Is our congress going to say that it is only the lives of our boys that are owing to their country in this crisis? Is the something yet more precious that must not be laid on the altar? Is the wealth of our money lords too sacred to be touched without gilt-edged notes, bonds and usury?
Perish the thought! Will red blooded Americans who are ready to give their lives for their country consent to give those lives in defense of the money bags of the Shylocks? Not unless those bags are opened wide to the country's needs.
Two thousand years ago a poor woman dropped into the contribution chest her "mite"—but it was her all. At the same time the rich and powerful gave princely sums, yet the Master Teacher declared her gift to be greater than theirs.
Many a sorrowing mother will be called upon in the days to come for her "mite"—her brave young son. Fathers are asked to surrender the sons upon whom they hoped to lean in the helplessness of age. Are these sacrifices to be made that the miser's hoard may be safe?
Conscript incomes! Conscript wealth wherever found, if necessary, to the prosecution of the war.
Are the plutocrats who have fattened on the public for generations to still be regarded as a "privileged class" when the life of our nation and its people are at stake?
Conscript the incomes! Let the Shylocks lay their wealth where the poor man lays his life.

SOUR STOMACH.

This is a mild form of indigestion, but it is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.
