Vol. XII. No. 144

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, MAY 13, 1913

Price, 5 Cents

'13's GRADUATE JUNE 12

FORTY-SECOND ANNUAL COMMENCEMENT OF UNIVERSITY WILL OCCUR SOON.

HELD IN METHODIST CHURCH

David Starr Jordan to Be Commencement Orator—Chancellor Avery Confers Degrees—Alumni Week Planned.

The forty-second annual commencement of the University of Nebraska, at which the members of the class of nineteen-thirteen will receive their coveted "sheepskins," will be held upon Thursday, June 12. The commencement exercises this year will be held in the St. Paul's Methodist church instead of in the Auditorium, where they were held last year. The number of students who will graduate at this time is estimated to be between four and five hundred, but of course the actual number will not be known until a few days before graduation.

David Starr Jordan, the president of Leland Stanford University will deliver the commencement address this year. The state military commissions will be conferred by Governor Morehead on officers from the cadet regiment while as usual Chancellor Avery will present the diplomas.

The dreaded examinations of the outgoing seniors will be given upon the week previous to graduation and it is only after this final sifting of the "sheep and the goats" that any one of the redoubtable '13's can be certain that he has safely crossed the Rubicon of his college career. Many seniors, careworn because of a too strict attention to books and by a neglect of the necessary "campus lab," can be daily seen in the library but the greater portion of the class will not begin to worry until the week before the ordeal.

The alumni will get busy during the week of commencement and hold a genuine old Alumni week when the old grads returning to familiar scenes about the old school can talk over old times and renew past acquaintances. The alumni proceedings are in charge of George Kiine, the alumni secretary, who is planning upon making the week a grand success from every standpoint.

The summer session of the University will begin June 9, in order to give the summer students an early start, although the registration for summer school will not occur until June 13 and 14, after the graduation.

Notice.

All Cornhusker bills should be paid this week. Those desiring Cornhuskers who have not already ordered may do so this week at the same price. Only a few more books left unsold.

Helen Sawyer spent the week end with friends at York.

Will Take Thousand Feet of Movies of University Friday

The moving picture film company which comes to Lincoln the latter part of the week for the purpose of registering the points of interest and beauty in the city has been induced by the Chancellor to spend one thousand feet of film on the University and Farm alone. The views taken will include all the campus and farm buildings and the interior of several laboratories and shops, together with typical campus views.

Dr. Condra, who has charge of directing the work and organizing the students in their poses, has expressed his desire that they be prepared in the various colleges in accordance with definite plans to be announced later to appear before the camera in groups before the buildings and at work in the shops. The pictures will probably be taken about 11:45 Friday. It is announced that the Engineers will be pictured in front of the Engineering building and the Laws will be transferred to the new Law building for their background.

Inspecting Officer Declares Should be Proud of Military Dept.

Captain William Raymond of the Adjutant General's staff inspected the First Regiment of the University cadets and expressed himself as very well satisfied with existing conditions. He leaves this morning for the next school on his schedule coming from Iowa to Nebraska and going on northward in the vicinity of the Missouri river.

The program included regimental parade before and after the inspection, regimental and battalion inspection and company inspection. Classes were excused all afternoon for the soldier boys, but the lack of school work was more than made up for by the grooming and shining process which the close inspection made necessary.

Five University Maids Will Appear in Movies Being Taken

Five out of the six Lincoln girls who have been chosen to enact the roles of the six pretty pilgrims are attending the university. They are to take a three days' trip about the city under the auspices of the Commercial club who are taking movies for advertisement purposes. The university, the public buildings of the city and other places of interest will be visited.

The six are Misses Sarah Ladd, Phoebe Folsom, Lillian Chapin, Harriet Chapin, Alice Proudfit and Katherine Hoiyoke.

Girls' Track Meet and Big Baseball Game Wednesday Afternoon

Everything is in splendid shape for the Girls' Track meet Wednesday afternoon. If the weather conditions are favorable the meet will be held on the athletic field, if unfavorable, it will be held in the armory.

