claimed by various officials in the departments at the capitol that Contractor D. Reemer will never be asked, either by Warden Leidigh or the board of public lands and buildings, to sup-ply maintenance for the convicts at the penitentiary. It is quite certain that he will not, at least, until after the decision of the supreme court is ren-dered. The question as to whether or not Beemer is legally appointed by the board is the vital point upon which the court will be called upon to pass. This important question is now pending. For the board to go ahead and force his recognition upon the warden, it is claimed, would be disrespectful, to say the least, to the supreme court. The board of purchase and supplies is furn-ishing goods and provisions to the pen-itentiary and will continue to do so until the decision of the supreme court. This decision may be handed down Wednesday. November 6, and it may, possibly, be delayed for a few days.

Enormous Beet Yields.

The Lincoln Journal correspondent has been gathering information concerning the sugar beet crop in Greeley county this year and can say it is most excellent. "One farmer reports three thirty-ton cars and seven tons over from four acres. This the best yield heard of yet. Several have reported fifteen tons per acre. Complaints are loud and long now as to the refusal of the factory to accept the beets as har-vested, farmers generally thinking that the factory is trying to defer shipments until the weather is cold and thus compel them to care for the beets during the cold weather. Beet Sugar Making Proceeds. The Oxnard Beet Sugar company at Grand Island resumed operations on the 30th, and the factory is running full blast. The same employes who were let out a few days ago, when it was found necessary to stop the manufacture of sugar on account of the unripe condition of the beets, are at their various rosts of duty, and there is a ripe condition of the beets, are at their various posts of duty, and there is a good prospect for a long campaign, without any further breaks. Manager Ferrar states that the recent cold weather has greatly improved the beets. It has stopped their growth and given them an opportunity to gain in saccharine matter. About 2,000 tons are now on hand and more are being rapidly shipped. In the event that no further difficulties are encountered, and none are expected, the production of augur beets will this year be most satisfactory to producers.

SAN FRANCISCO, Nov. 4 .- Theodore Durrant, assistant superintendent of Emanuel Baptist church Sunday school was convicted of the murder of Blanche Lamont, for which he has been on trial since July 22 last. The jury was out twenty minutes and arrived at the verdict on the first ballot. As there was no recommendation of mercy the punishment was fixed at death.

LOCHREN ON PENSIONS.

Caustic Observations by the Commissioner

in His Annual Report. WARRINGTON, Oct. 31. - Commissioner William L. Lochren, of the pension office, in hi-annual report makes several pointed suggestions. Under the head of "Patriotism and Pensions," he says:

"Those who enlisted early and fought the battles of the war were not moved by mercenary considerations, and unless actually disabled did not show the haste in applying for pensions manifested by those who enlisted nearer the close of the war for large bounties and did little actual service, and who are now the noisiest in clamoring for more pensions. As compared with this latter class the real soldiers of the war have been modest in pre-ferring claims for pensions."

The death of many witnesses and the age of claimants has made it quite difficult in many cases lately to obtain proof sufficient for the granting of

Pensions claims allowed during the year, 39,185; denied, 103,555; cases pending, 552,210. The appropriation for the year was \$160,000,000, and there was paid during the year \$138,807,337. The commissioner commends the vigor of the department of justice and of pension examiners in prosecuting dishonest attorneys and others who were engaged in pension frauds. Two hundred and ninety-four persons were convicted during the year for frauds.
