POULTRY PARASITES.

You keep the chicken house clean to keep the parasites off the chickens. You spray to kill germs—but what do you do to get the germs and parasites inside the chickens? Hens especially show it at moulting time and during the winter. How can you expect them to lay. Free them of all internal parasites by feeding B. A. Thomas Poultry Powder occasionally. If it doesn't make your hens happy, we will return your money.—J. J. Slominski, Loup City, Neb.

TO ENCOURAGE ARID LAND SETTLEMENT.

Washington, Jan. 17.—(Special Correspondence)—Congressman Addison T. Smith of Idaho, has introduced a bill which, if it becomes a law, will greatly facilitate the financing of reclamation projects on arid and swamp lands. The bill provides for the issuance of four per cent bonds on newly approved projects, to be deposited in the United States Treasury, the government to be secured by annual deposits of \$500,000 from the Federal reclamation fund. The government will then sell certificates of indebtedness of the United States to the amount of the bonds, thus providing funds for the construction of the projects. Mr. Smith has submitted his bill to all the members of congress from the states containing large areas of arid and swamp lands, and hopes to secure their cooperation in the passage of the legislation. In the introduction of the measure Congressman Smith has anticipated the collapse at the close of the war of the present temporary prosperity, and hopes to encourage the settlement on reclamation projects of the thousands who will then be thrown out of work.

Last Monday a deal was closed in which Mr. Shepard bought James Turvey's crop of winter grain and the lease for the coming year, of C. C. Carlsen's farm now occupied by Mr. Turvey. "Ye scribe" is not acquainted with Mr. Shepard but he comes from Omaha well recommended. Mr. Turvey states that his intentions are to go to Colorado. It will be a great loss to this community to lose these estimable people, but everyone joins The Northwestern and "Ye scribe" in wishing them success in their new home.

I have a few choice S. C. Rhode Island Red Cockerels for sale.—O. L. Swanson.

PREVENT HOG CHOLERA.

The B. A. Thomas Hog Powder has a record of 95 per cent cures of Hog Cholera. If you feed your hogs as directed, you need never fear hog cholera nor any other hog disease. And the directions are very simple, just about what you are doing, plus a few cents worth of B. A. Thomas Hog Powder in the feed twice a week. Usually, though, Cholera gets in before we know it. Then it requires close attention to each hog—each hog must be dosed—and if you will dose them as directed, you will save better than 90 per cent. If you don't the B. A. Thomas medicine costs you nothing. We—not some distant manufacturer—pay your money back.—J. J. Slominski, Loup City, Neb.

FOR SALE.

My eight room house. Good barn

and outbuildings with twelve lots in cherry and plum trees. Also 4 1/2 acres of land and another tract of 3 1/2 acres all in alfalfa and fenced chicken tight. Nearly new two seated spring wagon and a Jersey red sow with six pigs.—Alfred Anderson.

If every man in this town would spend half an hour a week in cleaning up the rubbish and accumulations we would soon have a clean town, a better community, a happier set of people and a lower death rate. Is it worth thirty minutes a week?

Get a balloon and go up with the high cost of living.

The cities are teeming with strong husky men who are just aching for an opportunity for honest work on the farm. How many do you want?

# WAR IS ON

And we have all closed the books of another year of life and business.

Honestly! haven't we a great deal to be thankful for this year? Here in America, the greatest country under the sun, peace and prosperity has hovered over us. History does not record another twelve months like that of 1916—and possibly the world will never see the like again.

On the other side of the Atlantic, millions of men are engaged in a gigantic struggle for supremacy which has now lasted for almost three years. The smoke of cannon hangs heavy over battle field on which countless thousands are giving up their lives daily. The earth is red with the dye of human blood. The Yuletide air is rent with the crash of heavy guns and the screams of wounded and dying men.

On account of this war we must all pay high prices for goods in this our America, but what is that to compare with foreign countries.

We have bought very heavy in a few items which we are going to offer to the trade for one week.

Now we would like to see patrons take advantage of these specials, for the price on many of these items is less than wholesale price.
