TRACK MEN WILL BEGIN SEASON'S WORK TODAY

STIEHM TO CONFER WITH ATHLETES THIS MORNING.

FIFTEEN ARE NOW IN THE SQUAD

Team Faces Hard Schedule, Seven Meets Being Scheduled With Other Schools.

This morning at 11 o'clock, Coach Stiehm will meet all track men in a conference which will start the real work for the cinderpath men.

With fifteen athletes as a nucleus, the squad will begin work today at 4 o'clock, and from now on will condition themselves for the seven hard contests scheduled for this year. Two other men, Robinson and McGowan, have decided to leave school, but it is thought that McGowan can be persuaded to stay and if he can it will brighten the prospects for a winning team. Eight of the fifteen are "N" men and around these Coach Stiehm and Captain Anderson expect to build a good team.

A Hard Schedule.

The athletic board, at a meeting last evening, authorized the sending of three relay teams to Des Moines on April 20, and this will be the first appearance of the Cornhuskers in contest with sister schools. Later they will meet Ames, Kansas, Minnesota and will enter the Missouri Valley meet. This year Nebraska will also enter men in the Chicago conference meet and later, if any men show the ability, they will be sent to the Olympic tryouts at Evanston, Ill., June 8.

In some of the events the squad has plenty of men to compete, but in others there is a scarcity, but it is expected that new material will be developed to fill these places.

In the 100-yard event, May, Racely and Brannon will carry the honors, and in this Nebraska will be well represented. In the 220 the team will miss Reed, but it is expected that Racely, Brannon and Christmas will hold their own in any of the meets. Barney, Robinson and McGovern are slated for the 440, Becker, Robinson, McGowan and Captain Anderson in the 880, and Kennedy, Bates and Captain Anderson in the mile. Kennedy, Bates and Boggs will compete for the long run, the two-mile. For the pole vault Nebraska has Russell and Reavis, for the high jump, Russell and Black, and for the broad jump, Black and Racely. Russell and Roberts will try for the 120-yard hurdles and Barney and Wessel for the 220-yard hurdles. For the weight events the squad has Harmon, Pearson and Ross.

The Schedule.

Des Moines relay carnival, April 20.
Ames, dual meet, at Lincoln, April 27.
Kansas, dual meet, at Lawrence, May 3.
Minnesota, dual meet, at Lincoln, May 11.
Missouri Valley meet, at Des Moines, May 25.
Chicago Conference meet, at Lafayette, Ind., June 1.
Olympic tryouts at Evanston, Ill., June 8.

Old Axiom Revised.

A date face to face is worth two on the 'phone.

CUPID ACTIVE HERE

UNIVERSITY SEEMS PRETTY SUCCESSFUL IN LINKING FOND HEARTS.

Is Nebraska University a matrimonial bureau? It would seem so. In fact, the educators who oppose co-education on the ground that too many marriages result from it would be justified in their position by the results achieved at Nebraska.

Though the co-eds keep a discreet silence about it, it is rumored that at a recent sorority banquet six engagements were announced. At another sorority house, where there are twelve girls living, seven out of the twelve are engaged. One fair co-ed, not content with merely being engaged, was married a short time ago, and has come back to school to take her degree.

Any information as to whether the unusual number of engagements is due to the recent warm weather or because this is leap year will be welcomed.

BASEBALL TEAM ASSURED

ATHLETIC BOARD DECIDES TO CONFORM TO VALLEY CONFERENCE RULES.

The athletic board, at a meeting last evening, decided definitely that Nebraska shall have a baseball team. However, it was decided that Nebraska should conform to Missouri Valley rules and just what effect this will have on the prospects for a team is hard to say until the squad is started and the men can be looked over. At a meeting in the future plans will be made for the election of a captain.

The matter of the football captaincy was not brought up and just how soon the board will take care of it is not known.

TO PLAY TIGERS NOVEMBER 26

Five Games Already Listed on Nebraska's Football Schedule.

Nebraska's football team will meet the University of Missouri at Columbia, November 2, according to the announcement made by Coach Stiehm, when asked concerning the correctness of a schedule given out by Missouri which listed Nebraska on that date. The game is played on Missouri's campus this year, Nebraska having had the game last season.

The two schools have not yet signed contracts, as the matter of a two-year contract is up in the air and needs adjustment before final arrangements are completed. It is certain, however, that the game next fall will be on the date mentioned, although Ames is desirous of playing on the same date.

The schedule, as now outlined, includes the Kansas Aggies from Manhattan on October 12, Minnesota on October 19, Ames probably on October 26, Missouri on November 2 and Kansas on November 16.

Geography 10.

Class meets in U. 7, Saturday, March 30, at 8:30 a. m. All who are working for two hours credit must be present.

DONEE GRIFFITH.

