

Nebraska Druggists Praise Excellent Kidney Medicine

After selling Dr. Kilmer's Swamp-Root for fifteen years and knowing that it has been the means of producing satisfied customers, I am pleased to recommend it and believe that it is equal to the best preparation on the market for kidney ailments. I have never heard a single party say that it did not accomplish good results.

Very truly yours, C. J. FLEMING, Druggist, Norfolk, Neb. Sept. 21, 1916.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention this paper.

He'd Go Out, Too. "When I began my piano lesson the piano lamp went out. What do you say to that?" asked the sweet young thing.

No Mystery. "Smithers never lights his cigar; just keeps it in his mouth and chews the end. I've often wondered why."

Allen's Foot-Ease for the Troops. Many war hospitals have ordered Allen's Foot-Ease, the antiseptic powder, for use among the troops.

It takes a woman to observe every action of a man without appearing to know he is on earth.

TO ENLARGE SCOPE

SENATE PASSES HENRY WAREHOUSE MEASURE

AFTER THE TAX DODGERS

Items of General Interest Gathered from Reliable Sources Around the State House

Western Newspaper Union News Service. The senate committee of the whole has recommended for passage S. F. 145 by Henry of Colfax, designed as an amendment to the present warehouse law to enlarge the scope of the law and to permit the recovery on the warehouseman's bond for failure to deliver grain shipments on call.

The original law applying to "elevators and warehouses" is amended to include any merchant or grain dealer who accepts grain for storage or allows grain to be stored in his place of business.

Terminal warehouses, exempted from the operation of the law under Henry's bill, were included in an amendment offered in committee of the whole by Senator Beal of Custer.

The bill allows the railway commission to call on county attorneys to help prosecute.

Pig Raising for Boys and Girls. Boys and girls who want to do a little farming "on their own hook" have an opportunity to do so by enrolling in the pig-raising project conducted by the agricultural extension service of the University of Nebraska, Lincoln.

Children who enter this project raise and feed their pigs under the direction of the extension service and keep accurate records of gains, expenses, and receipts. At the end of the year, the boy or girl who scores the highest with respect to cost and rate of gains, merit of the pig produced, and the kind of records kept, will be awarded a prize.

Completion of this work may take the place of an examination in agriculture for eighth grade promotion. High school credit may also be given. Further particulars may be secured by writing the Extension Service, University Farm, Lincoln.

After the Tax Dodgers. Matters of Ote obtained the approval of the committee of the whole for his bill, S. F. 94, directed against tax dodgers, but which Beal said would not hurt the dead but might injure the innocent living.

There were also appropriated out of the fees received by the following departments the sums stated for employees: State superintendent \$18,480; Food commission 13,120; Fire commission 19,000.

As a Patriotic Measure. An opportunity for members of the legislature to express their patriotic sentiments has been presented in the house in a bill introduced by Messrs. Peterson and Regan, providing for the display of the American flag on state, county and municipal buildings.

Still Contends Sales Illegal. Nebraska railroads have appropriated state, school and saline lands through the years since 1896 without paying either a purchase price or a rental, according to the alleged discovery of Land Commissioner G. L. Shumway.

Bill for Agricultural Research. Governor Neville's recommendation for a better system of collecting and disseminating information in regard to Nebraska's agricultural resources met the approval of the lower branch of the legislature at its first session of the week.

Entries for the coming state high school basketball tournament, which is to be staged in Lincoln, March 7 to 10 under the direction of the athletic department of the university of Nebraska, are still pouring in.

Are Making Co-operative Sales. County agent work in Nebraska is bearing fruit in a new form—the co-operative sale of live stock. Utah interests have called upon county agents of this state to supply ten carloads of pure-bred cattle and ten carloads of brood sows.

Repair Fund for Capitol. With the idea of bringing squarely before the house the question of repairing the old capitol building or levying a special tax to construct a new one, the finance committee has incorporated in the maintenance bill an item of \$50,000 for repairs on the present structure.

