INTER-FRAT COUNCIL PERFECTS ORGANIZATION

PROFESSOR J. T. LEES RE-ELECTED CHAIRMAN.

THE PAN-HELLENIC DANCE MAY 21ST

Rules and Rushing Committees Appointed—Inter-Fraternity Banquet Not To Be Given.

The inter-fraternity council, recently re-constructed by authority of the board of regents, met last evening in the Temple for the first time under the new order of alumni control. Twenty-five of the thirty-nine members were present and transacted considerable business. Verne Hedge, presided.

Professor J. T. Lees, for several years chairman of the inter-fraternity council, was re-elected, not without opposition, however, and H. R. Mulligan was selected as secretary of the body. Professor Lees is an alumnus of Beta Theta Pi, and Mr. Mulligan is an active member of Delta Tau Delta.

Upon motion it was decided to elect three men to constitute a Pan-Hellenic dance committee, those receiving the highest votes being Mac Woodward, Ernie Frank, and H. J. Birmingham. Tuesday, May 21st, was the date set for the dance.

It was also decided to withhold the giving of the inter-fraternity banquet this year.

The following committees were appointed by the chairman:

Rules for procedure—Foster, Thomas, Ledwith.

Rushing rules—Cutter, E. Frank, Carroll.

The session adjourned to meet on Tuesday, May 14th.

ART SESSIONS BEGUN

PAINTINGS OF BERG HARRISON PROVE FEATURE OF THE MEETINGS.

The annual exhibit of the paintings of Berg Harrison and those owned and kept by the Nebraska art association opened yesterday, and will be open to the public for the next two weeks ending May 18th.

From year to year Mr. Harrison has added a few more paintings to the collection, until now there are twenty-six in all. He is known as one of the greatest modern landscape painters, and his scenes are mostly taken from snow covered hills, though one of his most famous pictures is the painting of a road near Santa Barbara on a hot mid-summer day with the sand blowing.

A cast by Daniel French, the famous sculptor, was presented to the society last winter. We are doubly interested in Mr. French's work when we know that he is the sculptor to whom the work of making the Lincoln monument for the city of Lincoln was given. This cast, named "Death and the Sculptor," is also on exhibit and may be seen by those who buy the season ticket for 25 cents, or single admission of 10 cents. These rates are for students, a slightly higher fee being charged to outsiders.

All members of the Kosmet Klub are requested to meet in the Rag office tonight at 7:15, sharp. Important business.

GIRLS HOLD TRACK MEET

TO PROVE ATHLETIC PROWESS IN THURSDAYS CONTEST.

Nebraska co-eds will hold their annual track and field meet Thursday, May 9th, on Nebraska Field.

For the first time in the history of the University, the meet will be open to all co-eds, whether they are taking gymnasium or not. The meet will be given as a test of girls' athletics in the University. If enough girls show their interest by entering the meet, it is probable that an out-door field will be provided for the co-eds' use next year.

The meet will be held from three to five. As in former years only women will be admitted. The gates, however, will be open not only to the women of the University but also to the women of Lincoln. All girls are excused from three and four o'clock classes on Thursday by order of the chancellor.

The following program will be given:

First—A five-inning baseball game, between the freshmen and the sophomores. Outdoor rules, but indoor apparatus.

Second—Individual competition. Entries for this may be made any time on Wednesday. No professional training is required, except for the high jump. Under this will be a 40-yard dash, a 60-yard dash, a basket ball throw for distance, and a high jump.

Third—Inter-class relay. Teams from each of the classes, of ten girls each will be chosen. The relay race is also open to the entire co-ed body. Entries should be made Wednesday.

Banners to Winners.

Banners will be given to the winning classes in the ball game and relay races. Gold, silver and bronze medals will be presented to the individual winners in the track events.

Miss Gittings, Miss Beghtol and Miss Day will act as officials, together with advanced students in the normal class. An admission fee of ten cents will be charged to cover the cost of the medals.

MUSIC IN DEMAND

HEAVY SALE IS REPORTED ON CONNOR'S VERSION OF "THE DIPLOMAT."

Musical scores of "The Diplomat," the comic opera given by the Kosmet Klub, are selling rapidly.

One of the principal music stores down town is entirely sold out. "There is a very heavy demand for this music," said another merchant yesterday. "Almost every other person who comes into the store wants one. Saturday we had two girls wrapping them, and even then they could not keep up with the demands."

The scores, which were supposed to be in Lincoln the night of the opera, did not arrive until the next day. The heavy sales since then, however, have more than made up the loss incurred by the delay.

The music for the opera, written by C. L. Connor, was published by Mr. Connor and J. Frank Mead.

