OFFICERS ELECTED

TWO LOWER CLASSES SELECT MINOR EXECUTIVES.

COMMITTEES ARE APPOINTED

Olympics Claim Attention of Sophs and Freshies—Great Enthusiasm Being Aroused by Hopes of Victory.

The first meetings of the two lower classes were held yesterday morning at the convocation hour. Minor officers were elected in both and plans for the Olympics to be held soon were discussed. In the sophomore class the enthusiasm was intense, and it is expected that this will be the case in the younger class as well when the plans for the affair are more nearly completed. Committees for this semester and master of ceremonies at the hops were announced.

Freshmen Officers.

Minor officers were elected at the freshman class meeting yesterday as follows:

Vice-President—Floyd Jennings, Fremont.

Secretary—O. A. Buerstetta, Tecumseh.

Treasurer—E. A. Undeland, Omaha.

Only a small number of the class were present and no other business was transacted.

The following committees were appointed:

Freshman Hop Committee—Chairman, Fred Wells; master of ceremonies, Harry E. Perkins; members, Jack West, U. S. Harkson, Donald Warner, Florence Angle, Homer Phillips, Dorothy Carns, Edward Jones, Leon Palmer, Irma Jones.

Olympic Committee—Chairman, Howard Ankeny; members, Dave Bowman, R. Rutherford, Arleigh Eaton, A. R. Saunders, L. H. Lipman, M. L. Poteet, Robert Hager.

Cap and Color Committee—Chairman, B. A. Thomas; members, Clayton Neumeier, Cornelia Frazier, Jack Bowen.

Sophs Enthused Over Olympics.

At the sophomore class meeting, which was held at the Temple yesterday, a very enthusiastic crowd responded to the call of the new president, Louis Meier. Not one co-ed was present, and it seems that the sophomores have the suffragette movement well under control.

The features of the meeting were the re-election of Silas Millard Bryan as secretary and Robert Harley as sergeant-at-arms. These men have served in these offices the two previous semesters, but were prevailed upon to accept another term. Clyde L. Krause was elected vice-president and R. J. Swift treasurer by unanimous ballots.

The following committees for the first semester were announced in the sophomore class:

Olympics—Silas Bryan (chairman), Carl Ganz, Robert Harley, J. C. Mc-

VARSITY PLAYS RESERVE THIS P. M. AT 3 O'CLOCK, NEBRASKA FIELD

This afternoon on Nebraska field will be instituted the first varsity-freshman game with full quota of officials. This weekly game was originally planned for Thursday afternoon, but owing to the fact that the team leaves for the land of the enemy on that night, it has been transferred to today.

Captain Wilson will be there with his tribe of musicians and will aid the rooters in their endeavors to arouse a little enthusiasm for the farewell send off to the team Thursday night. "Biddy" Meade and "Moke" Coffee are going to be there with megaphones and yells to teach the freshmen the art of cheering and also to get the howling hundreds back in their old-time form. This plan certainly deserves your hearty support, for you can

assist the coaches by giving them a little time and encouragement, even if you can not otherwise. By getting out to this game this afternoon you will prove to the team that you are strong for them and they will certainly appreciate your efforts.

Manager Reed has made reservations for 100 persons for the Minnesota game, and accommodations have been arranged for the trip. The fare is \$18.40, and the crowd will leave Friday night at 6 o'clock over the Burlington. At Omaha the Great Western train will be held until the arrival of the Burlington. All those intending to go will confer a great help by calling up B-2596 or seeing A. B. Ballah before Wednesday night or Thursday morning at the latest.

BENGSTON EDITS NEW MANUAL

Book Designed to Put High School and Academic Geography in Laboratory Form.

Professor Bengston has just received from the publishers his new "Geography Manual." The new manual is adapted to put high school and academic geography into laboratory form. The system is no new experiment, for the outlines which go to make up the manual are the corrected and revised forms of those that the professor has had different schools to try out during the last two years.

There is no doubt but that the new publication will soon be in extensive use. Some of the first copies were sent to Portland, Me., and Vancouver, B. C.

TAFTITES HOLD FIRST MEETING.

Smoker to Be Held at a Later Date—Speakers Will Be Secured.

The University Republican Club held a meeting yesterday morning in the Temple at which Ralph Wilson was elected vice-president, and it was decided to have a smoker some time in the near future. This entertainment will be given in order to get a line on all republican students who intend to support the ticket, both national and state.