Sawyer Saved the Squirrels. Sawyer of Lancaster made such a telling plea for the saving of squirrels that Oberlies of Lancaster willingly consented to the indefinite postponement of his bill, S. F. 155, a bill to repeal the present law which protects squirrels except two months in the year.

Street Car Killed Woman. Omaha, Neb.—Mrs. Alice E. Platz of Florence was killed when a south-bound car at State street, Florence, struck her and dragged her on the fender for 100 feet.

Prize for Sighting U-Boat. London.—Sir Alfred Yarrow, head of a Scotch ship building company, offers to pay twenty pounds sterling to any person on board a commercial vessel who shall first call the attention of the captain of the vessel to the presence of a submarine.

Newsletters to Suspend Publication. Copenhagen, via London.—All newspapers in Hungary, says a dispatch to the Frankfurter Zeitung, must cease publication within a few days. This is the result of lack of paper.

PASSES "BONE DRY" BILL

Drastic Measure Goes—Final Vote Will be Taken at Once.

Tuesday morning was set as the hour for the prohibitory enforcement bill, H. R. 793. Following the adoption of the "bone dry" rider by Congress last week the standing committee on prohibition proceeded to formulate amendments to the bill making it as drastically "dry" as the English language contains words to do so.

At 10 o'clock Tuesday the house commenced consideration of the enforcement bill and in less than two hours completed the measure and ordered it engrossed for third reading.

The committee amendments above reviewed were adopted without comment or debate and the bill was then read section by section and approved without opposition or question. As it now stands the bill is probably as drastic and uncompromising a "bone dry" law as has ever been submitted in this country.

Passes the Salaries Bill

In committee of the whole, the house, while refusing to allow an increase in several minor salaries, has taken up and recommended for passage the following appropriations for departments: Governor's office \$16,800; Secretary of state 18,000; Auditor 21,480; Treasurer 18,100; Land commissioner 20,680; Superintendent 16,280; Attorney general 24,280; Supreme court 105,680; District courts 192,000; Railway commission 54,200; Banking board 55,800; National Guard 13,800; Board of control 36,920; Insurance board 9,080; Irrigation board 13,480; Equalization board 3,200; State prison board 10,680; Board of Health 11,760; Live stock board 21,760; Game and fish commission 12,480; Labor bureau 4,680; Printing bureau 3,000; Library commission 6,600; Historical society 13,280.

There were also appropriated out of the fees received by the following departments the sums stated for employees: State superintendent \$18,480; Food commission 13,120; Fire commission 19,000. These appropriations are all for the full time of each employe and no warrant is to be drawn for any person who has taken other employment for a compensation paid or promised.

China May Enter War

Washington.—Negotiations looking to China's entrance into the war against the central powers now are in progress at Peking and in all entente capitals. It is regarded as practically certain that China will sever relations with Germany, and a declaration of war probably will follow, if the entente will guarantee satisfactory relaxation of the restrictions imposed upon the eastern empire by the world powers after the Boxer troubles.

Villa Practically Eliminated

Washington.—Practical elimination of Francisco Villa as a factor in the Mexican situation has been reported to the State department. An American consul was authority for the statement that Villa is practically eliminated because of his physical condition. General Murguía, Carranza's commander, was quoted by another commander to the same effect. The belief is expressed that Villa forces have been pretty well dispirited and that the question of peaceful conditions in northern Mexico has largely resolved itself into one of policing.

Shipping Suffers 10 Per Cent.

Washington.—Shipping destroyed since the war began, exclusive of war vessels, represents 10 per cent of the world's merchant marine as it existed August 1, 1914, according to figures published by the Journal of Commerce. Construction of warships has offset most of the losses, it was stated. The statistics record the destruction of 2,573 vessels of 4,811,100 gross tons, of which more than half was owned by Great Britain. The next heaviest sufferer has been Norway, with France third, Italy fourth and Germany fifth.

Papers Can't Print Flag

Des Moines.—The State department of justice has ruled that newspapers printing the American flag at the head of their editorial columns or at any other place in the paper are violating the federal law. The statute provides that no flag or representation of a flag shall be printed or stamped on any article of merchandise.

