

FIELD DAY RULES ANNOUNCED

LETTER SPECIFYING RULES AND PRIZES BEING SENT TO HIGH SCHOOLS.

The rules governing the annual high school meet, to be held on Fete Day on the University athletic field, May 18, have been issued by the committee in charge of the event and are now being sent to the various high schools of the state. In addition to the regulations, the prizes offered are specified. Enrollment of schools must be made by May 4, and no entries will be received after May 9. The following is the letter being mailed to the high schools:

The University of Nebraska and the Lincoln Commercial Club have again made it possible for the board of control of the Nebraska High School Athletic Association to announce Lincoln as the place for holding the 1912 high school track and field meet. The meet will be held on the University athletic field.

As heretofore, winners of first places will be given gold medals, winners of second places silver medals, winners of third places bronze medals, while the men holding fourth places a badge. The winning relay team will be given a handsome pennant. Besides these, a silk banner will be given to the winning team, and becomes the permanent property of the school winning it three times.

The entire net receipts of the meet will be pro-rated according to distance and number of men on teams, as heretofore, except as provided in the following action taken by the board of control at its meeting held February 2, 1908: "That the money from gate receipts, after the expenses for medals and incidentals are deducted, shall be pro-rated to the teams from the different schools as follows: All schools less than 100 miles from Lincoln, on the number of men up to the limit placed by the constitution (10) and according to distance traveled; schools from 100 to 150 miles, on one-half the number, and over 150 miles on one-fifth the number, placed by the constitution and according to distance traveled."

"Each team on arriving at the University, prior to the meet, must file with the secretary a certified list of those who will participate in the meet, together with the distance traveled. This will be necessary in order to secure a refund on transportation.

"No individual entrance fee is required. Schools must join the High School Athletic Association and pay the membership fee of \$2.00. All schools wishing to participate must be enrolled by Thursday, May 4. Enrollment fees are to be sent to Supt. E. U. Graff, secretary of the board of control, Omaha, Neb.

"All entries of contestants are to be mailed to the secretary of the board of control, and no entry will be received if postmarked later than 12:00 m., May 9. Address Dr. R. G. Clapp, University of Nebraska, for any further information concerning the meet."

ANOTHER FOR SUFFRAGETTES

CO-EDS NOW PUT MEN IN BACKGROUND AT Y. M. C. A. CAFETERIA.

Another victory for the advent of feminine superiority! The English militant suffragettes would revel in the joy of eating in the new cafeteria. Do you remember that this eating place was to be originally for men? That was the original plan, yes. And a little room off the main skiboodle was set off for the special privilege of such timid and gentle womanhood as should venture through the masculine

grubline to secure her food and retire meekly into the little private vestibule.

But what has taken place now? Inspired with the world-wide wave against the wretched wrongs of womanhood, the former small number of blushing co-eds have transformed themselves into a host of conquering Amazons and now come boldly in at meal time to order up their food, appropriate the nearest and handiest seats and drive the distracted men into the far corners.

omission as of commission and there were plenty of the latter.

Some of the batsmen may not feel that justice was done them in the scoring. Hascall, the regular scorer, was not present. There was room for leniency in the scoring of hits and errors, especially as some of the raps registered as boots might have been converted into hits without impairing the scorer's conscience.

Towle is a mighty handy utility player. He worked in the field and at second yesterday. The game with Tarkio saw him at short and he was catching when the season started. In addition to his versatility in fielding roles he is a neat hitter and a heady man on the bags.

Beckoff showed good speed and a likely curve ball. He had quite fair control, too. He should be a consistent winner in 1913. Like the majority of Stehm's hurlers, he will be in school next year.
