

TRACK MEN APPEAR TO FORE-TELL COMING OF SPRING TIME

Light Clad Runners Enjoy Fine May Weather in Middle of January for Track Practice.

Just as robins, warblers and new birds announce the return of spring, so do track team candidates in scanty jerseys and still scantier gym pants. The balmy weather of the last week has added a new impetus to the activities of the cinder path artists, who are now out in full force for the year's training.

Coch Guy Reed is confronted with a surprising lack of veterans, but he is partially consoled by the number of new men who are turning out. The season proper does not begin until April 1, so that Reed has plenty of time to whip the new men into shape. The schedule, as so far arranged, is as follows:

- April 1—Missouri athletic club games, St. Louis, Mo.
- April 18—Drake Relay games, Des Moines, Ia.
- May 1—Dual meet with Kansas at Lawrence.
- May 3—Dual meet, Minnesota at Lincoln.
- May 23—Ames at Ames.
- May 30—Missouri valley intercollegiate games at St. Louis.
- June 6—Western conference games at Chicago.

CAFETERIA MANAGER SAYS THOUSANDS OF MEALS SERVED

In Last Three Months, 57,984 Meals For Students at Low Average cost.

Manager Orr of the University cafeteria states that between September 15 and December, 20, 57,984 meals were served. The total receipts from all sources was \$7,455.41, the average price per meal .12 5-6c., average number of meals per day 604; average daily receipts \$77.66; students employed, 9; amount paid to students employed \$411.19. Special functions were, 17 and the number of persons served at these functions is estimated as 1125.

Although the average number of meals per day is only 604, as high as 700 have been served in one day. On the 23rd. of this month 703 people took their meals in the University cafeteria. Mr. Orr stated that while in Kansas City he noticed that in a cafeteria there an average of 1,000 people per day were served in a room, the capacity of which is 214; at the University cafeteria over one half of this number are served in a trifle more than one-third of the floor space. That is what manager Orr has to contend with in the Temple.

Even though the prices on practically all commodities have increased, the prices to the students at the cafeteria are approximately the same. Many people have the idea that this is a private concern conducted for the purpose of making money. "No greater error can be made than to think that," says Mr. Orr for nowhere in the city will a student be able to get better meals for the same small nominal fee as is charged at the University Cafeteria, run exclusively by the university for the benefit of the student body. Dishes are sold for just enough to cover expenses of conducting the enterprise and the original cost of the materials used.

With as little supervision over the students as has been exercised in the cafeteria there behavior is indeed commendable, he adds. "Never has any rowdyism occurred and never have those in charge had occasion to complain in regard to unbecoming conduct."

WESLEYAN TAKES LAST GAME

ka until the last five minutes of play. Then things began to happen. The Coyotes made a fresh spurt, the Cornhuskers weakened perceptibly, and in less time than it takes to tell it the battle was over, with the visitors six points to the good. Like Friday's game, the war raged fiercely throughout the contest, both sides putting up a spectacular exhibition of the indoor pastime. The score:

his fifth semester on The Nebraskan. He is a junior. The two associate editors, F. N. Wells and Clarence Spier are both sophomores. They have been connected with the paper for the last three semesters and were forced to withdraw because of outside work. Mr. Spier has assumed the job of managing the proposed Glee club trips, and Mr. Wells has taken up work with the State Journal.

Several of the reporters have done excellent work during the past semester. Fred L. Babcock has served athletic editor on the paper during the latter part of the semester and Miss Ethel Arnold has made an unusually efficient women's editor. The staff has been very fortunate in the assistance of the reportorial staff and feel that the work of gathering and writing the news was done as thoroughly as at any time in the past.
