HOG MARKET DRAGGY AFFAIR

Lambs Keep Going Up—New Records for Both Woolled and Shorn Stock—Open Full 15¢ Higher. Mexican Lambs Touch \$19.25. Best Clippers Not Sold. Decent Receipts, About 4,800 Head.

Union Stock Yards, South Omaha, Nebraska, May 15th, 1917.—The week opened out with fairly liberal run of cattle, 292 loads or about 7,300 head being reported in. As supplies were not very large and as both local packers and shippers had liberal orders to fill, it took dealers but a short time to get down to business and clean up the offerings at prices that were fully steady with the close of last week. Strictly good to choice 1,200 to 1,500 pound beefs sold from \$12.00 to \$13.10, the latter figure being a new record paid for beef steers at this point. The market was good and steady from start to finish and an early clearance made. Strictly good to fat she stock sold from \$10.25 to \$11.25.

Quotations on Cattle: Good to choice beefs, \$12.10 to \$13.10; fair to good beefs, \$11.25 to \$12.00; common to fair beefs, \$9.50 to \$11.00; good to choice heifers, \$10.00 to \$11.25; good to choice cows, \$9.75 to \$10.75; fair to good cows, \$8.75 to \$9.75; canners and cutters, \$7.00 to \$8.50; veal calves, \$9.00 to \$13.25; beef bulls, \$7.00 to \$10.00.

Hog receipts were just about normal for a Monday at this time of the year, arrivals footing up 86 cars, or about 6,500 head. Demand from shippers was fairly good and more than a third of the offerings were taken by them rather early at prices that were around 10¢ higher generally, and ranging from a big 15¢ up in some cases to not over 5¢ higher in others. Packers had done nothing up to a rather late hour. They showed no inclination to follow the shipper's advance.

Sheep and lamb receipts for Monday were estimated at 20 cars, or 4,800 head, being a little smaller than last Monday, but a gain of 1,800 head over a year ago. Several loads of shorn lambs sold fairly early at prices that were at least 15¢ to 25¢ higher, sales being made as high as \$15.40 to \$15.55, the latter being a new high mark for this market. One of the two loads of woolled lambs that were offered sold at the new record price of \$19.25.

Quotations on sheep and lambs: Lambs, Mexican, \$18.50 to \$19.00; lambs, fed westerns, \$17.75 to \$18.50; lambs, shorn, \$14.50 to \$15.40; spring lambs, \$15.50 to \$18.00; yearlings, shorn, \$11.50 to \$13.50; wethers, shorn, \$11.00 to \$13.00; ewes, good to choice, \$14.00 to \$14.75; ewes, fair to good, \$12.50 to \$13.75; ewes, plain to culls, \$8.50 to \$12.25; ewes, shorn, \$10.75 to \$12.50.

Through the efforts of Marshal Burnett, C. F. Dehart from Montana, W. P. Kilby from Illinois and a number of our citizens, Bayard is—if not factually—rid of a few of its most prominent booze sellers. While it has been known for some time that it was freely sold in places, the next question was proof and how to stop it. It was decided to employ the two above named gentlemen and while they were out of town men, yet it took them about a month to get the evidence desired. As a result, eight arrests were made consisting of four Mexicans, two Greeks and two white men, one of the latter being C. C. Stevens, who came under the toils of the law a short time ago on a similar charge. Lack of evidence caused two of the Mexicans to be turned loose, but we understand they have departed "for fairer fields and greener pastures." The lion share of the credit for the "round-up" is due to Marshal Burnett. There is one thing certain, that if the people of Bayard want a clean town, they will have to stand behind the men who are trying to make it so and aid them in every way possible.—Bayard Transcript.

THE DAIRY HERD.

"Let the dairy cow do the work," is the advice of C. A. Nelson of Waverly, Iowa, who was one of the speakers on the Union Pacific farm preparedness special here last Thursday. Mr. Nelson, who was sent to Nebraska by the agricultural extension department of the International Harvester Company to help the farmers in their patriotic efforts to increase the food supply of the nation, has made a great success as a dairy farmer and recently sold one of his celebrated Holstein cows for \$10,000.

