Also the subscribers who live at the Y. M. C. A. may receive their paper through the association postoffice. Notice of this will appear later.

COSMOPOLITAN CLUB WILL BE REVIVED

First Meeting to Be Held Next Week. Discussion on America.

Recently a number of University people met in the alumni headquarters to reorganize the Cosmopolitan Club. This club was first organized in this institution in 1908, but was allowed to die out in 1910. It was found that very few of the old members are still connected with the University, and hence practically a new club must be organized.

Such clubs as this exist in many of the large universities of the United States and foreign countries. The Club was organized on account of the great number of foreigners attending the colleges and universities of this country. The purpose of the organization can perhaps best be stated in the words of the constitution: "The objects of the Association shall be to unite and strengthen the existing chapters, to promote the organization of chapters in other colleges and universities, to cultivate the arts of peace, to establish strong international friendship, and to carry out the motto of the Association, 'Above all Nations is Humanity.'"

An international meeting of the Association was held last summer in Ithaca, and the national convention convened at Iowa City, Iowa, during the Christmas holidays. Nebraska could send no legal representative to this meeting, but Miss Hrbek, Cyril Hrbek and Jos. B. Kuska of the University were present.

On account of its nature, the Cosmopolitan Club is attempting to absorb all foreigners' clubs already organized in the various universities. Any club so absorbed will not lose its individuality, but will merely become a subdivision of the larger organization. Some agitation has arisen in regard to absorbing the Komensky Klub, of which we have a chapter at Nebraska. Nothing definite has been accomplished.

Prominent among those who are working for the promotion of the organization at Nebraska are Chancellor Avery and Guy Reed. The three student pastors have also become members of the club and it is thought possible to reach the student body through them.

The constitution makes no ruling as to the percentage of Americans who may belong, but it is thought best to allow one-third of the membership to be Americans. Only those will be admitted who are interested and will work for the betterment of the association. The next meeting of the Club will be held on February 11th in the European History room of the Temple. The subject of the evening's discussion will be "America." The plan of the Club being to devote one evening to a talk on each country. One of the features of the evening will be an address by the Chancellor.

Anyone who is interested in the work of the organization is requested to speak to Guy Reed or one of the University pastors.
