TASK BEFORE STIEHM

COMPARATIVE SCORES INDICATE HEAVY SEASON AHEAD.

ALL PLANNING TO DO NEBRASKA

Drake, Ames, Missouri, Kansas Enter Into Championship Plans—Missouri Has Hopes of Getting Goat.

Another school has at last placed itself in position to be one of the contenders for the Missouri Valley championship this year, and that is Drake. It upset all dope when they won from Kansas last Saturday, and according to the Iowa papers the race will be decided when Ames and Drake meet November 23. The Drake team has a whirlwind of a backfield, and although the line is light it is fast and withheld the attacks of the Kansas backs time after time. In the punting the Jayhawkers were outpunted an average of seven yards to each kick.

Ames, one of the strongest contenders, effectually put the Tigers out of the race when they defeated them 29 to 0. The explanation the Missouri coaches give is that they were lacking in quarterbacks. The Tigers have been well fixed for quarterbacks this year, but at the time of the Ames game all of them were more or less injured and could not follow the pace set by the rest of the team.

The Oklahoma game is not bothering the Tiger coaches much, but they are quite anxious to obtain revenge for the 14 to 6 defeat handed them last year by the Sooners. The Missouri management is planning on a big homecoming day on the date of the Nebraska game, next Saturday. A big banquet will be held the night before, and they are laying plans to hand the Cornhuskers a good wallop.

Another school has yet to be considered in the Valley race, and that is Washington. She has won all of her games except that with Illinois, and she gave that team a hard game. Drake will meet Washington a week from today, and that contest will eliminate one or the other. Coach Cayou has an eleven which is extra fast and aggressive, and also very tricky, and take lots of chances in their style of play.

These three aforementioned schools, together with Nebraska, will in all probability finish the race for the championship.

To do this Coach Jumbo Stiehm will have to put his proteges through the conference games at their top speed in order to register in the comparative scoring systems. This means that Missouri will have to be beaten more than 29 points, and Kansas will also have to suffer defeat by a large score. The

WILLIAMS WINS TOURNAMENT

Plays a Brilliant and Fast Game—Both Men in Good Form.

The fall tennis tournament was finished yesterday when Williams won from Meyer, 8-6, 6-3, 6-1. The contest, though well matched, was at all times in the hands of Williams. He played a brilliant game and showed good form from the very beginning. Meyer, though he has not had the practice that Williams has, played a fast but careful game.

In the first set most of the games were "deuce," giving the advantage in the end to Williams. In the last two sets Meyers seemed to lose speed.

Both contestants are from Peru Normal, where for several years they have played both with and against each other. Last year Meyers won from Williams in the finals of a tournament played at Omaha.

In yesterday's games both men used brilliant and fast serves, Williams winning out only by his chop strokes and volleys. Neither of the players used the "Lawford" to any extent.

The tournament was played in order to get a lineup on the available tennis material for next year's team. The squad, which will be picked from the players who finished in the semi-finals, will be announced in a short time. Eight men will be chosen and from these four will be picked to represent Nebraska in the spring tournament.

CHANCELLOR ENTERTAINS TEAM

Coach Stiehm and His Men Treated to a Dinner at the Chancellor's Home Last Evening.

Chancellor and Mrs. Avery presided over the varsity "training table" in a most hospitable manner at their home last evening. The dinner was given in honor of Coach Stiehm and his proteges.

As announced by the Chancellor, who in this instance was working under orders from the head coach, the meal served was strictly hygienic, but it was none the less palatable, according to the statements of the guests.

The supper was followed by a social hour, when the men occupied their time in "talking shop" and singing college songs.

JOB OPEN FOR HUSTLER.

Commercial Club of Twin Falls Needs Live Secretary.

Directors of the Twin Falls (Idaho) Commercial Club have written the Chancellor requesting that he name some man who is fully capable of holding down the job as secretary of the club. A good all-around hustler is needed. The salary to start with is \$75 a month and rapid promotion is promised.

