

WASHINGTON STATE COLLEGE FAVORS SINGLE TAX PLAN

Washington State College, May 17
By practically a unanimous vote Washington State College yesterday adopted the Associated Student plan similar to the one followed at the state university.

The new constitution adopted provides for an executive committee, which is the central body of the student organization. An athletic council to include the president of the college, three faculty members, three alumni members and three student members is also included in the new constitution.

A student fee of \$3 will be levied upon every student at the time of registration.

The new plan still requires the approval of the faculty and of the Board of Regents. The students are confident that the two bodies will take favorable action.

of bravado and hardly represented the attitude of the earnest backers of the single tax. There were some forty names attached to Mr. Johnson's petition and those persons are urged to see him for the purpose of making up a new petition.

The Daily Nebraskan is endeavoring to compile a gist of the arguments of both sides and in the next issue will publish a statement of the position of all parties concerned.

ANNOUNCEMENT OF

The University Sales Company—To You Who Sell, or Want to Sell, Goods and Make From \$300 to \$1000 This Summer.

We search the market for propositions that are fast and easy sellers and give good commission. Over 200 have been presented and only a few have real merit. Nine out of every ten men or women who begin canvassing fail because they have a worthless or difficult proposition. The following articles will be wonderful sellers and the people who buy will always be glad you called. It is as easy to make \$10 to \$15 a day with an article that almost sells itself as it is to make from \$2.00 to \$5.00 with a hard one. We put you in touch with the manufacturer; you deal with him. We get you a lower price than you could yourself and there is no charge to you for our service.

Men are averaging \$25 a day clear taking orders for a Seed Corn Drier. Almost every farmer who raises any amount of corn buys. All virgin territory; no delivering. Only good salesmen will be accepted on this proposition, as the territory cannot be spoiled.

A Rope Maker. Makes rope out of binding twine. Costs agent 90c and

sells for \$2.50. Should be good for \$10 a day or more.

The Spie Span Wardrobe Bag. Covers and protects suits, gowns and furs from odor, dust and moths. Is neat, low priced and a wonderful seller with both men and women. Agents, both men and women, are making from \$10 to \$20 a day. We recommend it as the fastest seller we have ever seen.

New Pants Creaser. A flatiron with a groove. We do not as yet know how this article will sell, but it will crease pants while on or off, and should be a fast seller.

Write today, UNIVERSITY SALES COMPANY, IOWA CITY, IA. Organizers wanted. Adv.
