CHURCH NOTES.

BAPTIST.

The subject Sunday morning will be one of importance to every christian. Young peoples meeting at 6:30.

We had a fine audience last Sunday evening. Rev. John Zimmerman preaching a very interesting sermon which was enjoyed by all present.

On account of stenographers mistake we announced Sunday that the dedicatory service would be postponed, but a letter this week from Rev. Ray E. York of Lincoln, states that Rev. J. D. Collins and Rev. Bancroft of Omaha will be here Oct. 7, for an all day service, as previously announced.

We hope that a good large delegation will go from here to the Nebraska Baptist State convention. The program is the strongest that is possible to arrange. Dr. Trewitt, the leader of the devotional hours is probably the greatest living preacher. At Hastings Oct. 13-19.

There will be no preaching service in the evening on account of union service at the M. E. Church. Let us all go and give Bro. Slocumb a hearty welcome.

Presbyterian.

The subject for the sermon Sunday morning will be: "The Christian's Life-Robe." In the evening, in accordance with our custom, we will dismiss our services and go to the M. E. Church to welcome the new minister. We hope every member of the church will go.

Christian Endeavor will meet at the usual hour. "Home Mission Work Among Immigrants" is the subject, and the Missionary committee will have charge of the program.

Remember that the first Sabbath in October will be Rally Day.

Many Loup City People Fail to Realize The Seriousness. Backache is so deceptive. It comes and goes—keeps you guessing.

Learn the cause—then cure it. Possibly it's weak kidneys. That's why Doan's Kidney Pills are so effective.

They're especially for weak or disordered kidneys. Here's a Loup City case.

Mrs. Mary Lofholm, says: "I had been having some trouble from my kidneys and occasional attacks of backache. Every little cold I caught seemed to settle on my kidneys and made me worse. Two boxes of Doan's Kidney Pills, which I got at Swanson's Drug store, ended the trouble and I haven't been bothered since."

ZEDA THE MODERN BROOM

I must be twice or tripled, swept Ten thousand times or more. Cause you can find me any day in any grocery store.

Here's the Difference

In the ordinary wire broom, the fibre is curved over the shoulder and stitched. You know what happens when the stitching breaks. The fibre flies out and the broom becomes useless.

This cannot possibly happen to ZEDA, The Modern Broom. Here the fibre points straight down in the natural way. As the broom wears shorter you can cut out all the worn and it collects in shape and clean-sweep elasticity. Wonderful patented feature, found only in The Modern Broom, because it "Wears Straight—Lasts Longer." Outlasts two, three and sometimes four ordinary brooms.