All girls are excused from classes from 3 to 5. The gates will be open at 2 o'clock. The band will play during the afternoon. Gate admission, 10 cents.

The freshman-sophomore baseball game will probably lead the afternoon's events. The usual field events, sprints, hurdles, high jumps, shot puts, basketball throw and pole vaults will follow.

Over eighty entries have been made. Lottie Savage, last year's all-around champion is again out for honors, and it is rumored that her championship will be contested by several able athletes.

The freshman baseball team is the most skillful ever developed in the local women's athletic department.

The baseball lineups are as follows:

Baseball Players.

Freshmen—Pitchers, Edith Miller, Louise Brownell; first base, Grace Metcalf; second base, Carmille Leyda, captain; third base, Lucille Leyda; short stop, Gladys Doming, Edith Brown; field, Edna Bushnell, Irene Swanson, Edna Froyd, Lucy Jeffords, Lodica Babcock; catchers, Ruth Lahr, Lucile Rome.

Sophomores—Genevieve Lowry, captain; first base, Olivia Walte; second base, Beulah Harris; third base, Marie Clark; short stops, Grace Reavis, Ruth Sheldon; field, Alice Eason, Helen Randall, Ruth Underwood, Lella McNerny, Alwina Bloomencamp, Ruth Fitch; catchers, Amy Garner, Ann Wynne.

Music Makers Take Wet Trip Friday To Ashland

The Glee and Mandolin clubs went to Ashland Friday for the last out-of-town concert of the season. About thirty members of both clubs left on the 6 o'clock train and returned late the same night. In spite of the bad weather there was a good attendance at the concert and Ashland people seemed pleased with the work of the musicians. A reception for the University men was held at the home of Ernest Harnsburger of the Mandolin club after the concert.

The Kosmet club of the state university met at the Lindell hotel for a dinner Saturday.

The freshmen of the Chi Omega sorority gave a matinee dance Saturday afternoon to the freshmen of the other sororities.

FEW ARE VOTES CAST

BUT THREE HUNDRED UNIVERSITY MEN EXPRESS CHOICE FOR ATHLETIC BOARD.

MAX TOWLE IS HIGH MAN

Howard Follows Closely After; Lustrum, Stryker and Ganz Complete Five Elected—Many Duties Go With Office.

Yesterday three hundred and thirty-three of the male voters of the University cast their ballots for the five new members of the Student Athletic Board to hold office during the year 1913-1914. Max Towle was the high man with a total of 267 votes to his credit with Warren Howard a close second with 256 votes. Carl Ganz, R. C. Lindstrum and F. H. Stryker were the other lucky men.

These new members enter upon their duties next year and with the faculty members will have charge of selecting all coaches, managers, granting of letters and all transactions pertaining to university athletics. Thus it is easily seen that their duties are not only honorary but that the athletic standard depends to a more or less greater degree upon the athletic board.

The result of the ballot taken yesterday gives the following votes: Max Towle, 267; Warren Howard, 256; R. C. Lindstrum, 234; Hird Stryker, 214; Carl Ganz, 212; J. L. McMaster, 181; Paul Roberts, 163; A. B. Ballah, 138.

Would Prescribe Rest Course for Those Unable to Endure Gym Tortures

An innovation in the line of studies has been proposed by Miss Gittings as an addition to the University curriculum. The course is called the rest cure, is exclusively for girls and the most arduous work of the course consists in the maintenance of perfectly quiet and restful condition on a comfortable couch under the careful instructions of a supervisor, the student having all tight clothing removed and hair undone and practicing the difficult feat complete repose.

In order to prevent strain or overwork on the part of students who take the course, the amount of work which each applicant will be allowed to perform in the work of relaxation will be decided by medical authorities. The course has a very commendable object in the promotion of beauty and grace among the girls.

Alma Sullivan of Sterling spent the week end visiting her sisters and friends.

Violet Sims spent the week end at the Chi Omega house en route from Berlin, Germany to her home in Aurora, Neb.
