**PRIZE BABY MEDALS ON  
 EXHIBITION IN ART HALL**

Designs for Nebraska Baby Show Winners Work of Famous Sculptress.

The medals which were designed for the Nebraska baby show by Miss Laura Gorden are now on exhibition in the Art gallery.

Miss Gorden is a relative of Theodore Tilton, the famous sculptor, and has been a pupil of John Frazier. Her work has been very successful and has attracted a great deal of admiration and attention.

The first prize at the art students' league of New York was awarded her and she was also chosen to design the Studebaker fountain. The medals now on exhibition, one gold, two bronze, and one silver, are splendid examples of Miss Gorden's artistic work, and students should take advantage of the opportunity to see them.

**OFFICERS START CAMPAIGN  
 FOR STRICT MANAGEMENT**

Graft Incidental to Military Ball to be Eliminated by Unanimous Action of Officers' club.

The Officers' club went on record last night as favoring the strictest possible management of the annual Military ball. Charges of the graft which were said to have corrupted the record of the committee of last year were used to enforce the stand of the progressives. The unanimous vote of the club was cast in favor of doing away with all but five or six complimentary tickets.

The club furthermore set a precedent in approving the appointive power of the chairman. By doing this the selection of the ball committee was taken out of the politics of the club and given over to impersonal action of the president, Colonel Kramer. The appointment of this committee will be announced soon.

**PRECIOUS STONES ADDED  
 TO MINERAL COLLECTION**

New Class for Study of Gems Will be Organized for the Coming Semester.

The Geology department has recently added a large and complete collection of precious and semi-precious stones to its collection. A number of splendid specimens of opal, turquoise, tourmaline and topaze are included in the collection besides the semi-precious jewels.

A class will be organized this coming semester for the express purpose of studying precious stones and their characteristics. A part of the work will include a study of gems and their settings, attacking the subject from the commercial side.

All Girls who plan to go to the Kansas game should report to Miss Graham at once.

Der deutsche gesellige Verein versammelt sich Donnerstag Abend, den 13n. Nov. bei Prof. Grummann, 1967 South street. Der Wahl der neuen Mitglieder wird stattfinden.