POEM AND SONG WANTED

SENIOR CLASS OPENS COMPETITION TO ALL UNI. WRITERS AND COMPOSERS.

The senior class wants a poem and a song. Accordingly the class has issued an invitation to all poets and composers in school to try their hand at supplying the need. The poem and song must be appropriate and must be collegiate in character, but a wide latitude in subject and treatment will be allowed. Both will be rendered Ivy Day, providing, of course, that any of the efforts may be deemed suitable by the committee in charge.

Some of the seniors themselves are laboring on the desired pieces, but in order to obtain a greater variety from which to choose the competition has been made open to the entire school.

Bible Class to Meet.

Dr. Poynter's Bible class will meet at 7:00 o'clock, Thursday evening, in the Y. W. C. A. room.

SOPHOMORE APPOINTMENTS

CLASS MEETING WILL BE HELD THURSDAY TO ELECT THE MINOR OFFICERS.

The following committee appointments have been made by President Wood for the sophomore class:

Hop Committee—F. D. Enfield, chairman, Shelley White, master of ceremonies, Miss Edna Ruth Evans, Ried Dawson, Carl Nagl, Fred Trumble.

Ivy Day—Albert Kennedy, chairman, Miss Helen Sorenson, Miss Bridenbaugh, H. Agor, J. V. Johnson. Athletics—D. D. Reavis, chairman, Hugh Mills, Boggs.

A sophomore class meeting will be held at Memorial Hall, Thursday at 11:30 o'clock to elect minor class officers.

FAMOUS GEOGRAPHER DIES.

Professor Tarr's Death Keenly Felt at Nebraska University.

Prof. Ralph Stockman Tarr, professor of physical geography at Cornell, died last week after a very short illness. The death of Professor Tarr is keenly felt at this institution because of the close affiliations of the departments of geography of Cornell and Nebraska.

Professor Tarr was head of the department at Cornell during the regular year, while Professor Condra has had charge of the summer sessions during the past five years and both Professors Condra and Bengston are expected to handle the geography work there this coming summer.

Professor Tarr was one of the best known geographers of the world and the author of numerous text books of physical geography and geology.

Fordyce at Mid-week.

Dean Charles Fordyce will speak at the Y. M. C. A. mid-week tonight on "The Most Fundamental Factor in Life."

Is Is Not So?

Some people are born wise, some achieve wisdom and others are planning for the mid-semester examinations next week.

GIRLS TO APPEAR IN GYMNASTIC EXHIBITION

CLASSES WORKING OVERTIME IN PREPARATION FOR EVENT.

WRESTLING BOUT IS SCHEDULED

Eleven Numbers on Program of the Annual Gym Show, Which Will Take Place Tomorrow Night.

All gymnasium floor classes are working overtime this week in preparation for the annual gymnastic exhibition which will occur in the University Armory, Friday evening. Those who have witnessed these annual affairs in past years have found them very pleasant entertainments. There will be no repetition of numbers presented as in past years and each one, it is promised, will be instructive, entertaining and amusing.

The exhibition is attracting unusual attention this year because of the fact that the girls of the freshman and sophomore classes will appear in an exhibition for the first time in about ten years. The freshman class will present a typical day's order in Swedish gymnastics which is universally recognized as the most beneficial and scientific of all the so-called systems of gymnastics. The sophomores will appear in an artistic dumb-bell drill especially arranged for this exhibition. This class will also give, in native costume, the "Japanese" dance.

Fast Wrestling Bout

One of the most exciting events on the program will be the wrestling bout between O. W. Miller and Glen Ruby. Owing to their well known ability, their work on Friday night will give the fans a good idea of their ability to defend the University's honor in their respective classes against Iowa, which event is also attracting much attention.

The corrected program for the exhibition follows:

1. Mass freehand and gymnastic drill by the entire first year men's class, under the direction of C. C. Reynolds.
2. An elementary Swedish day's order by young women of the freshman class, under the direction of Miss Ina Gittings.
3. To Present Folk Dances.
3. Folk dances, (a) Kasatchak, (b) Russian Polonaise, by members of the normal training course in physical education, under the direction of Miss Anna Day.
4. Class apparatus work on nine different pieces of heavy apparatus by entire first year men's class, under the direction of Mr. Reynolds.
5. A mass obstacle race by men's first year class.
6. Dumb-bell drill by young women of the sophomore class, under the direction of Miss Day.
7. Men's gymnastic dancing—the jumping jacks—by members of the leader's class, under the direction of Mr. Reynolds.
8. Wrestling bout between O. W. Miller and Glen Ruby.
9. Advanced Swedish gymnastics with apparatus by members of the normal training course in physical education, under the direction of Miss Gittings.
10. The Japanese dance by young women of the sophomore class, in charge of Miss Day.
11. An exhibition of electric club swinging by Mr. Reynolds.
