

Tryouts for Cross Country Scheduled For This Afternoon

Tryouts for the cross country team were scheduled for this afternoon at 1 o'clock. If the weather does not improve over what it was last evening, the distance men cannot be asked to cover the course of five miles against a biting wind. No definite postponement has yet been announced.

Captain McMasters has spent some time surveying the course over which the Missouri Valley cross country schools are to run this year. It lies over the viaduct on Tenth street, east to Fourteenth, thence north about a mile and a half, west to Belmont, from there returning over the viaduct. The Missouri Valley meet, in which Nebraska meets for other teams, is to be held over such course on Saturday, Nov. 8. Two weeks later the Western Conference meet will be held in Chicago, the entrance of Nebraska into which will depend upon her success in the first meet.

FACULTY MEN ORGANIZE CLUB FOR DISCUSSION

Humanist Club Meets for First Time Last Evening—Dean Hastings Spoke on Justice.

There are student clubs and organizations innumerable, but few among the faculty, so that the announcement of the formation of a purely faculty club has caused much interest. The Humanist Club, as it will be called, held its first meeting last night in Art hall. Professor Dann acted as chairman and Dean Hastings spoke on "Justice."

The club meetings will be held every three weeks, at which time one of the professors will give a lecture on the humanity side of the special work in which he is interested. The sponsors for the new club are the following professors:

J. E. LeRoussignol, Grove E. Barber, E. L. Hinman, Charles E. Bessey, P. H. Frye, Guernsey Jones, Sara S. Hayden, L. B. Tuckerman, Jr., F. M. Fling, H. K. Wolfe, Clara Conklin, W. C. Brenke, F. W. Sanford, William F. Dann; Paul H. Grummann and H. B. Alexander.

Wireless Station May Be Added to Present Engineering Equipment

Some time in the future, the engineering department is going to install a wireless. It is very badly needed, but the time has not yet come when the authorities will make the necessary move in this direction. Professor Ferguson, the head of this department, has devoted most of his time since he began his work here, to things we needed more than the wireless. He says, however, that the wireless station will be installed and that he is awaiting the time when this is to be done. At Union university, where Professor Ferguson taught before coming here, they have installed a high-powered wireless station with an aerial pole 165 feet in height. The station situated at the University of Michigan has just sent a message 2,000 miles. Let us see a good wireless station installed on our campus. Nearly all colleges and universities of any size have them already installed or working on them. Doane college at Crete has a good station. Why not University of Nebraska?

Hear Ye! Scandinavians? Hear Ye! Come, bring your friends to the meeting of the Scandinavian Club next Thursday evening, the 30th, at 7:30 o'clock, in the Faculty Hall of the Temple.

This meeting is important, therefore it is desired that all Scandinavians come.
