This part of the country was visited with a fine rain Monday night.

During the second week in October the country will be able to correctly gauge the patriotism of its women. Every woman in the country is asked to register, during that week, for whatever services she feels she can render her country in this greatest crisis of its history. We have been used to boasting of the splendid loyalty of our women, and we have always had whereof to boast. Thus far in the present conflict their response to the calls made on them has been spontaneous and most gratifying. But greater demands yet will be made. Their work is in no sense inferior to that of the man, although it may differ very materially from it in the element of thrill. They will be called on to take up and bear woman's age old burden—patient endurance and helpful ministrations. That their response will be even more enthusiastic than it has ever been, there are none who doubt.

BOGS IN 10-20c ADVANCE

Receipts of Sheep and Lambs Liberal, About 35,000 Head—Fat Lambs Slow and Lower—Aged Muttons About Steady—Feeder Lambs in Broad Demand, Tops \$18.25.

Union Stock Yards, South Omaha, Neb., Sept. 25.—The week opens out with the heaviest receipts of cattle in the history of the market. There were 24,000 fresh cattle here, nearly all western rangers, and both packers and feeder buyers started bidding 15c to 20c lower than last week. Cows and heifers suffered fully as much as fat cattle and it was a slow, unevenly lower, all day market.

Hogs Sell 10@20c Higher.

Receipts of hogs were only moderate for a Monday, about 2,500 head, and with a vigorous demand from both local packers and shippers the trade was active as far as it went, with prices around 10@20c higher than Saturday. Tops brought \$18.75 and the bulk of the trading was at \$18.10@18.00.

Sheep and Lambs Lower.

There was a big Monday's run of sheep and lambs today, 35,000 head, and prices were lower all along the line. Aged stock did not show much decline, but fat lambs as well as the feeder grades were slow sellers at declines of 15@25c. Fat lambs brought \$17.50 and feeder lambs \$18.25.

ECONOMY

US.

PARSIMONY

This Fall make your every purchase tell true. Do not confuse parsimony with economy—consider "how good" not "how cheap"—buy clothes that will last and not look the worse for wear; clothes that will not compel additional purchases before the season's end—that is economy. Guide yourself accordingly in everything you buy.

To attain this end, men find

HIGH ART CLOTHES

MADE BY STROUSE & BROTHERS, INC., BALTIMORE, MD.

the logical choice. We show them in styles for every build.

GUS LORENTZ

Mr. Farmer!

Are you going to rent again next year and take a chance on losing another crop. Before you rent again it will pay you to make a trip with me to Deuel county and look over what we have to offer for sale.

Wouldn't you just a little bit rather farm a level piece of ground of your own than a hill farm of somebody else's.

Your ten year-old son can drive a four-horse team hitched to most any kind of a farm implement on level land. Can he do it where you now live? Wouldn't it be more like living if you could farm level land, had straight corn rows, square fields of grain and hay, and had good hard, level roads over which to haul your farm products?

Our wheat this year made from 25 up to as high as 50 bushel per acre, oats from 30 to 80 bushel per acre and we never had better prospects for a big crop of corn than at present.

You can always hear all kinds of tales about any country, no matter how good or how poor, but we want you to come and see our country for yourself, and see what others are doing. You can do the same if you have a little money and a little backbone to go with it.

If you have failed to see the motion pictures of Deuel county scenes that we shown this week at the Daddow opera house you have missed a great treat.

We make a trip to Deuel county every week from Loup City.

Will you join us on the next trip?
