

Y. M. C. A. RECEPTION

ENTERTAIN FRESHMEN IN ARMORY TONIGHT AT 8 O'CLOCK.

OLYMPIC TRYOUTS TO BE HELD

All Freshmen Want to Be There—
Every Man Will Be Placed on
Some Event—Good Time to
Win the Olympics.

The University Y. M. C. A. will give its annual reception to the freshmen tonight at 8 o'clock in the Armory. Ankeny, the chairman of the freshman Olympics, has arranged with the committee in charge to hold the freshman tryouts at the same time, so he wishes that everyone would try and be there. All the tryouts will be held this evening except those for the cross-country team. These will be held this morning at 9:30. Besides the individual tryouts for places in the boxing and wrestling contests every man there will be assigned to a definite place on either the hog-tying or tug-of-war team. Both of these contests give a large number of points, so every plan possible is being made to make the freshman teams the better. Upper classmen have been secured to act as referees and judges for all the events.

After the tryouts other forms of amusement will be provided. The Y. M. C. A. has tried to make the event one of the best of the season, and it bids well to be such. It is to be understood that none of the aspirants for the various positions are to work so hard that they will not be able to partake of the "big eats" which will be served.

At this reception it is going to be imperative that everybody get acquainted, and at no other time or event will there be a better chance to accomplish this. For this reason it behooves every first-year man to turn out and meet the rest of the class. Moreover, by getting better acquainted with each other it is going to be easier to put up a harder battle against the sophomores. Team work is going to count a great deal, and this can not be had unless the members of the team at least know who their neighbors are.

HOCKEY ON YOUR OWN SIDE

So Say the Co-eds Whose Secret Game Yesterday Morning Was Discovered by a Reporter.

Did you know that Nebraska co-eds play hockey, or, rather, that they did play yesterday morning on the athletic field? Well, they did, for a starving reporter out looking for news espied them—no, not from the grandstand—horrors, no!—for the game was played behind closed doors, or, rather, gates, but he saw them from the fourth story of M. A. Hall. It was a very exciting contest. It reminded him of the old-time game of "shinny" he used to play in the alley behind father's barn.

In order that the sisters could distinguish themselves from each other one side wore dainty white middle blouses while the other side wore the gymnasium blue. It did not seem, from the reporter's lookout, that they were playing the game any too gently, and he will vouch that there are a few who will not play in that game for some time.

At the close of the game the reporter stood at the gate and tried to find out the score, but he was cruelly snubbed for his pains.

It has been suggested that a game of hockey between the freshman and sophomore girls be one of the Olympic numbers for next Saturday morning. —L. W. H.

Michigan—A machine has been invented by a professor in the engineering college at Michigan which will measure the accuracy of the memory and the power of concentration of the mind. It is thought that it will prove very advantageous in psychological research.
