

NEBRASKA MEN NOT NEEDY

Only One Demand on Loan Fund This Year—Engineering College Student Recipient of Small Loan.

The student loan fund has not been drawn upon this year to any great extent. Only \$100 has been loaned this semester, and this was loaned to a student of the Engineering College. Several applications have been received from students in the other colleges of the University, but on account of the peculiar nature of the regulations regarding the disposal of the fund these can not be accommodated.

The fund at present consists of the donations received for the benefit of students of the University of Nebraska from Mr. J. R. Webster, Omaha; Dr. J. A. L. Waddell, Kansas City, Mo. and Hon. W. G. Whitmore, Valley. Each of these gentlemen donated \$1,000, making \$3,000 in all. \$2,000 of this is donated to engineering students alone, and the interest accruing from the other \$1,000 is donated to students of the other colleges. The fund is in the custody of the Board of Regents and is under direction of a committee, of which Professor Chatburn is chairman.

The latter fund, therefore, is quite inadequate to supply the demands of such a fund.

It is impossible to accommodate the students of the academic and law colleges as much as the committee would like to accommodate every one that has applied. The engineering fund seems sufficiently adequate thus far and very few engineering students have taken advantage of the loan.

MUST WALK OFF DEMERITS NOW

Special Friday Squad for Delinquent Cadets is Innovation of Commandant Bowman.

An innovation in the military department this year will be a delinquent squad, and hereafter the demerits given for various offenses will count so many hours' walking under the supervision of officers detailed for this duty. Heretofore discipline has necessarily been hard to enforce in the cadet regiment, because all that could be done with a bumptious soldier was to give him demerits which counted against his final passing mark. But now a demerit means so many hours' walking, if the offense is sufficient to warrant it.

These extra sessions will be held on Friday afternoons at the regular drill hour. The effect of depriving some drillers of their usual Friday holiday will probably be to make the issuance of demerits a less frequent thing.

The first squad is already provided for, and some fifty men will report for drill next Friday night, the occasion being the failure of the men to order uniforms or have their second-hand ones inspected by the commandant. This squad will be continued through the year if it is found to be a success.

M. V.

MISS KING SPEAKS SUNDAY.

Graduate of Michigan, Representing Y. W. C. A., Speaks to Women.

Miss Katherine King, who was to have spoken at the Y. W. C. A. pageant last Sunday, will speak to the women of the University this coming Sunday afternoon at 4 o'clock.

Miss King is the Y. W. C. A. secretary for China, representing the university associations of Nebraska, Minnesota and Iowa, and is a delightful person to know. The daughter of President King of Peking University, she lived in China until the time of the Boxer uprising and then came to this country to attend university, graduating from the University of Michigan.

W. S.

JOHN H. MOREHEAD FOR GOVERNOR.

The faculty and students of the University of Nebraska will be interested in the campaign this fall because of the attitude of the candidates and the parties toward University extensions and appropriations.

It will be noted from an examination of the platforms of the various parties that they are all silent on University matters, except the Democratic platform, which contains a plank favoring liberal appropriations for maintenance and extensions.

Just how it happened that the republicans omitted from their platform this important feature is difficult to explain. However, since the republicans in all their platforms of recent years, except the one this year, have made specific declarations on their policy in University matters, the omission of such a plank in the present platform is presumed to be intentional.

University people have no hope for their much-needed extensions, therefore, except through the instrumentality of the democratic platform and the democratic candidates.

Naturally the University must look largely to the legislative tickets in Lancaster county to initiate legislation which is needed, for the reason that local candidates know more of the conditions and needs. It becomes important then to have a delegation in the next Legislature from this county which can give the University what it most needs.

The democratic candidates are all friendly to the University. Those who are interested should weigh these facts and vote to preserve their interests, not to oppose them.

That all University people may know those candidates who will best serve their interests, the names are given herewith:

For Senate—

Otto W. Meier
Charles S. Roe

For Representative—

Edgar F. Snively
Dr. A. P. Furgason
William Foster
George E. Quick
C. W. Enyeart
Frank Mills.

GOVERNOR CHESTER H. ALDRICH
O. S. U. '88

Candidate for re-election.

The governor has always shown himself a true friend of the University.

WALTER A. GEORGE

REPUBLICAN CANDIDATE FOR

STATE TREASURER
BROKEN BOW, NEBRASKA

Have Served You One Term.
