Local News.

Hayden Bros. Dry Goods, Omaha. Window glass at Watkinson's Hardware Store. Lou Williams Jr. returned Friday from Hastings. Editor Brown took a spin in the country last Saturday. The recent fall of snow is a fine thing for the winter wheat and rye. Those who are indebted to me for twine or otherwise please call and settle at once as I need the money due me. T. M. REED. ONION SEED! Orders taken now for onion seed at prices that cannot be made in the spring at Watkinson's Hardware Store. W. D. French is nursing a couple of boils this week. Bill says the old adage may be true but he would rather have the five dollars. The lakes above town on the upper side of the canal afford a good skating pond for those who delight to indulge in that kind of pleasure. GRIPPY COLDS.—Grippy colds are epidemic and are promptly "broken up" by "77," Dr. Humphrey's Specific for colds and gripple. For sale by all druggists. Mr. C. L. Drake was out early Monday morning with his famous Iron Grey and cutter spinning up and down our main thoroughfare. The best snow fall we have had in this section for two years past, fell here last Sunday and the people of the town and vicinity are enjoying the pleasure of sleigh riding. We learn that Miss Thomas, from St. Paul, has been engaged to teach school in the Sutton district. She arrived last Saturday and will commence her duties in the school room this week. Wilber Wait has been employed to teach W. H. Kennedy's school, the grammar department, for a month. Mr. Kennedy is laid up with rheumatism and at times is not able to get around. Several skating parties have already tried the strength of the ice. Skating seems to be a pleasure much enjoyed by all who indulge in the sport. Ye editor and family enjoyed a fine Thanksgiving dinner at the home of Mr. and Mrs. T. S. Nightingale yesterday. Turkey and all the good things of the season was served. Bob Young and Walt McNulty returned last Saturday from Kansas where they went to seek employment. They obtained several days work but report light wages and work scarce. John H. Traylor reports having been caught in a railroad wreck while going to Omaha last week. The engine got pretty badly wrecked but no damage to passenger coaches or injury to passengers is reported. Jacob Winkleman and Miss Mary Osterman were married at the residence of the groom's parents in this city, Thursday, Nov. 28, Judge Hunter officiating. The NORTHWESTERN wishes them a pleasant voyage over the sea of time. James Johansen was out gunning last Monday and had success enough to bag nine cotton tail rabbits in one-half day. He tried it again the next day and got several more, two of which he presented to us, consequently we had fried rabbit for supper. Peter McKeon, of Bristol township, and Geo. Newberg, of Hazard, who tied in the vote for supervisor of district No. 6 were at the county seat one day last week for the purpose of settling the question as to who should represent the district for the next two years. The matter was decided by a draw which resulted in favor of McKeon. We acknowledge an invitation from Stephen Gray, the head manager at A. Foltz's Round Front livery barn, to take a sleigh ride last Monday. We availed ourselves of the opportunity and consequently myself and family took a spin through the streets of the city behind his spirited animals. Thanks Mr. and Mrs. W. T. Draper, of Elm township, departed last Thursday for Greenfield, Iowa where we understand he will take charge of a harness shop. Mr. Draper has rented his farm in Sherman county and will doubtless make his home in Iowa for some time to come. The NORTHWESTERN wishes for Mr. Draper success in his chosen vocation.

Boots and shoes at Henry Dollings. J. A. Ainger was doing business at the county seat last Wednesday. In Loup county the republicans elected five officers out of eight, a gain of four. For Farms wagons, carriages, buggies and road wagons. We are headquarters. W. P. REED. We are informed that a series of M. E. protracted meetings will open next week in the new school house near Jerry Shettlers in the west part of the county. Mr. Kirk, living on the old John Nutter farm has two children down with typhoid fever. Mr. Kirk lost his wife a short time ago with the same disease. Thomas Johnson's residence came near going up in smoke this morning it having caught on fire between the ceiling and the rafters from the stove pipe which evidently got hot enough to ignite the wood, there being no chimney. James Depew is improving the property which he purchased of A. Foltz last week by putting up a building on it. Billy Naville is helping him with the carpenter work. Depew is going to put up another building soon but doesn't want the kind mentioned. Mr. Chas. Snyder from Virdurette was doing business at the county seat last Tuesday. He says that he has been in this county for 16 years and that the prospects for a good crop next season are as good if not better than any year he has experienced here. Thanksgiving day was indeed a holiday for the school children. Each sought amusement in various ways early in the morning a number of the large girls were seen with their skates over their shoulders going out to improve the opportunity for a good time on the ice. Judge Bent wishes us to say to those who have accounts against the Story estate to call on him at his office and get their money. Mr. Story was the gentleman who ran the Loup City Creamery and while in the occupation took sick and died at the St. Elmo Hotel. A daughter was born to Mr. and Mrs. A. B. Outhouse Wednesday. This is the fourth daughter in the family and it is said that A. B. is already wondering how often the styles of hats and dresses will change when they get grown up and whether or not his income will be sufficient to meet all demands. Mr. Dave Depew and Miss May Conner, two of Sherman county's highly-respected young citizens were married at the residence of Rev. Miller in this city on Wednesday, November 27, 1895, Rev. Miller officiating. The NORTHWESTERN joins their many friends in wishing them a happy and prosperous future. The livery men of the town were out with their bells and cutters in the most approved style last Monday, but the style they displayed was completely outdone by Mr. DeLoyster, of Wiggle creek, who it seems brought with him a teaming set of sleigh bells from the old country. His horse was decorated in a manner that attracted much attention. At the last meeting of the German Society held in the Watkinson Hall, the following officers were elected for the ensuing year. President, Jacob Albers; Vice-president, Herman Jung; Secretary, John Ohlson; Finance Secretary, John Jens; Treasurer, C. J. Odendahl; Trustee, Herman Johansen. We understand that the meetings hereafter will be held in the Walworth hall. The Thanksgiving dance which was given in the opera house by the Johansen Brothers was the best and largest attended ball given at this place this season. The hall was crowded and the receipts correspondingly large. Perfect order was maintained throughout the evening and the dance was conducted in a manner that pleased everyone. The Johansen Brothers are establishing quite a reputation in that direction. The school houses in district 65 and 15 on the south side were entered by a tramp Thursday night. The teacher in No. 65, Bert Hedglin, had left his watch in the building and the fellow appropriated it. The contents of the other school house were left in considerable confusion, but nothing was stolen. A close watch is being kept for the thief, and it is hoped that he may be apprehended.—St. Paul Republican.

