DEBATING LEAGUE GROWS PRESENTED BY THE CLASS OF 1906 TO THEIR ALMA MATER LAST DAY

ADDITION OF TWENTY SCHOOLS MAKES DECIDED GAIN FOR NEBRASKA LEAGUE.

DEBATES HELD IN FEBRUARY

High School Debaters Wrestle With Question of Commission Form of Government-Finals Held on University Fete Day.

The Nebraska High School Debating League, which in 1911-12 was the largest organization of its kind in the United States, has this year proved itself to be even mroe worthy of being so designated by the admission of several new schools. Formerly seventy high schools belonged to the league and recently twenty new schools were admitted, which is a decided gain for the organization. The increased number of institutions has not necessitated many changes and redistricting has not been found nec-

The league was organized by Professor M. M. Fogg in 1908, and then had a membership of thirty schools. The plan of unifying the system of high school debating has proved to be so successful that each year has seen the entrance of new schools into the association. They are divided into twelve districts, each presided over by district directors, and these divisions form the league, which is under the supervision of Professor Fogg.

The series of district debates for the sixth annual contests will be held some time during the month of February. The winning contestants of the districts will appear in the state championship debate, which will be held at the University on high school fete day, during May. The question selected for the forensics of this year Resolved, That American Cities Should Adopt a Commission Form of Government.

Professor Fogg has supervised the preparation of abstracts of thirty-five articles on the question. There are ready for distribution by the Debating. three sets being furnished for \$2.75. Those interested in the subject will find these very valuable material for the thorough study of it.

MARKS CLOSE OF AN NUAL EXHIBIT.

To Plans for Buying-Last Few Days Marked By Good Attendance.

The annual art exhibition of the Nebraska Art Association closes this evening with a final reception to all patrons. The exhibit was planned to be ended last Saturday, but was postponed until today to give the students and others who failed to visit the gallery before vacation a second chance to see the pictures.

As soon as possible after the closing of the exhibit the majority of the pictures will be packed and shipped to Lawrence, Kansas, where they will be placed on exhibition. Later the pictures will go to St. Louis and finally to the owners' respective galler-

As yet the directors of the Art Association have not made any definite plans for buying one of the pictures but it is probable that they will do so before the pictures are sent away.

Many of the patrons have suggested that if they decide to purchase one they should consider "The East River." Of the pictures that have been liked best "The Pinnacle" takes the lead. Though one of the smaller pictures, it is one of the most carefully prepared. It was painted by C. C. Curran of New York. "Where the Brook and River Meet," and "The Stock Yards in Winter" are others that have been greatly admired.

The attendance this year, though not as large as last, has been very good, particularly since the holidays. Thursday and Friday surpassed any previous days with a total of five hundred visitors.

The reception this evening will begin at 8 o'clock in the gallery. This will be the last time that the pictures may be seen.
