

## Premier Trainer of the West

By Fred L. Babcock

This is Jack Best year at the university. It is the silver anniversary of his connection with this institution.

For a quarter of a century Jack Best has labored and toiled, as no other man has labored and toiled, in order that our athletes might show their superiority over all others and thereby place our university among the foremost in the world. For twenty-five years Jack has been a faithful guardian over "his boys," bearing with them their burdens, sharing with them their troubles, and suffering with them their wounds.

Jack Best, Nebraska's Trainer

It is particularly fitting that this anniversary should be marked by the splendid gridiron victories for which the old trainer has so long hoped and prayed. No higher tribute could be paid him than the statement that he has been a material factor in developing the greatest team Nebraska has ever had.

Jack Best is a man among thousands. He will be remembered by Nebraska "grads" long after the memory of former captains and former heroes has been crumbled into dust.

*Continued from Page Three.*

Score, 9 to 0. The line-up of the Cornhuskers was the same as for the Minnesota game, all the cripples having rounded back into condition. Towle, by a marvelous drop kick, and Halligan by a touchdown, covered themselves with mud and glory, and scored the points for Nebraska. The Cornhuskers decisively defeated the strongest eleven that her ancient enemy ever had.

By winning all her conference games Nebraska captured for the fourth consecutive year the football championship of the Missouri Valley Conference. This is the third year that Coach Stiehm has developed a pennant winning machine. Premier honors will grace the Scarlet and Cream banner until the Cornhuskers are defeated by some conference team. It was a fitting close to a glorious season of brilliant victories.