It is further planned to have prominent speakers address the club on the issues of the campaign. The time and place of the smoker will be announced later.

Call Roy O. Warde, dance orchestra, Auto 7186, L-8152.

OFFICERS ELECTED—Con.

Masters, R. P. Ross.

Hop—P. J. Swift (chairman), G. A. Spooner, M. C. J. M. Allison, Earl Meyer, Victor Daken, Eva Rossenbaum, Maria Robertson.

Manager of Athletics—Ed. Pettis.

MANDOLIN PLAYERS SELECTED

Large Number of Excellent Players Result in Keen Competition for Membership in Club this Year.

Tryouts for the Mandolin Club were held Monday night. Because of the success of the club last year, and in anticipation of a long trip this season, strong competition resulted for place. Several good players were not selected for the club, but were put on the reserve list. Last year some of the members felt too secure of their places, this year no one will be urged to attend all rehearsals promptly, but lack of interest will be cause for dismissal. Roland Thomas acted as temporary chairman, W. E. Kavan as secretary. It is very probable that Professor Scott, who was very instrumental in the club's success last year, may direct the club again this year.

The next meeting will be held in the Temple on Wednesday, October 23, at which organization will be completed. The following were selected: Guitar—N. L. Robinson, R. B. Willsey, N. L. Fulton. Mandolins—Roland Thomas, W. E. Harnsberger, G. A. Spooner, L. D. Hollinger, Ralph Smith, W. R. Harris, F. R. Young. Violin—W. E. Kavan, Mawrus Blish, F. J. Lehmer. Mandola—F. S. Perkins. Flute—W. A. Cismark. Violincello—T. J. Lehmer. Piano—Sam Griffin.

OCTOBER AGRICULTURE OUT.

Farmers Produce Quite Creditable Magazine—Many Student Articles.

The October issue of Agriculture, a monthly publication of the College of Agriculture, came out Tuesday. There are several articles of general interest on agricultural subjects as well as local news regarding the students and alumni. The majority of the articles are written by students. The staff is composed of Roy E. Marshall, editor-in-chief; H. W. Richey, assistant editor; Ray O. Smith, exchange editor; A. H. Beckhoff, business manager, and J. W. Wisenand, circulation manager.

PLAY STARTS TODAY

TENNIS MEN HAVING PAIRED OFF BEGIN ELIMINATION.

THIRTY MEN ENTER TRYOUTS

Many Men in School Can Make Squad if They Try Out—Courts in Rather Poor Shape for Tournament.

Tennis plans were brought to a head last evening when prospective contestants drew lots to determine partners in the initial matches. The first matches must be played today or tomorrow or the entries will go by default.

Those who secured partners in the lottery are required to arrange their matches with their respective partners independent of further orders from the tennis manager and may choose their own time for doing so with the limitation that the matches must be played in the next two days. After the first matches are over the time and contestants will be arranged by the manager. Will Determine Champion.

The series of matches to be played this fall will determine the championship of the school and offer material for the squad of eight men to engage next spring in the interscholastic matches with the Missouri Valley conference schools. In the opinion of Guy Williams, who is in charge of tennis arrangements, there are innumerable racquet sharks in school, and the prospects for a capable team are limited only by poor facilities in the grounds furnished for play. In comparison with the courts furnished by Nebraska's sister schools, those at Nebraska are most inadequate. The present grounds furnished to those interested in the sport consist of two courts, east of the athletic grounds, very poorly taken care of at any time and practically useless when damaged by the trespasses of youthful ball players in wet weather.

Singles Scheduled Today.

The following is the list of entries who are to make immediate arrangements to play off their first matches today or tomorrow:

1. Schultz—Beach.
2. Allyn—Flory.
3. Goodman—Crancer.
4. Lehmer—Williams.
5. Sadilek—Haggart.
6. Gardner—Armstrong.
7. Thompson—Meyer.

Players should report results of matches to the Daily Nebraskan.

REGISTRATION LARGE FIRST DAY.

Appearances Indicate a Much Larger Number of Students Than Usual.

Registration in the School of Agriculture started Monday. The number registering the first day exceeded that of last year, and from appearances there will be a much larger attendance in the school this year than any previous. Registration will continue till Wednesday, when the work starts.
