Are You Getting the Right Returns From Your Pay Check

An interesting exhibit could be made of our thrifty depositors' pass books. Of course professional honor forbids such a possibility. But if you could look them over as they come in, Saturday nights for instance, you would realize more than ever that the day of small things is not to be despised.

X is regularly saving that he may own his own home. Y is depositing for his boy's education. Z's deposits are bringing nearer the day when he may go into business for himself. There are many Xs, Ys and Zs on our books, all demonstrating the

BIG IDEA

that a man may accomplish just about what he sets out if he has plenty of Ambition, Grit, Energy, Good Health, Common Sense and that most admirable of qualities, Stick-to-it-ive-ness.

Electrified Homes

Electricity is now fast superceding old methods in many departments of the home. The modern home—the COMFORTABLE home—now has

- Electric Heaters
Electric Irons
Electric Lights

and many other labor saving and cost saving appliances. It is the ideal force—no danger, no annoyance, no failure. You are losing half the enjoyment of life if your home is not electrified. Let us wire your house for lights.

We handle the Almo Lighting systems for farm homes. Call and let us explain them to you.
