NORTH GETS INJUNCTION

WOULD RESTRAIN REGENTS FROM LETTING CONTRACT FOR UNIVERSITY CATALOGUE.

SAYS PARTIALITY IS SHOWN

Printer Alleges His Bid Was Lower Than All Others—Hearing Set for Jan. 13.

District Judge A. J. Cornish yesterday afternoon granted to Jacob North & Co., printers and binders of Lincoln, an injunction against the board of regents of the University of Nebraska, restraining the board from letting the contract for the printing of the annual university catalogue. Sheriff Gus Hyers served the papers upon Chancellor Avery, Registrar Rutledge and Purchasing agent Evans.

When asked for their side of the case yesterday afternoon, the university authorities concerned refused absolutely to discuss the matter. It will be fully aired, they said, in the hearing which has been set for January 13, and until then they do not care to answer the statements set forth in the North petition. Jacob North was more talkative. He was indignant, he said, at the way he had been treated by the regents.

"The regents asked me for bids on the catalogue," said Mr. North. "I went to a great deal of trouble to make mine up, and submitted it in the regular and legal way. Then the regents opened the bids, found mine to be the lowest, and are awarding the contract to another man. I cannot understand the reason for such partiality. The

BOARD WILL PASS ON TOWLE CASE MONDAY

Captain-Elect's Eligibility and Coach Stiehm's Contract up for Settlement.

The athletic board will meet at 5 p. m. Monday to take up two important matters: A three-year contract with Coach Stiehm, and the eligibility of Captain-elect Max Towle.

Stiehm has asked for a contract for another three years, and those who are in touch with university athletic affairs believe that the request will be granted.

The Towle affair has been bothering the authorities for some time. At Monday's meeting they will either pass upon his eligibility, or else refer the whole matter to the eligibility committee of the Missouri Valley conference. Some of them are known to entertain the opinion that, in order to avoid even the appearance of unfairness, the settlement of the case should be left to the Valley officials.