Some unknown person here has been small enough to report Mr. Chas. Riedel to the government officials, charging him with the offense of manufacturing wines and liquors, which charge has caused him considerable trouble and expense. The fact that Mr. Riedel has been experimenting with several articles of produce for some time past for the purpose of seeing what could be done in that line has been generally known by the public, and from the first he has made no secret of the matter. He has simply been experimenting as above stated. The particular charge made which has cost him so much trouble is that he took five bushels of sugar beets and made therefrom two gallons of beet brandy. Mr. Riedel frankly owns that he has tried this experiment, and if he has committed a wrong in the eyes of the law proposes to settle the matter by putting up any reasonable sum of money that may be exacted by the proper government authorities. All good citizens here sympathize with him in his misfortune as they are confident that no wrong was intended on his part. The fact that he did not try to keep it a secret and that he told many of the citizens here of his experiments is conclusive evidence of his innocence regarding any intent to commit an offense. He has been known as one of the best citizens of Sherman county during his long residence here, and his many warm friends will do what they can to help him out of the difficulty. High School Notes. Loup City school pupils were well entertained Friday morning by a hard examination and one that pleased all. The Prof. seeing that they all liked it and that there was yet one study in each grade, embraced them again Monday morning. This they did not like so well, as all imagined themselves in a most northern region near the equator. Miss Lou Rosseter is very ill, has been confined to the house since Thursday eve, week. A light snow Sunday made much sport for the boys and some of the girls. All who forgot to wash their faces before coming to school had them washed on arriving. Mr. Kennedy being unable to teach at present, Wilber Waite has taken his place for the next four weeks. He is well liked by all the pupils of his room. Richard O'Bryan has been absent for the last three or four days—which we suppose is owing to the sleighing. We are always pleased to see anyone who wishes to call on us. "ROXANA." A TENTION

Some Merchants

angle for trade just as boys catch fish. They have showy bait (prizes), but underneath are sharp barbs (cheap goods) which in the long run costs the unsuspecting customer dearly. This is not our method. When you call on us we do not try to make you think that you are getting something for nothing but we sell you the best goods we can buy, at the LOWEST possible price.

FLOUR!

We are still handling the world-renowned Washburn Crosby Company flour (which by the way, is ground in Minneapolis, Minnesota) which has given our customers excellent satisfaction every time. Read what Washburn Crosby Company say in regard to it: "There's as much difference in the flour of some mills, as there is between an old windmill and the most modern milling plant in the world. Such are the famous mills of Washburn Crosby Company, in Minneapolis, Minnesota, U. S. A., having a capacity of 13,500 barrels daily. Equipped with the very latest improved machinery for grinding the celebrated, "No. 1 Hard" wheat of Minnesota and Dakota, their well known "Superlative" and "Gold Medal" brands, are recognized as the standard of high grade flours where ever they are used."

"This flour contains a large percentage of the gluten of wheat, and a very small proportion of starch, and for this reason bread made from it, does not become dry and tasteless but retains the sweet flavor of the flour, and will keep moist for several days."

"See that the firm name, Washburn Crosby Company is on every barrel, or sack of flour you buy, to insure your having the genuine article."

We also handle the Crete, Neb. flour, which as every one knows, is the best made in this state.

SHOES!

Leather took the lead of sugar in making an advance, but we will sell shoes at the old prices for some time, though they will probably advance slightly before long. We handle Bradley & Metcalf's famous shoes which are guaranteed to be as represented or your money refunded.

CANNED GOODS DRIED FRUITS.

Table with 2 columns: Canned Goods and Dried Fruits. Canned goods are yet quite low and will probably remain so for some time. A few prices will tell the tale. Cal. Table Peaches, per can, .20. " Pears " " .20. " Apricots " " .15. " Grapes " " .15. " G. Gages " " .15. " Egg Plumes " " .15. The dried fruit market is much the same with little chance of an advance for some time. Prices are never amiss: Cal. dried Peaches, per lb. .15. " " " " " .10. " Pears " " .10. " Apricots " " .10. " Grapes " " .05. " Raisins " " .10. " Plums " " .10. " Grapes " " .05.

SMOKED MEAT.

We handle all kinds of smoked and salt meats of the very best Armour-Cudahy Packing.

Everything in General.

We are still headquarters for Crockery, Queensware, Glassware, and have just received a large stock of the famous Columbia ware which is at present so much the rage.

We receive fresh groceries every week and can guarantee the best on the market. We keep all kinds of bulk coffee at 12 1/2 cts., 17 1/2 cts., 25 cts., 35 cts., and all package coffee at two packages for 45 cts.

FINALLY.

When you call on us don't forget to bring your money purse along, for its cash we need, no matter whether its gold, silver or currency; we are not orthodox on the money question just so we are paid cash that's all we care for.

Yours for Trade, CHAS. GASTEYER.