Forger Makes Good

Los Angeles.—Thirteen years ago Charles Ross, arrested on a forgery charge, was put on probation and told to go out and make good. The other day he walked into Judge Willis' court with credentials to show that he is now a very wealthy land owner.

Street Car Killed Woman

Omaha, Neb.—Mrs. Alice E. Platz of Florence was killed when a south-bound car at State street, Florence, struck her and dragged her on the fender for 100 feet.

PRESERVE THE FOOD

ONE WAY TO BEAT H. C. OF L. SAYS SECRETARY HOUSTON.

GREATER CROPS ESSENTIAL

Declares \$700,000,000 Worth of Victuals Wasted in American Kitchens Every Twelve Months.

Washington.—Greater food crops and the practice of household economies were urged by Secretary of Agriculture Houston as measures to help reduce the cost of living.

Mr. Houston emphasized the importance of the food cost investigation directed by President Wilson and held out hope that increased acreages this year may insure greater food supplies. Wheat and potatoes, he said, were unusually short last year, but nevertheless there will be enough to supply every nearly normal need.

The food problem cannot be solved, in the secretary's opinion, through price fixing by the federal or state governments, but by "intelligent planning and constructive action in conjunction with the operation of normal forces."

Prices must be maintained at a certain level or farmers will not increase their output. Mr. Houston declared, and either the government or the community must guarantee a reasonable price. "Those who are urging that farmers be induced greatly to increase their acreage beyond that which their own judgment indicates, he said, "know very little about the psychology of farmers and the fundamental situation."

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn.—"I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited."

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Shipping Fever. Influenza, Pink Eye, Epizootic, Distemper, and all nose and throat diseases cured, and all others, no matter how "exposed" kept from having any of these diseases with SPOHN'S DISINFECTANT COMPOUND. Three to six doses often cure a case. One 50-cent bottle guaranteed to do so. Best thing for brood mares; acts on the blood. 50c a bottle, \$5 dozen bottles. Druggists and harness shops or manufacturers sell it. Agents wanted. SPOHN MEDICAL CO., Chemists, Goschen, Ind., U. S. A.

His Difficulty. "My two able-bodied brothers-in-law, who have been living on me for the past year, are such suave, deferential chaps that I can find no excuse for throwing them off the place." "In short," we tittered merrily, "you cannot sever your diplomatic relations."—Kansas City Star.

TAKES OFF DANDRUFF HAIR STOPS FALLING. Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

BEWARE OF sudden colds. Take — CASCARA QUININE. The old family remedy—in tablet form—safe, sure, easy to take. No opiates—no unpleasant after effects. Cures colds in 24 hours—Grip in 3 days. Money back if it fails. Get the genuine box with Red Top and Mr. Hill's picture on it—25 cents. At Any Drug Store.

The Army of Constipation. Is Growing Smaller Every Day. CARTER'S LITTLE LIVER PILLS are responsible—they not only give relief—they permanently cure Constipation. Millions use them for Bilelessness, Sick Headache, Sallow Skin, SMALL PILL, SMALL DOSE, SMALL PRICE. Genuine must bear Signature.

What Is Uric Acid? Everyone has uric acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys, being the filters of the blood, are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the uric acid accumulates and the urate salts are carried by the blood to the solid tissue structure, causing backache, lumbago, rheumatism, dropsy, drowsiness, and tired feeling.

KOW-KURE. If you have a sick cow—or one that is not thriving and producing as she should, why not break away from the worry and uncertainty right now—get a package of Kow-Kure, the great cow medicine, from your druggist or feed dealer and prove for yourself that it has no equal in the treatment of most cow ailments. On thousands of farms Kow-Kure guards the herd against the ravages of Abortion, Barmes, Retained After-birth, Milk Fever, Scouring, Bunches, etc. You don't need to use Kow-Kure on fault; a trial will show decided, visible improvement. Put it to a test—invest today in a 50c or \$1.00 package. Send for our free treatise, "The Home Cow Doctor." DAIRY ASSOCIATION CO., Lyndeville, Vt.
