The Loup City Northwestern and the Sherman County Times were named the official legal newspapers for Sherman county during the year 1917, being awarded the legal and job printing at the session of the board of supervisors held Tuesday of this week. All legal notices and other notices required by the county will be published in both Loup City papers, thus giving practically every person in Sherman county an opportunity to read and know what is being done by the county officials.

Save for some good thing

## Your Sale Clerk

The clerk at your next sale must represent a firm that is able to, and will, buy all the notes given. Some would if they could—others could if they weren't afraid of the judgment of their clerk. But we are sure. Experience has shown us the rare, keen judgment of our clerk and we've the money to help you make your sale successful.

Ask us about your date.

## Mr. Ford Owner, Listen

### Seven Reasons Why You Should Have Your Cylinders Rebored and Fitted With Oversize Pistons

1. Removes and trues the walls of the cylinders and leaves them as smooth as a gun bore.
2. The pistons fit closer than in a new block.
3. Stops the loss of compression.
4. Stops the knock and vibration of the engine.
5. Gives the engine more power as the cylinders are larger.
6. Stops the carbonizing, as less lubricating oil is necessary.
7. A rebored block will wear longer than a new one due to the fact that the walls have been seasoned and hardened by the heating and cooling of the engine while in use.

We are fully equipped to rebore Ford Cylinders and to fit them with oversize pistons 4-7
