveniently so that one will lose little time. All the iron and tin work is being put in by the Wrought Iron Range company, except the water cooler, which is a special device by local plumbers, the sterilized water passing through several yards of pipe under ice before being drawn.

Breakfast will be cooked in the dining room—while you wait—except the breakfast foods prepared in the kitchen. Two Majestic coffee urns, holding ten gallons each, will be installed.

Kitchen to Be Spotless.

The kitchen is to be so systematically arranged that it may be kept spotlessly clean, and that is one thing Manager Orr insists upon.

A storage room is being erected back of the Temple on the northeast corner connected with the building, to hold fresh meats, vegetables and perishable goods. The cafeteria is to be run on the profit-sharing plan, i. e., cost of food plus labor. This sounds too good to be true, but the Chancellor has said that this is the end to be

sought. It is to be purely a University institution, run by University men, with Mr. Orr as manager and white student labor will be employed. It is calculated that there will be only six weeks out of a year when it will not be in operation and that will be between the closing of summer school and opening of the college year in the fall.

JUNIOR DEBATERS WIN.

Negative Side Triumphant in Contest on Subject of Judicial Recall.

The junior debating team, composed of Clayton Radcliffe, Harry Burtis, and Jerome R. Forbes, won the first round in the inter-class matches last night over the senior team, consisting of R. A. Beatty, B. B. Johnson, and S. O. Cotner, by a two to one decision.

The merits of both teams were so nearly equal that the judges, Professor Virtue, F. O. Peterson, and C. L. Rein, experienced considerable difficulty in arriving at the decision.

The juniors defended the negative of the question, "Resolved, That the movement for the recall of judges should receive the support of public opinion."

They will debate the winners of the freshman-sophomore contest for the inter-class championship on Tuesday, March 12, Phi Beta Kappa Day.

REGENT HALLER IS ILL.

Frank L. Haller of Omaha, a member of the board of regents of the university, is seriously ill with inflammatory rheumatism. Word received by Chancellor Avery is to the effect that the regent will not be able to leave his bed for thirty days yet.

Only last week Haller returned from a trip to Florida where he went for the purpose of bettering his health.

\$\$\$ Dollar Disappearing Sale \$\$\$

The most startling sale scheme ever put up by a reputable clothing firm, began at this store Monday morning, March 4. We will not carry over to next season a single winter suit or overcoat. This has always been our policy. This time we find it necessary to resort to extreme measures to carry out the policy. And here is the desperate measure to which we have resorted.

**Beginning at Ten Dollars a Suit or Overcoat today
A Dollar Less each day thereafter.**

Tuesday, March 5.....	\$9.00 for any winter weight Suit or Overcoat
Wednesday, March 6.....	\$8.00 for any winter weight Suit or Overcoat
Thursday, March 7.....	\$7.00 for any winter weight Suit or Overcoat
Friday, March 8.....	\$6.00 for any winter weight Suit or Overcoat
Saturday, March 9.....	\$5.00 for any winter weight Suit or Overcoat
Monday, March 11.....	\$4.00 for any winter weight Suit or Overcoat
Tuesday, March 12.....	\$3.00 for any winter weight Suit or Overcoat
Wednesday, March 13.....	\$2.00 for any winter weight Suit or Overcoat
Thursday, March 14.....	\$1.00 for any winter weight Suit or Overcoat

This is not a sale of "Odds and Ends." Every garment was in stock during the past winter. Every garment up to date in fit, finish and fabric. All from such makers as Hart, Schaffner & Marx, Hirsh, Wickwire & Co., and others. We put this sale on to make sure of not having to carry a single garment over to the next season. This is our settled policy, and conditions at this time compel us to take this radical step in order to carry it out.

NOTICE—Goods purchased at this sale will not be taken back or exchanged. We cannot handle these goods twice under these conditions. We must also make a small charge for alterations made on garments purchased at this sale.
