### SHERMAN COUNTY WOMEN ORGANIZE.

That the women of Sherman County are not to be out done by the men has been demonstrated once more. Every one knows in a general way the nature and purpose of the Council of National Defense, a branch of which was organized here some time ago. The Council of National Defense, however, is an organization of men only. No opportunity was given the patriotic women to demonstrate their ability and patriotism. Therefore the Woman's Committee of the Council of National Defense was formed, and women were asked to organize county committees in each county.

Mrs. E. M. Steen was appointed chairman for Sherman County by the Sherman County Council of National Defense, and she at once called a mass meeting of the women of the county for the purpose of organization. This meeting was held in the courthouse on last Thursday afternoon and was well attended. An organization was effected, and the following officers were elected: Mrs. A. S. Main, vice chairman; Mrs. Lamont L. Stephens, secretary; Mrs. C. C. Cooper, treasurer.

A chairman for each township in the county was also elected. Each township chairman will be expected to take charge of the work of the committee in her township. She will call meetings, and will appoint the registrars for her township. The following are the township chairmen: Ashton, Miss Clara Polski; Clay, Mrs. Clarence Burt; Rockville, Miss Alice Tanger

The eighth grade periods were fixed the same as the high school periods and is taught by high school teachers. At present the work in this grade shows that the pupils are heartily in favor of this plan.

We wish every parent would come some time throughout the year, come to school a day. Parents are welcomed at all times into any class and we wish to establish a community motto, "Go to School a day." Forget you are grown-ups and come to school, take your place in a class and see how it seems to be a scholar again.

The high school is now offering four courses, the university course or college course, normal training course, commercial course and industrial course. It is interesting to note of the high school students enrolled there are twenty-four registered for typewriting and shorthand, twenty-three for Home Economics and about thirty for manual training. ### PEOPLE SPEAK WELL OF CHAMBERLAIN'S TABLETS.

"I have been selling Chamberlain's Tablets for about two years and heard such good reports from my customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them," writes G. A. McBride, Headford, Ont. If you are troubled with indigestion or constipation give them a trial. They will do you good.
