THE TRUTH ABOUT PILES
 Read this Ord Man's Letter

Ord, Neb., Dec. 15, 1916.
 Dr. Rich, Grand Island, Neb.
 Dear Doctor:
 I have taken your pile treatment and am very well satisfied and pleased that I have been able to obtain a cure without an operation. It gives me a great deal of pleasure to send you this letter for the benefit of many others I know are suffering as I did. My advice to them is to take your treatment. I recommend you most heartily for the good you have done me, and will be glad to answer any inquiry made of me.
 E. L. JOHNSON, Ord, Neb.

Ed Johnson is a well known stock buyer, has lived in Ord for many years, therefore his letter should convince you of the truth of my claims. I positively guarantee to cure your piles without cutting, either of chloroform. The dangerous complications arising from surgical operations are several, and are frequently unavoidable. Some operations are necessary, but a surgical operation for piles—NEVER.
 Why endanger your life, when there is an easier and safer way to obtain the same and even a better result. Stay on your feet, tend to your business, and work while being cured.
 Dr. Rich, Specialist, Grand Island, Neb., piles and rupture cured without an operation. Chronic diseases of men and women. Skin and blood diseases. Examination and consultation free.
