

FETE DAY IS TOMORROW

SIXTEEN HIGH SCHOOLS REPRESENTED IN BIG TRACK MEET ON NEBRASKA FIELD.

OVER ONE HUNDRED ENTRIES

Several Teams Picked as Winners but Many Surprises Are Expected in Saturday's Contest.

With every detail completed everything is in readiness for the Annual High school track meet, commonly known as the Fete Day meet, to be held on Nebraska field next Saturday afternoon. Up to the present date there have been entered 103 men to take part in the events of tomorrow afternoon. These men are representatives of sixteen different high schools situated in the various portions of the state.

The meet will start promptly at 2:30 and will be completely finished at 5:15 as each event is scheduled to be pulled off at a certain time and those not on the scratch at that time will be left out. It is quite a task to get everything satisfactorily arranged to accommodate such a crowd of athletes so the schedule system has been adopted in the hope that the meet will not be a drawn-out affair as it has been formerly.

The spectators will be amply accommodated in the grand stand at the north side of the field but the extra bleachers at the west end near the finish have been set aside for reservation. These seats are to be reserved at a small cost at 10 cents per seat.

The strong track teams from Omaha have won the meet in the past two years but their chances of repeating the trick this year are not quite so promising for several of their good men are not in school at present. Lincoln usually has an extra strong team but this year they too are more or less handicapped by the lack of material. In the Missouri Valley meet held at St. Joseph last Saturday the Lincoln athletes were able to capture only three points. Kearney Military Academy are always strong contenders in all track meets and are booked to make an excellent showing this year. York and Pawnee City, although more or less unknown quantities are given a slight favor over any of the other schools entered but it remains to be seen whether or not they will be able to make good.

Nebraska City is represented this year in the sprints by Smith, who won second at the meet last year. They are depending upon him for a number of their points. Falls City has in Reavis, a cousin of David Reavis on the Varsity track team, a demon in the pole vault. His practice records this spring have been around the 12 foot mark while his record, officially is 11 feet 4 inches.

The list of schools entered in the meet tomorrow are Ashland, Omaha, Lincoln, York, Falls City, Randolph, Crete, Hastings, Nebraska Military Academy, Pawnee City, Tecumseh, Nebraska City, Kearney Military Academy, Beaver Crossing and University Place.
