A few "nots" about spring clothes.

Not on style alone does clothes values depend.

Not alone on fabric, or fit, or tailoring does it depend, but upon all of them combined.

Not one of our Kensington or Kuppenheimer suits for spring is deficient in any of these points—we do not accept defective suits.

Do you not see the advantage to yourself of buying your clothes where such a policy as this obtains?

STUDENTS TO BE MINSTRELS.

University Talent Will Help Out Ad Club in Production.

The Ad Club Minstrels, who will appear at the Oliver next Monday and Tuesday, will have in their troupe some University talent. Roy Allen, who is taking a prominent singing part in the Kosmet Klub opera which is to be presented May 3, has a role in the minstrel show and is doing clever work. In addition several students will be in the chorus and doubtless will add life to the evening's activities.

The Ad Club Minstrels are being trained by C. L. Conner, who was formerly a student in the law college, and who has written the score for the Kosmet Klub opera, "The Diplomat." He has selected a good collection of new music for the show and has provided plenty of local hits and gags. The entire company will include sixty-five people, fifteen of whom will be principals.

Following next week's performances, the show will appear in several towns throughout the state.

Dr. Poynter to Lecture.

Dr. Poynter's last lecture on "Development of Christianity" will be given at 7:00 o'clock in the Y. W. C. A. rooms. This lecture will compare Christianity with other religions.
