The Forum

To the Editor of the Daily Nebraskan

The student and faculty athletic ticket which we were so strongly urged to buy last fall states on the cover that it "Admits original purchaser to all inter-collegiate competition on the Home Field." Last Monday night these tickets were refused at the door. Can it be denied that the game with Kansas was an inter-collegiate competition? When a protest was raised it was stated that the basket ball team was in the hole and needed cash. Does the fact that the basket ball team was in the hole alter the case? Is that a justification for repudiating the contract?