TRAIL FOLLOWS NEW TANGENT

Musical America Will Be Depicted at Annual Fall Carnival.

Follow the trail. Like all trails, it leads to many different places. Last year it led into the past, besides the campfire and wigwam of the redman. This year it takes a new turn and leads into musical America.

In short, "The Trail," an annual Y. W. C. A. event, is to be of a somewhat different nature than that of last year. It will give as much entertainment, however, as the last "Trail," or the "County Fair" of preceding years. The idea will be carried out by Mrs. Lillian Dobbs Helms in her costume character songs with appropriate stage settings. She will first represent the original American girl—the American Indian—then the Puritan girl, and their many modern successors.

It is believed that as many of the University students will "follow the Trail" this year as in preceding years. The date is Saturday, November 2, the time 8 o'clock, the place the Temple.

NEW COURSE IN DRAWING.

Grumann Provides Credit for Teachers in Public School Drawing.

A class in public school drawing will be given in the newly organized School of Fine Arts, according to Director Grumann, who is entering into every plan to insure the success of the school. Students who wish to register for this work will report at the office of the director, L. 304, at 10 a. m. Saturday. The recitations are to be held on Tuesdays at 4 p. m. in L. 305, and one hour's credit will be given to students registered in the Teachers' College.

SEND BAND TO MISSOURI.

In a recent editorial in the Rag, commenting on band trips, it was suggested that the band football trips should be backed by the student body rather than by the local business men. The Athletic Board, Coach Stiehm and the team all desire that the band go to Columbia November 2 to help the Cornhuskers beat Missouri—an important game, which we must win to cinch the Valley championship.

As a means to this end 1,000 "N Booster" buttons have been obtained. These are to be sold at 50 cents each to raise the money for the trip.

Let every loyal Nebraskan buy a button for the good of the cause. The buttons are on sale, in hands of volunteer students. Buy one and wear it.

READY FOR ADRIAN

SIGNAL DRILL LAST NIGHT ENDS WEEK'S PRACTICE.

ADRIAN SENDS HUSK SQUAD

Three Regulars Out of Cornhusker Lineup—Afternoon Game to Locate Weak Spots in Team for Coaches.

The Cornhusker machine, with Coach Stiehm at the wheel, is ready for the contest with the strong Adrian team this afternoon at 3 o'clock. The Nebraska team finished its week's practice with a snappy signal drill on the athletic field. They were rewarded for their good practice by an early dismissal and the field was turned over to the Adrian team at 5 o'clock. The Adrian squad arrived at 3:30 over the Rock Island yesterday afternoon and at once went to the Lindell Hotel. The squad is a husky looking bunch and all appear in good physical condition. They were pretty well worn out by their long journey, but entered their practice with lots of energy and pep. They have fond hopes of holding the Scarlet and Cream team to a close score instead of winning, as they predicted earlier in the season.

The Cornhuskers will enter the contest with three of the regulars out of the lineup. Harmon's ankle will keep him out, and Potter will be absent for the same reason. Meyer, who has been playing guard, will be out of today's game and probably all of next week on account of a dislocated shoulder received in practice the other day. His place will probably be taken by either Irwin or Frietag, and there is a possibility of Hastin playing guard, and Mulligan, Hanzlik or Magor taking his position at end.

The game will determine whether or not the Gopher contest had any effect upon the playing of the Cornhusker line. In practice they have shown more aggressiveness, and if they are working good this afternoon should experience no difficulty with the Adrianites. The weight of the visitors is not as great as the Huskers, but their backfield more than makes up for it.

The Scarlet and Cream backfield is not worrying the coaches any at present. With two men for each position, the backfield problem has solved itself and the coaches have turned their attention to the forwards.

Although the game this afternoon will not spell anything in the Missouri Valley conference, it will give the coaches more of a line on the weaknesses of the team. A big score will not be run up even if it is possible, for the men will be saved for the contest with the Tigers next week at Colum-
