## CLASH WITH GOPHERS TODAY

BOTH TEAMS IN SHAPE FOR FAST TRACK WORK.

## RACELEY AND BRANNON NOT ENTERED

Minnesota in Good Shape, But Likely to Feel Loss of Williams' Guiding Hand.

This afternoon at two-thirty, before what is hoped will be a large crowd of spectators, Minnesota meets Nebraska in a battle royal. Both teams are in the best of shape and both have a reputation for fast work on the track. Nebraska is handicapped to a certain extent by the loss of Raceley in the sprints and Brannon in the long distance races on account of ineligibility, but the other men in these events have shown by their practice work that these losses will be felt but slightly if at all.

The officials for the meet are as follows:

Referee and starter—R. G. Clapp.  
Inspectors—H. E. Yates, O. Wiese, F. Frankforter.  
Clerk of course—V. C. Hascall.  
Scorers—O. Frank, F. Carter, M. H. Howard.  
Announcer—R. D. Hawley.  
Judges of finish—Maxey, Wells, Cornell.  
Timers—Condra, Dayton, Bullard.  
Field judges—Skinner, Tuckerman, Hunter, Collins.

### Entries.

100-yard dash—Nebraska, A. May, J. Christmas, K. Wherry; Minnesota, Harold Spink, Loy Molumby, Frances Boylan.

880-yard run—Nebraska, W. I. McGowan, W. C. Becker, L. Anderson; Minnesota, Clark Shaughnessy, Geo. Lindeberg, Ray Brown, Fred Tydemann.

120-yard hurdle—Nebraska, R. A. Russel, Kruse; Minnesota, Ben Webster.

220-yard run—Nebraska, J. Christmas, K. Wherry; Minnesota, Harold Spink, Loy Molumby, Alfred Bierman.

220-yard hurdle—Nebraska, H. Barney, H. Wessel, Nelson Mills; Minnesota, Roy Brown, Fred Tydemann, Harold Chopen.

440-yard run—Nebraska, Beaver, H. Barney; Minnesota, Geo. Lindeberg, Alfred Bierman, Frances Boylan, Harry Lovering.

Two-mile run—Nebraska, W. C. Bates, W. G. Kennedy; Minnesota, Harold Chapen, Joe Anderson, Sydney Stadsold.

Relay—Nebraska, Christmas, Barney, Beaver, McGowan, Anderson.

Pole vault—Nebraska, D. D. Reavis, R. A. Russel; Minnesota, Leo Coady, Harold H. Peterson, Ralph Ostergren, Carrol Nelson.

Discus—Nebraska, D. Harmon, C. T. Ross, Funk; Minnesota, Leo Frank, Howard Lambert, Carrol Nelson.

High jump—Nebraska, Hastings, Russell; Minnesota, Harold Peterson, Harold Spink, Alfred Bierman.

Shot put—Nebraska, C. T. Ross, J. Christmas, D. Harmon; Minnesota, Leo Frank, Howard Lambert, Carrol Nelson.

Broad jump—Nebraska, Cromwell, Black; Minnesota, Loy Molumby, Howard Lambert, Carrol Nelson.

Hammer—Nebraska, Harmon, Ross; Minnesota, Joseph Fownnier, Carrol Nelson.

First place will count five points, second place three points. Relays, (first place only), five points.

## CADET TRACK WINNERS TO RECEIVE NEW MEDALS

CAPTAIN MOON TO PROVIDE POOL HALL AND CANTEEN FOR USE OF CADETS.

Preparations for the cadet encampment next week go merrily on. Captain Moon made a second visit to Crete Friday in completing the extensive arrangements which the quartermaster's department is making for the event. A number of men will accompany him to Crete at 7:00 o'clock on Tuesday morning to pitch the tents and get everything in readiness for the regiment which arrives in the afternoon. The special train will leave at noon, assembly call being blown at twelve o'clock.

An innovation will be inaugurated this year in a handsome program containing the program of events during the week and the special features planned for Friday, visitors' day. These will be printed Monday, and a number will be distributed about the campus.

Some very handsome medals for the winners of the track events have been ordered by Colonel Smith, and will be on inspection Monday. They will be made of silver with the University seal raised in the center. "U. N. C." in raised gold letters will appear at the top of the medal. The whole will be mounted to wear as a watch fob.

The canteen will be conducted by the quartermaster's department this year instead of being leased to an outsider as formerly. A pool hall situated on the grounds will also be under Captain Moon's supervision.

Dr. D. R. Leland, student pastor of the First Presbyterian church, will be the camp chaplain this year, and will go to Crete with the cadets Tuesday.

## THE "DIPLOMAT" MUSIC FEATURED

SELECTIONS FROM THE KOSMET KLUB OPERA TO BE PLAYED AT SOPHOMORE HOP.

Music from "The Diplomat" will be a feature of the sophomore hop, to be held at Capital Beach on the evening of May 21. "Honest, Dear, I Love You," will be played as a waltz, and "I Like to Flirt a Bit, Myself," as a five-step. From the great popularity that these two numbers in particular have found since their rendition in the Kosmet Klub opera, they will undoubtedly meet as enthusiastic a reception on the dance floor.

Jones' orchestra has been secured and owing to the more open-air nature of the dance, the management has decided to have eight pieces instead of the usual seven. The augmented orchestra will include a cello.