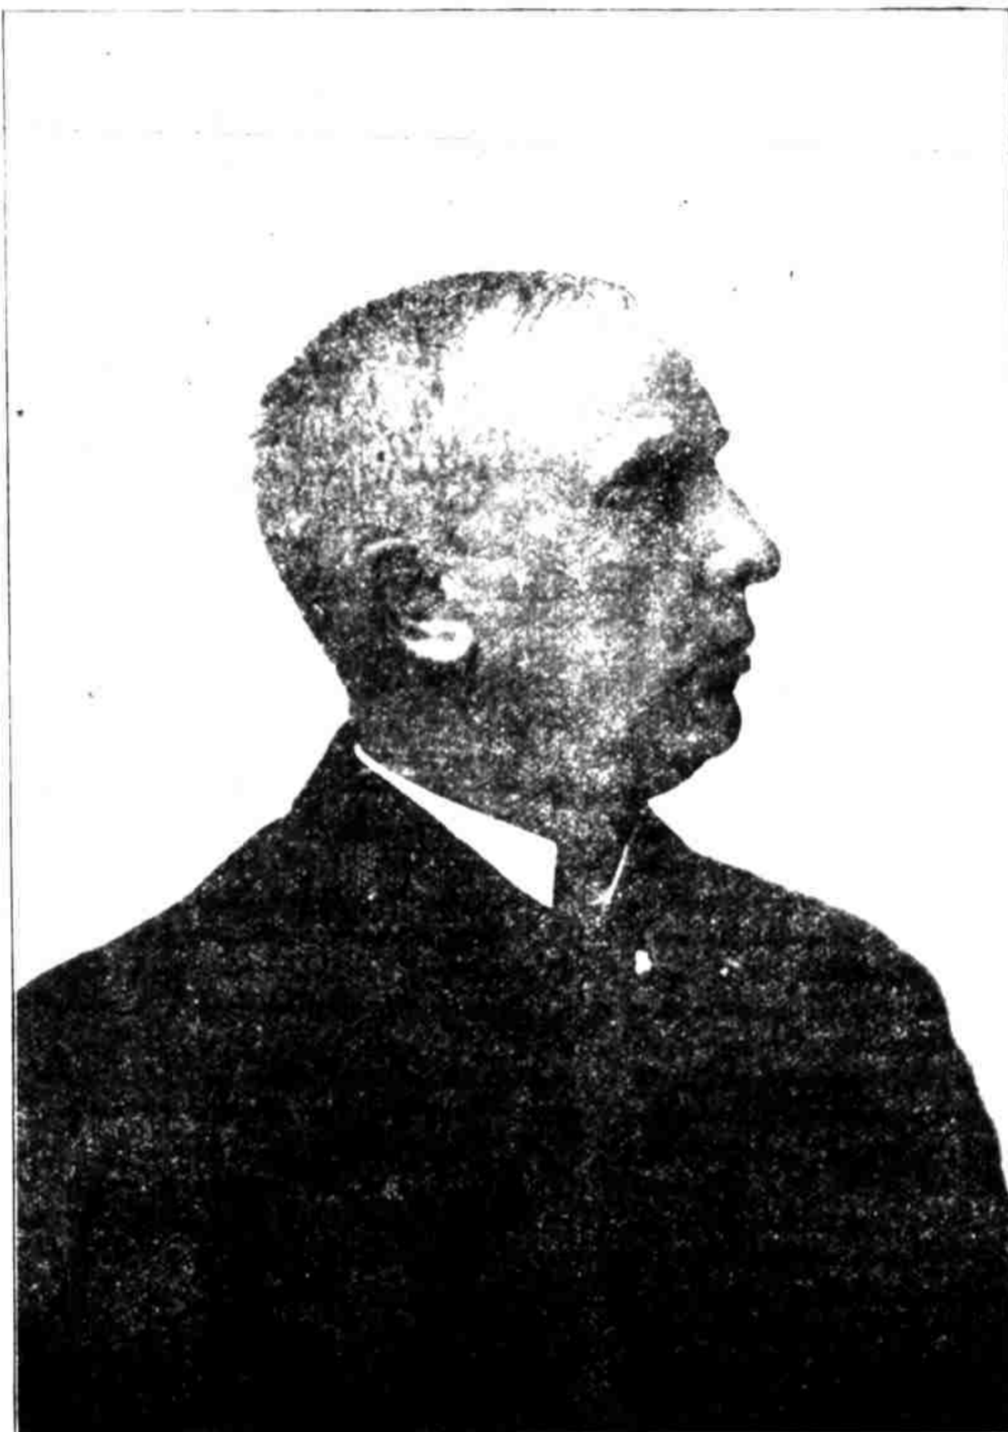

A rumor was afloat on the campus yesterday that the board had met this week and confirmed Towle's election. Prof. G. E. Barber, president of the board, denied it absolutely, saying that he has called no meeting since the first of the year, and that the case has not yet been passed upon.

WILL CELEBRATE ANNIVERSARY

BROWN UNIVERSITY OBSERVES SEVENTIETH BIRTHDAY ANNIVERSARY OF CHANCELLOR ANDREWS TO-DAY

WORKED MIRACLES AT NEBRASKA

Study Space Doubled, New Building Erected, Colleges Installed and State Farm Created During Eight Year Administration

The seventieth birthday anniversary of Chancellor Emeritus Benjamin E. Andrews of Nebraska university will be celebrated formally to-day at his alma mater, Brown university. Chancellor Avery received an announcement of the celebration Thursday. On account of his health Mr. Andrews will be unable to attend the exercises, being confined for the present to his home in Florida. President Meiklejohn of Amherst will deliver an address on behalf of the men of the college and President Wooley of Mt. Holyoke will deliver an address on behalf of the women.

Elisha Benjamin Andrews was born at Hinsdale, N. H., on the 10th of January, 1844. He prepared for college, but his plans were interrupted by his enlistment to fight for the union. He served thruout the civil war, fighting valiantly, and rising in rank from private to second lieutenant. He was wounded at Petersburg in 1864, losing one eye. After the

war, he finished his education at Brown university, graduating in 1870. Later he received the degree of LL. D. at the University of Nebraska, and the degree of D. D. at Colby University. He held a number of positions with various educational institutions: for four years president of Dennison university, professor of history and economy in Brown university; a similar chair at Cornell; president of Brown from 1889 to 1898; and later superintendent of public schools at Chicago for a short time. In 1900 he accepted the chancellorship of Nebraska university, which he held until November 7th, 1908, when ill health forced him to resign. At the meeting of the regents at which his resignation was accepted, he was unanimously elected chancellor emeritus.

Worked Hard for School.

Chancellor Andrews, during his term at the State university found

WINTER COURSE BEGINS

DEPARTMENT OF AGRICULTURE OFFERS VALUABLE WORK FOR IDLE FARMERS.

COMPLETE TERM IN SIX WEEKS

Farm Machinery Carefully Studied—Stock Judging, Buying, and Grain Included in Curriculum.

The first week of the winter course of the department of agriculture closed with a registration of one hundred and fifty-five. This course lasts six weeks and is held at this time of year to enable farmers whose work is slack to become acquainted with up to date methods of agriculture.

The nature of the work is very practical, being very much on the order of the "Farmer Institute" work carried on by the state. Lectures are given, and lantern slides are used to make clear the best and most appropriate methods for carrying on profitable farming. Farm machinery is carefully studied, the good and poor appliances are experimented with and the question of buying is also dealt with. Stock judging is an important part of the course as is also the study of grains and their proper handling.

This short course is mainly for those who have interests which make it impossible for them to spend an entire year in school but wish to keep abreast of the times in their work. Members of this course are entitled to the privilege of attending the meetings of all agricultural organizations thereby giving them an opportunity to meet others interested in their work. The course is concluded with a trip to South Omaha where the stock yards are of greatest importance.

WILL PLAY FAIRBURY TO-NIGHT

High School Basketball Team Meets Old Rival This Evening on Home Floor.

This evening beginning at 8:15 the red and black warriors of Lincoln high will meet their old time foes from Fairbury in their annual basketball game between the two schools. The game will be played at the city Y. M. C. A. This will be the first of the high school basketball series, eight games of which will be played on the home floor. Line-up for Lincoln high: McCloy, rf; Metheny, lf; E. Albrecht, c; Vandiver, rg; Schroeder, lg.

INDIANA INSANITY CLASS TO STUDY AT FIRST HAND

The University of Indiana has a class of seventy-five students in the study of insanity, which takes up special cases in that line. This class made a trip to the Central Asylum at Indianapolis last week where they will make a study of several patients that have been recommended to them.
