It's Good To Be Honest And True

ROBERT BURNS.

But, Mr. Honest Man, did you ever have your honesty questioned? A disputed bill, for instance, may be most annoying and may cast shadows on your business reputation unless you can prove it paid.

Your check is infallible proof, and always available. Once you try this method, you will never again be bothered by paying bills in cash.

SEE
"The Witching Hour" at the opera house, Saturday, July 28, 10 and 20 cents.
"The Witching Hour" is in seven parts, with 2,567 super scenes, and is staged with a pretentiousness and withal a refinement, never attempted in any screen production. As an example of the technical detail employed in this production, there are used eight paintings that are valued in excess of \$15,000.00 one Corot, which plays a part in the production upon which a valuation of \$5,000.00 was placed, was loaned to the Frohman Amusement Corporation by a famous art gallery in New York. "The Witching Hour" deals essentially with the "mystic" matter, and with telepathic influences that operate for good or for evil. It has been said of "The Witching Hour" that it is the only production which all men and women will enjoy from the same standpoint and derive exactly the same mental and moral benefits. Opera house, Saturday, July 28.

CORN MACHINERY

The Agricultural College of Nebraska shows corn fodder cut and cured at right time carried 012 per cent fat or as much nutrient as prairie hay, sorghum or millet, almost as much feed value as alfalfa hay. You can sell your alfalfa hay from \$14.00 to \$16.00 per ton, prairie hay \$8.00 to \$12.00. I would advise cutting your corn fodder and save your hay.

Having bought several Deering corn binders early, can save you \$10.00 to \$15.00 by placing your order now. It is the only binder made that will cut and bind all sizes of corn. Can see samples at my store.

Can furnish you with two and four rolls shredders that will shuck and shred your corn that a six and eight horse power gas engine will run.