"A good herd of dairy cattle with a pure bred sire is the best investment a Nebraska farmer can make," said Mr. Nelson. "No farmer need go beyond his means in securing a herd. He may begin with good grade cattle but should have a pure bred sire, which is half the herd. He should take good care of the cattle, feed them intelligently, and weed out the poor ones. Gradually he should build up his herd by changing over to pure bred cattle. I am not in position to advise as to breed. That is a matter of personal opinion and selection. But no dairyman should keep any 'boarder cows,' that is, cows that do not pay for their keep. Know what every cow is earning and get rid of the ones that do not pay."

"Grow alfalfa and have one or more silos. A silo will enable the farmer to use up all his waste forage and convert it into the best paying produce of the farm dairy products. A silo will enable the farmer to double the number of cows on an acre that he otherwise will be able to feed and at the same time save much of his grain for human food."

RAISE MORE HOGS.

No branch of livestock farming is more productive of satisfactory results than the raising of well-bred swine, if conducted with reasonable care, according to the specialists of the Bureau of Animal Industry, United States Department of Agriculture. Hogs fit into the modern scheme of farming on nearly every farm, and are one of the most important animals to raise both for meat and for money. They require less labor, less equipment and less capital, make greater gains per hundred pounds of concentrates fed, reproduce themselves faster and in greater numbers, and give a quicker "turnover" of money than any other animal except poultry. Farmers of the South and West particularly have awakened to the merits of the hog and are rapidly increasing their output of pork and their bank accounts.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Proper Food for Weak Stomachs.
The proper food for one man be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

AVOID MISTAKES.

No Need to Experiment With Loup City Evidence at Hand.

There are many well-advertised kidney remedies on the market today, but none so well recommended—none so Loup City recommended as Doan's Kidney Pills. Read this Loup City case: F. F. Foster, Loup City, says: "I was suffering from kidney trouble. I had a severe pain in my back for quite a time and trouble with the kidney secretions, which obliged me to get up at night to pass them. This broke my rest and the next day I felt tired and lacked ambition to do my work. I used one box of Doan's Kidney Pills, which I procured at the Rexall Pharmacy, and was cured."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Foster. Foster-Milburn Co., Props., Buffalo, N. Y.

The Big Winners

Use

Won Gold Medal and Cup at 1916 also 1917 Convention of Vermont Dairymen's Association

C. M. Lilley of Marshfield, Vt., wins on creamery butter in 1917, with score 97. Mr. Lilley says: "I use the U. S. Cream Separator. It produces the finest cream, from which I have been able to make superior butter. It is right in every way."

John Bond, E. Montpelier, Vt., also a U. S. user, won the above Gold Medal and Cup in 1916, with score of 97½. The contestants included some of the biggest dairymen of Vermont. Mr. Bond says: "I use the U. S. Cream Separator. It always does fine work and produces cream of finest texture."

Won Against 331 Contestants at the 1916 Convention of the Massachusetts Dairy Association.

"I made the highest score on cream and was awarded first prize against 331 contestants. The score was 97½ out of a possible 100. I use the United States Cream Separator and have always found it extremely satisfactory. The U. S. always does first-class work and produces a cream that is unexcelled."
March 16, 1916. O. E. BRADWAY, Monson, Mass.

First Premiums on Butter Nine Successive Years at Maine State Fair.

"Besides First Premium nine successive years at Bangor State Fair on best display of butter and First on prints and fancy moulds, we have won many other premiums, among them one at the State Dairy Show, also a Diploma from the National Dairy Show. We think this speaks well for the U. S. Cream Separator."
December 17, 1916. Mr. and Mrs. L. H. SAWYER, E. Corinth, Me.

You are in good company if you use the United States Cream Separator. Ask for a demonstration.
