COACH STEIHM WILL STAY

ATHLETIC BOARD OFFERS HIM
THREE-YEAR CONTRACT
AT 3,500 A YEAR.

WASHES HANDS OF TOWLE CASE

Washes Hands of Towle Case Refers
Whole Affair to Eligibility Commit-
tee of Missouri Valley Conference.

Coach E. O. Stiehm will stay at Nebraska. He will stay for at least three years, and his salary will be \$3,500 a year.

This much was virtually decided upon last evening at a special meeting of the athletic board. While the board has no power to draw up the contract, it does have the power to make recommendations to the board of regents, and in a case of this kind, there is little doubt but that its wishes will be respected by the regents. In addition to the University of Indiana, one other university, the name of which has been withheld, has offered Stiehm a like contract at a like salary, but the coach is understood to be willing to remain for the \$3,500, and so everything is as good as settled.

This is Stiehm's third year at Nebraska. At present his annual salary is \$2,600. The work of his Cornhuskers throughout the past football season attracted wide attention, and the board deemed it wise to bind him with a three-year contract before some other university got hold of him.

In addition to disposing of the Stiehm question, the board washed its hands of the Towle affair by referring it to the eligibility committee of the Missouri Valley conference. A special committee was appointed to draw up the fact of the case and present them to the conference officials. As the close of the first semester is fast drawing near, and as Captain-elect Max Towle may not attend school the second semester unless he shall be eligible for football next year, the committee will be asked to make all possible haste in deciding the case, for the special benefit of the Captain-elect, if for nobody else.

After hearing the finance committee's report, in which it was stated that \$5,500 a part of the profits of the last football season, had been invested in state warrants, the board adjourned until its regular meeting next Monday.

REGULAR EXAMS. HELD THIS YEAR

Faculty Recommends Old System of
Two Hour Exams—Will Not Take
Effect this Year.

At a recent meeting of the faculty, it was voted to recommend to the university senate that the old system of two and three hour examinations be reinstated. Such a change, however, would have no effect on the impending exams, and would probably not go into use before next year.

ROUNDUP SATURDAY WAS GOOD SIZED Y. M. MEETING

Plans for Church Attendance Sunday
Announced by Rockie—Hewitt and
Charlesworth Demonstrate
Committee Work.

Forty committeemen of the University Y. M. C. A. were present at the weekly round-up held Saturday noon at the Temple. After the lunch, and a short program consisting of devotional exercises led by Rev. T. W. Jeffrey of the St. Paul Methodist church, several committees reported. A special feature of the meeting was a practical demonstration of committee work.

W. A. Rockie reported for the committee on church attendance. He announced that all plans had been made for the church attendance Sunday, and that the coming Sunday, January 18, was to be observed over the city as student Sunday. Special efforts are to be made, he announced, to draw out a record number of students. This movement is one which is being followed with great success in all university and college towns.

Stanhope Pier read a report on the Student Volunteer convention in Kansas City, held during the holidays.

The feature of the meeting was a practical demonstration of the methods used by a committeeman in approaching a prospective Bible study member. Arguments were put up by the committeeman, H. G. Hewitt. They were answered in turn by L. W. Charlesworth, the prospective. Secretary Ewing reviewed the argument, and pointed out mistakes in method.

STUDENTS GIVE PROGRAM AT USUAL CONVOCATION

Two Students Will Discuss Phases of
Tariff Problem—New Departure
in Convocations.

The first of a series of inter-student discussions of present day political problems will be given at convocation this morning. H. A. Prince and R. A. Smith, of the political science class, will discuss the tariff law. This is a rare chance for the students to become acquainted with the arguments, pro and con, of the big tariff fight. As prospective citizens we owe it to ourselves to get a first-hand knowledge of the perplexing question which has always been the nub of contention between the rival political parties. Through Professor Grumann's efforts this question will be threshed out on the debating platform this morning. The financial situation, the currency act and the press question will be discussed in part.

When two or three of the special convocations have been concluded and the experiment tried out—if the interest shown by the students is deemed sufficient to warrant its continuation—then the innovation will become a custom.

EX-UNI'S DEFEATED 44 TO 22 IN FIRST GAME OF SEASON

Only Two Old Men Are Back to Work
on the Team, but Stiehm
is Hopeful.

The first basketball game of the season proved an easy one for the Cornhuskers. The X-Uni aggregation from Omaha went down to defeat at the rate of two to one, the final score being 44 to 22.

Although the Huskers did not show much brilliancy in their playing, the showing was not unsatisfactory to Coach Stiehm. He said afterwards that he had expected little more, considering the earliness of the season.

The lineup for Nebraska included three of last year's men, Hanzlik, Hawkins and Captain Haskell, together with the six new men who have shown up best so far this year. Haskell, Finley and Rutherford threw the most goals for Nebraska. The score:

XMAS TAG SALE REPORT

MISS LOWRY, CHAIRMAN, IN
CHARGE OF THE WORK, WELL
PLEASED WITH RESULTS.

2,000 TICKETS IN GIRLS' HANDS

24 Families and 234 Individuals are
Given Pleasant Christmas
by Girl's Club.

The Official result of the Christmas Tag campaign that was carried out by the university girls was announced yesterday by Miss Genevieve Lowry, chairman of the committee in charge of the work. The results were very satisfactory in every respect, being well up to the expectations of the campaigners.

There were over two thousands tickets out and the money obtained from the sale of them amounted to \$139.15. This money was spent buying things that were the most needed for 24 families including 234 individuals. These families were provided with food, clothing and other necessities together with toys for the young members of the family. Many of the families received complete supplies for the pantry, being in a most needy condition. The committee encountered many singular experiences while in the work of distribution, some families being well provided for in some respects while absolutely destitute in others.

Many Lincoln people also the Killeney club of the Lincoln high school gave toys and other things that were suited to the youngsters.

The committee though it feels that the campaign was a success is confident that they will meet with even more success next season. Pi Phi with 235 sales and Kappa Alpha Theta with 208 were the organizations that led in the sale of the tags, with Delta Delta Delta and Delta Gamma, third and fourth respectively. Miss Lula Mae Coe was the girl who led the list of individual sales, her total being 85. The highest price brought by one tag was fifty cents and the average price obtained was about ten cents.

START EQUAL SUFFRAGE LEAGUE

Coeds Unite to Promote the Ballot
Among University Women—Strong
Backing behind it.

A number of prominent co-eds are planning on circulating equal suffrage petitions among the girls, in order to find out just where the college women stand in regard to the question.

Public sentiment is strongly in favor of the movement and a new suffragette club is practically assured.

Several prominent faculty women have expressed their approval and promised their assistance.
