**MEDICS TAKE NITROUS OXIDE**

Dr. Stephens' Class Given Clinic At Dental College.—Students Get Molars Extracted Free.

Dr. J. F. Stephens gave his class in materia medica a little outing Thursday. Dr. Stephens, with Dean Davis and Dr. Fellows of the Dental College, conducted a clinic before sixty sophomore medic and dental students, demonstrating the use and effects of nitrous oxide, anaesthesia. Some of the medics took advantage of the opportunity and had their troublesome molars removed, painlessly, much to the amusement of the other students.

**EARTHQUAKE ROCKS UNIVERSITY HALL**

Students Frightened By Severe Shocks While Building Rolls.

Students congregated in University Hall yesterday morning experienced the sensations of a terrible earthquake. Recent experiences of the Omaha tornado passed through the minds of some. All was quiet when from some unseen source came a loud roar; that filled the entire building with its vehemence. The stairs creaked and tottered; the very walls of the building trembled from the shock. Louder and louder it became, and more fearful than ever became the roar. The stairs now shook and threatened to fall. The whole atmosphere seemed to permeate with the power of the supernatural.

Down the stairs three hundred strong came the law school and the earthquake passed over.
