CLASS IN APPLE JUDGING

ARE INSTRUCTING MEN IN GROWTH AND IDENTIFICATION OF APPLES.

CHOOSE TEAM FOR CONTEST

Five Men Will Represent Nebraska in Competition with Missouri Valley Schools at Lincoln in January.

Rosy checked apples and the breath of autumn which they exhale are of late enticing many men in the College of Agriculture to have a leaning toward that phase of horticulture. A class composed of upperclassmen in the College of Agriculture is being subjected to a system of coaching by Professor Cooper. The time is spent in judging and identification of varieties. The manner of selecting the team is essentially the same as that in football or other similar college activities, that is, the best being chosen from among those working out. The team which represents the school will be composed of five men.

Through arrangements made by Prof. J. R. Cooper apples have been traded with all the fruit-growing states. Twenty of the more common varieties of apples will be used in the contest.

The Nebraska team will compete this year with Kansas, Iowa, and Missouri at Lincoln. The contest will be held during the state show, which is the week of organized agriculture. The exhibit will be held in the auditorium and will be similar to that of last year. Arrangements have also been made with the State Horticultural society to meet at this time which will be during the last week of January.

The winning team in the apple judging contest receives as a prize a silver trophy, and the school winning it three times in succession obtains permanent possession of it. Should the Ames team win this year they retain permanent possession of the cup. There is still room for more men in the class and any who are eligible and can do so, are privileged to enter the class.

TENNIS COURTS NOT INCLUDED IN NEW CAMPUS

A discovery in the tentative plans for new university buildings made by Architect Hogdon of Chicago and in the hands of university authorities was reported this morning to Chancellor Avery by a tennis enthusiast who complained that no arrangements had been made for tennis courts.

The chancellor was pleased that his attention had been called to the matter and decided it would be a good plan to give an open call for suggestions on the campus plans. These plans are in the office of Superintendent Chown in Administration Hall, where they may be inspected by any interested person. The suggestions should be stated briefly and in typewritten form to be given proper consideration, says the chancellor.

Foresters Break Over For Big Pow-Wow at Farm This Afternoon

Following out an established custom of holding a yearly function in which the members of the department may get together and become better acquainted, the Foresters will betake themselves to the State Farm grove this afternoon, and there will participate in some of the practices incident to their profession, together with sports of a less serious nature.

The festivities will open with a football game between freshmen and sophomores, with the probability that upperclassmen will be given an opportunity to get into the fray as substitutes. The football game will be succeeded by a rifle contest in which all members of the department may participate.

Again the freshmen and sophomores will contend in a sawing contest, two men being chosen from each class. A packing contest in which pack horses will be used will savor of real life in the woods.

The most enjoyable feature of the event will be the camp supper around the camp fire, during which time speeches will be made by members of the faculty and others, and many tales of the woods will be recited. With the giving of the foresters' yell "camp" will break up. Should the weather be stormy the pow-wow will be held at Robbers' cave.

RESULTS IN CROSS COUNTRY

Goetze Finishes First With Seven Men On Heels—Squad not Complete.

The results of the tryouts for the cross country teams, held Thursday, as follows: Goetze, first; Charles Anderson, second; McMasters (capt.), third; Kratz, fourth; Gerlau, fifth; Raecke (freshman), sixth; Anderson (freshman), seventh; Frost, eighth; Diers, ninth; Compton, tenth; Rlenkle, eleventh; Kyle, twelfth. The rest were so far behind that they were not classed with the first twelve. The time was 31 minutes. The tryouts were run over the Belmont course, which is five miles long and very difficult course.

The tryouts were very good, the first eight men finishing very close. The entire squad will continue their work and it is hoped that some good men will be developed out of the number. Six men are needed for the squad, which will not be picked until later in the year.

STUDENT SERVICE.

Rev. E. A. Worthley, Secretaries Ewing and Drake are scheduled to speak at the special students' night service of the Emmanuel Methodist Episcopal church Sunday evening. The church is planning special features for students, of the universities and business colleges, and this is the first of the services. G. W. McCreery is pastor.

Gopher Students Go On Rampage After Sending Team Off to Wisconsin

Minneapolis, Oct. 30.—A dozen policemen and a score of detectives engaged in a desperate battle with 500 University of Minnesota students, high school boys and other sympathizers at a local theater tonight. Clarence Windmiller, a doorkeeper at the theater, was knocked unconscious, and two students, Giles McHenry and F. L. Lafferty, alleged ringleaders in the riot, were locked up at the police headquarters.

The students, who had been celebrating the departure of the Minnesota football team for Madison, Wis., charged the front entrance of the theater. When Windmiller attempted to stop them he was beaten and seriously injured. The crowd was held at bay by a policeman with a drawn revolver until a riot call brought reserves from headquarters.

The theater manager and employees quieted the audience, which feared the tumult was caused by fire.

OPPOSITION TO DR. WILLIAMS

Alumni Urge the Withdrawal of Gopher Coach For Failure to Turn Out Winning Team.

Duluth, Minn., Oct. 31.—Resolutions were adopted today by the northern Minnesota alumni association urging the board of control of the University of Minnesota and the other university authorities "not to renew the contract of Dr. H. L. Williams of the football team."

Reasons assigned are that Coach Williams has failed in recent years to win a championship, although championship material was available and that teams under his direction have not been given efficient and proper coaching. The resolutions were signed by Walter F. Dacey, president, and Laird Goodman, secretary.

DANNER TALKS ON LEPERS

Secretary of Indian Mission Gives Experience With Lepers in East.

Last year it required \$37,000 to support twenty-seven mission stations for lepers in the far east and this year the requirements will be to the extent of \$43,800.

The mission to lepers is now responsible for the maintenance of fifty-two asylums for lepers in China, Ceylon, India, Burma, Japan, Siam, the Philippine islands and Korea, and of twenty-seven homes for untrained children of leprosy parents. Thirty other stations are aided by grants of funds, by Christian teaching, or by support of lepers.

Secretary W. M. Danner of the mission to lepers in India and the far east made plain in his message Thursday evening in the Temple that the needs of the lepers are: Shelter, food, medical treatment, and Christian teaching and sympathy.

ARRIVE IN DES MOINES.