Tickets, which have been on sale since Thursday morning, are selling fast. The chairman of the dance advises the men who are going to camp to secure their pasteboards before leaving. The dance is not unlimited and their chances of getting tickets on returning are decidedly slender.

## WEAVERLING HONORED.

Ralph Weaverling, 1911, who is practicing law at North Bend, recently had the honor of introducing ex-President Roosevelt to the crowd of citizens who had assembled at the depot to hear "Teddy's" speech. Mr. Weaverling rode up from Lincoln to North Bend on the colonel's special train, and had quite a conversation with Mr. Roosevelt.

## FETE DAY PROGRAM TO BE PUBLISHED SOON

MORNING DEVOTED TO DEBATE, AFTERNOON TO TRACK MEET.

Programs for Fete Day, May 18, are now being made out by the committee in charge, and will be printed and distributed among the high school visitors to the campus that day.

The order of events will be as follows:

10:00 a. m.—Fifth annual championship debate of the Nebraska high school debating league, Memorial hall.

9:20 a. m.—Visit to places of interest on the campus, under the direction of professors and guides.

2:30-5:00 p. m.—Annual track and field meet of the Nebraska high school athletic association, Nebraska Field.

While on the campus the special attention of the visitors is called to the debate, athletic meet, art exhibit in Library hall, observatory, laboratories with students at work, cafeteria, and the open house at the Y. M. and Y. W. C. A. rooms. The "Rag" office is not to be exempt, either, for it is included on the list of places of interest, and each visitor will be given a chance to see how the paper is gotten up, along with one of the finished products, free of charge.

## Bauman in Philippines.

Henry O. Bauman, C. E. '10, writes that he has been with the bureau of lands, Manila, P. I., since October 15, 1910, in general surveying among the wild Moro tribes of Mindanao. At present he is "among the dog-eating iggorottes in the central part of Luzon." Most of his work is surveying tracts of land equivalent to homestead applications in the United States.

## LAW EDITION NEXT WEDNESDAY

PREPARATIONS NOW BEING MADE TO MAKE IT A LIVE ISSUE.

The Laws are going to get out an issue of the "Rag" Wednesday, and there is no joke about it this time. On account of the barbeque this week those in charge found it would be almost impossible to get ready for the picnic and the law edition too; accordingly, the law edition suffered.

Preparation is being made to get some good live dope for this issue, and there can be no doubt that the paper will be of interest, not only from the standpoint of the law students alone, but all the rest of the colleges as well.

Anyone wishing to submit something for this number is requested to leave it at the office of the Daily Nebraskan any time before Tuesday evening, except cartoons; these must be in at least by Monday morning.

Several very good sketches have been submitted by some of the Laws, but more can be used, so don't be afraid to hand in anything that might be added as a feature to this issue.

## INTEREST IN CONFERENCE.

Interest is now being aroused among the Y. W. C. A. members in the summer conference to be held at Cascade, Colo., June 21 to July 1. An open-air meeting was held Wednesday evening at which short talks were given by the girls who have been to Colorado, telling of the classes, recreation and scenery of Cascade.

## PHILIPPINE PROFESSOR HERE

DEAN COPELAND THE GUEST OF DEAN BESSEY.

## INSPECTING WESTERN UNIVERSITIES

Sings the Praises of Philippine Institution and Believes in its Future Success.

Dean Copeland, dean of the college of agriculture of the University of the Philippines, was on the campus yesterday visiting his old friend, Dean Bessey, and inspecting the botany department. He is on a tour of inspection through the country, stopping at most of the larger universities on his route, and from here he goes east, before sailing for the Philippines.

The University of the Philippines is situated in Manila and is one of the most progressive of the newer universities, having already attained a world-wide reputation. It consists of colleges of arts and science, law, engineering, medicine, pharmacy, and all the departments are strong.

The people of the Islands are eager for such educational advantages and the work of developing instruction is progressing rapidly. The college of agriculture, of which Mr. Copeland is dean, is separate from the rest of the university in that it is situated outside of the city limits, in somewhat the same position as the Nebraska farm.

## Likes the Philippines.

Dean Copeland has been with the university for eight years, and says that the longer he stays the better he likes the country and the people, and the opportunities for the development of the school are more apparent. The students there are very teachable, and make as faithful a class of students as could be found. However, their outlook is not as broad as that of the Anglo-Saxon students and it will take years to develop this spirit among them.

The tour of inspection that Mr. Copeland is making is not only one of gaining new ideas and material for his work, but also of finding new men with the energy and ambition that is essential in such work. Younger men, who are capable of holding responsible positions in the school are needed, and the dean has already found several who fill the bill. With the addition of these men he plans to have a stronger course and faculty than ever at the opening of school next fall, and will be better prepared to meet the demands of the increased registration that comes each year, as more of the people are brought into contact with the school.

The system of public schools that has been installed in the Islands by the American government, with teachers, most of whom are college graduates, is responsible for the desire for learning on the part of the Philippines. As a result hundreds of young men are graduating each year who are prepared to superintend the development of their country, which is resulting in the rise of the industrial and educational standing of the Islands.

All candidates for the student membership on next year's athletic board must file their applications with the secretary of the board not later than 12:00 o'clock noon, Monday, May 13, 1912.