PHI BETA KAPPA INITIATES

NEWLY ELECTED MEMBERS ARE GIVEN THE KEY AT ANNUAL BANQUET

Phi Beta Kappa held its annual initiation for new members and the annual banquet at the Temple Saturday evening. Thirty-seven of the thirty-eight students elected to the Phi Beta Kappa honor this spring were invited. E. A. Whitenack, professor of German at the Peru normal, who was elected to the order in 1891 at Rutgers college, New Jersey, was invited by courtesy of the Nebraska chapter.

A five-course banquet was served in the new cafeteria room with plates for seventy-five. The company was largely made up of faculty members who are active in this chapter of Phi Beta Kappa. Dr. Bessey, president of this chapter acted as toastmaster.

Professor Bessey gave the introductory toast in his customary brusque style, explaining the obligation of the newly elected members to the state and to the University of Nebraska.

Other toasts were responded to by Professor Pool, vice-president of the active chapter for the coming year; Ralph Garrett, who was chosen by the newly elected members to speak in their behalf; and Dr. Bessey, closing with a short address in which he urged the new members to wear the key with pride.

CHANGES IN STAFF.

Resignation of E. H. Taylor causes Vacancy in Editorial Force.

Following the resignation of Earle Taylor, formerly managing editor of the Nebraskan, some changes in the editorial staff will be necessary.

Fred McConnell, who has been an associate editor for the past year, is now acting in the capacity of managing editor, and in all probability, will soon receive a permanent berth in that position. This change leaves a vacancy in the office of associate editor which will be filled in the near future from the present reportorial staff.

HARD LUCK FOR RACELY

STAR ATHLETE SUFFERS SEVERE INJURY IN MEET WITH KANSAS.

George Racely, football player, baseball star, and track athlete, is perhaps the unluckiest athlete that has graced the Nebraska field for some years.

Last fall, after working conscientiously throughout the early practice, and having overcome the disadvantage of light weight by an unusual exhibition of speed, he terrorized the minor opponents by his spectacular dashes. He ran rings around the Kansas Aggies, and had a similar beginning in the Missouri game, when he tore a ligament in his ankle—for the remainder of the schedule he had to content himself with sitting on the sidelines and watching the other players win glory and their letters.

Undaunted he turned out for track. As if still pursued by the unlucky fate he was rewarded for his efforts in the meet at Drake by being tripped and

PROSPECTS BRIGHT FOR LAW BARBECUE

FESTIVAL TO BE REPLETE WITH NOVEL ENTERTAINMENT.

GRANT MARTIN SPEAKER OF THE DAY

Huge Ox to Roast All Night and a Sumptuous Repast Awaits Excur-sionists—Ball in Afternoon.

At nine o'clock tomorrow morning the Laws will begin the celebration of their second annual barbecue. The committees in charge of the different parts of the day's program have finished their plans and the outlook promises a varied course of entertainment.

The Bill of Particulars is as follows:

1. The information, 9 to 9:30. The Laws will gather around the sacred precincts of the new law building. Here the laws intend to make a demonstration that will inform the entire school of the fact that they are to have a new building and one in which they may be supreme.

2. The answer, 9:30 to 10:00. In answer to the queries as to the extraordinary excitement on the campus tomorrow morning and what it means, the laws will board the cars in full view of the girls whom they will leave behind for one day (in care of a certain department isolated on the other side of the campus) and hie away to Capital Beach.

3. The evidence, 10 to 12:30. The Laws, upon arriving at the Beach, will give evidence to prove their athletic ability by competing in an athletic carnival which will contain the following events: 100-yard dash, sack race, three-legged race, married men's race, faculty race, alumni race, fat-men's race, wheelbarrow race, egg race, potato race, class relay race, broad jump, hop, skip and jump, and baseball throwing for distance. The judges for this great Olympic contest will be A. Schmidt, O. Frank, W. Bates, and G. E. Reed.

4. The digest, 11:30 to 1:30. Then comes the big event of the day—the "eats," and there will be "some feed." The roast ox, which will have been cooking all the night before, will be laid out on the table along with the buns, bread, butter, milk, coffee and cream (yes, real cream), cookies, and the ice cream, and the boys will then eat as only laws can eat, and if anyone goes hungry it will be because he was blind or an invalid.

5. The arguments, 1:30 to 2:30. Attorney General Grant Martin has been secured to deliver the principal argument of the day, while the governor will follow with a few remarks along with the general spirit of the day. Several of the alumni will be called upon for talks, but the committee has been authorized to make the statement that if Dr. Maxey is called upon he will not speak over thirty or forty minutes.

6. The verdict, 2:30 to 5:00. The verdict will be reached when the baseball games, between the three different classes, have been played. These will be the crowning events of the day, and it is expected that there will be many a sore finger and many an aching back when the scorekeeper has tallied up the totals. It is thought that several scorers with adding machines will be needed in some of the
