Believing that the graduates and former members of the University are interested in the Y. W. C. A., a committee has been brought together to formulate plans for organizing an der which university men are comalumnae branch of the University Y. pelled to work in Ann Arbor boarding that day.

some effective medium through which the alumnae might express their interest in the Y. W. C. A. and through which they might work. The committee feels that a permanent alumnae body will not only afford the means for this but will also make for a greater spirit, interest and energy. It will be the means of keeping in touch with and to call a mass meeting for public the work done by the University association and of assisting in that work whenever needed. It will form a "home" to which graduates and former students may return and know that they are still a part of the University. It will be the medium of interesting girls just entering college in the Y. W. ('. A. work and in bringing to the attention of those girls just leaving college the broader questions for which the Y. W. C. A. so ardently stands.
