

INVITED TO INAUGURATION

Missouri Students Have Chance to March in Parade.

The university of Missouri and its students have been invited to take part in the inauguration of Woodrow Wilson as president March 4.

An invitation has been received by President A. Ross Hill from Joseph R. Truesdale, chairman of the inaugural committee.

Any college or university in the country which will send twenty or more students or alumni will be given a place in the parade. It is recommended that the students bring bands with them. The proposed student demonstration is to be non-partisan, and merely a recognition of the election of a college man to the headship of the nation.

Those who march in the parade will be required to wear either caps and gowns or some other uniform to be approved by the inaugural committee. Shoulder straps and banners will indicate the schools represented. Rates probably will be given to Washington by the railroads.

There is a chance for some students here to get a commission as aide with the rank of colonel, by taking the lead in getting a group of students to go. The leader of each delegation is to be given this recognition—University Missourian.

Want a Graduate Branch of University Y. W. C. A.—Miss Field Chairman of Organizing Committee.

Increasing interest on the part of Lincoln alumnae in University Y. W. C. A. has suggested the feasibility of a graduate branch of the association. A committee, with Miss Georgia Field as chairman has decided to take definite steps in this direction during the student conference with Miss Burner, March 4-9. With an aim to make this week a general homecoming the committee is sending personal letters to alumnae in Lincoln and out in the state. Miss Burner will conduct a special meeting for alumnae Saturday afternoon, March 8, following a luncheon for all Y. W. workers.
