Mrs. Avery To Entertain.

Mrs. Samuel Avery will be at home to the ladies of the faculty from 2:30 to 5 o'clock on the afternoons of Wednesday, September 24 and October 1, at 2001 Washington street. The invitation includes the wives of the professors and the women teachers of the university. On Friday evening of September 26, Chancellor and Mrs. Avery will be at home from 8 to 11 to the members of the faculty and their wives.

Greeks Migrating to Warm Southern Climes—Not Barbarian Invasion

A decide influx of the Greeks into the south portion of the city has been very noticeable in the changes of location in the fraternities and sororities that have taken place this summer. Three sororities have moved into south Lincoln, while one fraternity and one sorority have moved from the eastern part of the city closer to the campus.

The Delta Gamma sorority has moved to 1637 F street from their former home at Fourteenth and Q streets. The Pi Beta Phi's have taken a new home at 1640 G street, having formerly been at the corner of Thirteenth and R. The Alpha Phi's have secured the house occupied last year by Professor Wilson at 1848 C street.

The Kappa Kappa Gamma's have moved from their home in east Lincoln to 330 North Fourteenth street, while Sigma Phi Epsilon has made a similar change, taking the former home of Professor Condra at 1319 Q street.

The Alpha Phi's secured their new location after having leased a house last summer at 1615 F street. The owner after he had signed the lease sold the property to other parties. Upon the threat on the part of the sorority to sue for breach of the lease, the owner paid them \$750 in compromise of their claim.

ART GALLERY OPEN SUNDAYS

Doors Thrown Open On Other Than Week Days—Pictures Re-framed and Re-grouped.

Sunday afternoon the art gallery, in Library Hall, was open for the first time in its history on Sunday afternoon. This year this will be one of its features, and from 2 to 5 the doors will be opened to the general and university public.

The hours governing week-day opening will be the same as last year, according to Director Grumann. That is, from 10 to 12, and from 2 to 5.

The gallery has been very attractively prepared for use this fall, in that a number of the pictures have been re-framed and regrouped. Miss Hayden's copies of some of the great masterpieces are included among these, together with several of the pictures belonging to the Nebraska Art Association.

THE L SYSTEM

College and High School Week

starts on it's second day and you, young men, who weren't here Saturday, don't want to stand idly by and watch your neighbor get ahead of you in the matter of dress. Join the style race and set the pace for your friends.

It is essential that you attend this exhibition as early in the week as possible, if you want to get a wide choice of patterns and models.

THE L SYSTEM Clothes were made for thoroughbreds and they are thorough in every particular. The smallest stitch is not too trifling a detail for THE L SYSTEM Tailors to accomplish perfectly. And from coat collar to trouser turn-ups, every detail reaches the 100 per cent in finish. But maybe you are not as interested in tailoring as you are in style and pattern, which makes it all the more necessary for you to visit us.
